From Mud To House:

iVillager Abba Gony Mustafa, 2018-11-27 It has taken me a thirty year journey from my dusty village Kokoland to reach America the land of Uncle Sam Both Kokoland and America belong to planet Earth but they are two different worlds and neither one knows about the existence of the other Few people in my village have the slightest clue about life in America To them the village might as well be the center of the universe I m one of few lucky or unlucky ones depending on how you look at it who happened to miraculously have had the opportunity to live in both worlds It goes without saying that I can also speak with confidence that my level of confusion is unparalleled as you will find in this book Once I had confused Elvis Presley the King for Yuri Gagarin the Russian Astronaut In fact there are people in Kokoland who still believe so What difference will that make anyway when folks still believe that the Earth is flat Gas Geochemistry: New Progresses and Applications Giovanni Martinelli, Francesco Italiano, Yunpeng Wang, Guodong Zheng, 2022-07-04 **Mudgirls Manifesto** The Mudgirls Natural Building Collective, 2018-06-05 Building a Revolution one handful at a time In the face of widespread burnout and a world gone crazy how do we find things to say yes to rather than a resounding no On North America s West Coast there s a group of rebel women who ten years ago chose to break free from a rigged economic and social system They didn t take to the streets to lobby banks and governments to change their ways they didn t have time for that They had babies to feed and house They reckoned that if nobody else was going to change the rules to support basic human needs and respect the biosphere then we are all free to make our own rules They chose action They decided to teach themselves how to build houses using the most abundant material on earth mud They d learn by building gathering skills and allies They d have fun sharing whatever they learned with whoever wanted to come along for the ride The Mudgirls revolution was born Part story of rebel women grassroots self governance and community building part incendiary political and economic tract and part practical guide to building natural homes for real people Mudgirls Manifesto is about respecting the earth each other and crafting meaningful lives A powerful positive antidote to troubled times Magyar, Stars & Stripes Michael Lipiner, 2005-05-20 Magyar Stars Stripes strikingly recounts a Hungarian Jewish family s history of love affection persecution and injustice It tells about their close kinship and heart wrenching experiences in labor and concentration camps The book chronicles Alexander Taub s life from a playful childhood to a young adulthood shattered within a labor camp in Schachendorf Austria Every day is a new battle to survive amid countless bodies He makes a daring escape and finds compassion in people who offer food and clothing Rebuilding the ashes of his family Taub takes us on an extraordinary journey to Manhattan where he and surviving family members eventually become successful entrepreneurs He uses street smarts and intuition to make his fortune but still remains an enigmatic figure building a brick wall to contend with the great losses in his life While giving historical accounts and sufficient background information of these different periods the author often transcribes verbatim his grandfather s broken English to illustrate the man s unique style and humorous outlook on life
