From Augustine to Gregory the Great Robert Austin Markus, 1983 *From Augustine to Gregory the Great* R.A. Markus, 1997 The Limits of Ancient Christianity Robert Austin Markus, 1999 Sixteen essays explore the end of ancient Christianity **The End of Ancient Christianity** R. A. Markus, Robert Austin Markus, 1990 Examines the nature of the changes that transformed the Christian world from the fourth to the end of the sixth century **Church and Society in Late Antique Italy and Beyond** Claire Sotinel, 2023-05-31 The papers presented here explore in various ways the interactions between clerics and the society in which Christian churches put down roots in Late Antiquity Some of these complex processes involved in the christianization of the Late Roman world form the theme of the first three sections Amongst other aspects the essays in these sections examine the Three Chapters controversy and the participation of lay and clerical protagonists in it the social standing of Italian bishops including their use of lay personnel and their economic impact and a comparison of pagan and Christian places of worship The essays included in the last section deal with communication in Late Antiquity They present the first results of a long term project on the changing role of information during the last centuries of the Roman world Eight papers in the volume are published in English for the first time Christianity and Roman Society Gillian Clark, 2004-12-13 Early Christianity in the context of Roman society raises important questions for historians sociologists of religion and theologians alike This work explores the differing perspectives arising from a changing social and academic culture Key issues concerning early Christianity are addressed such as how early Christian accounts of pagans Jews and heretics can be challenged and the degree to which Christian groups offered support to their members and to those in need The work examines how non Christians reacted to the spectacle of martyrdom and to Christian reverence for relics Questions are also raised about why some Christians encouraged others to abandon wealth status and gender roles for extreme ascetic lifestyles and about whether Christian preachers trained in classical culture offered moral education to all or only to the social elite The interdisciplinary and thematic approach offers the student of early Christianity a comprehensive treatment of its role and influence in Roman society *Ancient African Christianity* David E. Wilhite, 2017-07-14 Christianity spread across North Africa early and it remained there as a powerful force much longer than anticipated While this African form of Christianity largely shared the Latin language and Roman culture of the wider empire it also represented a unique tradition that was shaped by its context Ancient African Christianity attempts to tell the story of Christianity in Africa from its inception to its eventual disappearance Well known writers such as Tertullian Cyprian and Augustine are studied in light of their African identity and this tradition is explored in all its various expressions This book is ideal for all students of African Christianity and also a key introduction for anyone wanting to know more about the history religion and philosophy of these early influential Christians whose impact has extended far beyond the African landscape **A Companion to Augustine** Mark Vessey, 2015-05-26 A Companion to Augustine presents a fresh collection of scholarship by leading academics with a

The Donatist Church in an Apocalyptic Age Jesse A. Hoover,2018-05-25 The Donatist Church in an Apocalyptic Age examines an apocalypse that never happened seen through the eyes of a dissident church that no longer exists Jesse A Hoover considers Donatists members of an ecclesiastical communion that for a brief moment formed the majority church in Roman North Africa modern Tunisia Algeria and Libya before fading away sometime between the fifth and seventh centuries Hoover studies how Donatists perceived the end of the world to offer a glimpse into the inner life of the dissident communion what it valued whom it feared and how it defined its place in history while on the cusp of history s end By recovering these appeals to apocalyptic themes in surviving Donatist writings this study uncovers a significant element within the dissident movement s self perception that has so far gone unexamined In contrast to previous assessments it argues that such eschatological expectations are not out of sync with the wider world of Latin Christianity in late antiquity and that they functioned as an effective polemical strategy designed to counter their opponents claim to be the true church in North Africa

Saints' Lives and the Rhetoric of Gender John Kitchen, 1998-08-13 Medieval

lives of female saints have attracted wide attention in recent years. Some scholars have argued that such texts reveal a distinctive form of female sanctity which only female hagiographers managed to properly articulate and important writings have been attributed to female authors on that assumption. In this revisionist work John Kitchen tests such claims through a close examination of several texts lives of both male and female saints by authors of both sexes from sixth century France. He argues that sometimes the authentic voice of the female writer or saint sounds emphatically male. This study gives examples of how both male and female authors sometimes depicted holy women talking acting or even dressing like their male counterparts. Ultimately the author aims to cast doubt on the assumption that male authors were ignorant of or hostile toward certain specifically female concerns. By the same token Kitchen's work raises serious methodological problems with the gender approach to the hagiographic literature of the early Middle Ages.
