From Clermont To Jerusalem:

Women, Crusading and the Holy Land in Historical Narrative Natasha R. Hodgson, 2007 Women's role in crusades and crusading examined through a close investigation of the narratives in which they appear Narratives of crusading have often been overlooked as a source for the history of women because of their focus on martial events and perceptions about women inhibiting the recruitment and progress of crusading armies Yet women consistently appeared in the histories of crusade and settlement performing a variety of roles While some were vilified as useless mouths or prostitutes others undertook menial tasks for the army went on crusade with retinues of their own knights and rose to political prominence in the Levant and the West This book compares perceptions of women from a wide range of historical narratives including those eyewitness accounts lay histories and monastic chronicles that pertained to major crusade expeditions and the settler society in the Holy Land It addresses how authors used events involving women and stereotypes based on gender family role and social status in writing their histories how they blended historia and fabula speculated on women's motivations and occasionally granted them a literary voice in order to connect with their audience impart moral advice and justify the crusade ideal Dr NATASHA R HODGSON teaches at Nottingham Trent University

The First Crusade Thomas Asbridge, 2012-01-26 A nuanced and sophisticated analysis Exhilarating Sunday Telegraph Nine hundred years ago one of the most controversial episodes in Christian history was initiated The Pope stated that in spite of the apparently pacifist message of the New Testament God actually wanted European knights to wage a fierce and bloody war against Islam and recapture Jerusalem Thus was the First Crusade born Focusing on the characters that drove this extraordinary campaign this fascinating period of history is recreated through awe inspiring and often barbaric tales of bold adventure while at the same time providing significant insights into early medieval society morality and mentality The First Crusade marked a watershed in relations between Islam and the West a conflict that set these two world religions on a course towards deep seated animosity and enduring enmity The chilling reverberations of this earth shattering clash still echo in the world today Asbridge balances persuasive analysis with a flair for conveying with dramatic power the crusaders plight Financial Times

From Clermont to Jerusalem Alan V. Murray, 1998

Crusading and the Crusader States Andrew Jotischky, 2017-02-17 Crusading and the Crusader States follows the progress of the major crusading expeditions offers insights into their continuing failure and charts the development of new attitudes towards Islam and its followers This new edition takes into account the wealth of rich and varied recent research to demonstrate that crusading should be seen as central to the European experience in the Middle Ages and engages in the key historiographical debates of the past decade This includes new research on how crusades were formed the political culture networks liturgies and crusading culture in the East It is essential reading for all students of the Crusades and medieval history

The Social Structure of the First Crusade Conor Kostick, 2008-05-31 The First Crusade 1096-1099 was an extraordinary undertaking Because the repercussions of that expedition have rippled on down the

centuries there has been an enormous literature on the subject Yet unlike so many other areas of medieval history until now the First Crusade has failed to attract the attention of historians interested in social dynamics This book is the first to examine the sociology of the sources in order to provide a detailed analysis of the various social classes which participated in the expedition and the tensions between them In doing so it offers a fresh approach to the many debates surrounding the subject of the First Crusade **Anglo-Norman Studies XXXVIII** Elisabeth M. C. van Houts, 2016 Turold Wadard and Vitalis Why Are They on the Bayeux Tapestry In the Shadow of a Giant Steven E. J. Daly, 2023-11-17 David a name mentioned nearly a thousand times in the Bible Shepherd boy musician singer songwriter prophet and king and part time priest husband and father and a God gifted genius at close hand to hand combat An extraordinary man This close reading of the life of David all the way from where teenage David is first introduced 1 Sam 16 to his death 1 Kgs 2 gives an opportunity to see the wonderful the awful and the shockingly ugly elements of his life There are some difficult texts and difficult lessons Significant matters arise such as the nature of prayer the importance of forgiveness abuse the nature of leadership death and enemies understanding patriarchy in biblical texts spiritual gifts and evil spirits Readers will discover that these texts speak loudly and clearly to the issues of our day Beginning with the Former Prophets 1 and 2 Samuel 1 Kings for the narrator's point of view this book also examines the Psalms to give an understanding of what was happening for David on the inside Undertaken as a devotional exercise the aim of these studies is always that of seeing Jesus more clearly and living more securely in the shadow of his wing **The Middle Ages from Gregory VII, 1049, to Boniface VIII, 1294** Philip Schaff, 1907 *An Armenian Mediterranean* Kathryn Babayan, Michael Pifer, 2018-05-07 This book rethinks the Armenian people as significant actors in the context of Mediterranean and global history Spanning a millennium of cross cultural interaction and exchange across the Mediterranean world essays move between connected histories frontier studies comparative literature and discussions of trauma memory diaspora and visual culture Contributors dismantle narrow national ways of understanding Armenian literature propose new frameworks for mapping the post Ottoman Mediterranean world and navigate the challenges of writing national history in a globalized age A century after the Armenian genocide this book reimagines the borders of the Armenian pointing to a fresh vision for the field of Armenian studies that is omnivorously comparative deeply interconnected and rich with possibility **God's War** Christopher Tyerman, 2007-10-04 Wonderfully written and characteristically brilliant Peter Frankopan author of *The Silk Roads* Elegant readable an impressive synthesis Not many historians could have done it Jonathan Sumption Spectator Tyerman's book is fascinating not just for what it has to tell us about the Crusades but for the mirror it holds up to today's religious extremism Tom Holland Spectator Thousands left their homelands in the Middle Ages to fight wars abroad But how did the Crusades actually happen From recruitment propaganda to raising money ships to siege engines medicine to the power of prayer this vivid surprising history shows holy war and medieval society in a new light **The Crusades, The Kingdom of Sicily, and the Mediterranean** James M.

Powell,2023-05-09 In this collection of studies by James M Powell two related centres of attention can be seen One is the campaigns undertaken by western Europeans in the eastern Mediterranean chiefly in the late twelfth and thirteenth centuries the Crusades the reasons for them and manner in which they were organized and promoted The other is the Kingdom of Sicily under Frederick II himself a Crusader and its society and economy including its Muslim population A characteristic feature is the author s interest in ordinary participants and the attempt to get behind the generalizations of macro historians to the extent that may be possible

Christendom and Christianity in the Middle Ages Adriaan Bredero,1994 This is a print on demand book and is therefore non returnable Though buffeted on all sides by rapid and at times cataclysmic social political and economic change the medieval church was able to make adjustments that kept it from becoming simply a fossil from the past rather than an enduring institution of salvation The dynamic interaction between the medieval church and society gives form to this compelling and well informed study by Adriaan Bredero By considering medieval Christianity in full relation to its historical context Bredero elucidates complex medieval realities many of which run counter to common modern notions about the Middle Ages Bredero moves beyond the usual treatment of history by framing his overall discussion in terms of a fascinating and relevant question To what extent is Christianity today still molded by medieval society The book begins with an overview of religion and the church in medieval society from the early Christianization of Western Europe through the fifteenth century Bredero counters earlier romanticized assessments of the Middle Ages as a thoroughly Christian period by arriving at a definition of Christendom not in its original sense as the empire of Charlemagne but rather as the countries people and matters which stood under the influence of Christ

OCR GCSE History SHP: The First Crusade c1070-1100 Rachel Foster,Kath Goudie,2017-10-23 Exam board OCR Specification B SHP Level GCSE 9 1 Subject History First teaching September 2016 First exams Summer 2018 An OCR endorsed textbook Let SHP successfully steer you through the OCR B specification with an exciting enquiry based series combining best practice teaching methods and worthwhile tasks to develop students historical knowledge and skills b Tackle unfamiliar topics with confidence bThe engaging accessible text covers the content you need for teacher led lessons and independent studybbrbrb Ease the transition to GCSE bStep by step enquiries inspired by best practice in KS3 help to simplify lesson planning and ensure continuous progression within and across unitsbbrbrb Build the knowledge and understanding that students need to succeed bThe scaffolded three part task structure enables students to record reflect on and review their learningbbrbrb Boost student performance b Develop students sense of period bMemorable case studies diagrams infographics and contemporary photos bring fascinating events and people to life

Christianity Philip Kennedy,2011-02-22 The Christian faith has the allegiance of one third of the human race It has succeeded in influencing civilization to such a degree that we now take its existence almost for granted Yet it might all have been so different Christianity began with the words and deeds of an obscure village carpenter s son who died a shameful criminal s death at the hands of the Roman occupiers of his country

itself an insignificant outpost of the powerful ruling Empire The feverish land of biblical Palestine awash with apocalyptic expectations of deliverance from its foreign overlords was hardly short of seers and prophets who claimed to be sent visions from God Yet the followers of this man thought he was different so different in fact that some years after his death and asserted resurrection they scandalously insisted not only that he was sent by God but that he was God Many introductions to Christianity are written by Christians for Christians This elegant textbook by contrast shows that the history of the religion while often glorious is not one of unimpeded progress but something still more remarkable flawed and human [Index Islamicus](#) ,1998 [Crusading at the Edges of Europe](#) Kurt Villads Jensen,2016-10-14 This book is the first to compare Denmark and Portugal systematically in the High Middle Ages and demonstrates how the two countries became strong kingdoms and important powers internationally by their participation in the crusading movement Communication in the Middle Ages was better developed than often assumed and institutions ideas and military technology was exchanged rapidly meaning it was possible to coordinate great military expeditions across the geographical periphery of Western Europe Both Denmark and Portugal were closely connected to the sea and developed strong fleets at the entrance to the Baltic and in the Mediterranean Seas respectively They also both had religious borders to the pagan Wends and to the Muslims that were pushed forward in almost continuous crusades throughout the centuries Crusading at the Edges of Europe follows the major campaigns of the kings and crusaders in Denmark and Portugal and compares war technology and crusading ideology highlighting how the countries learned from each other and became organised for war **War and Religion** Jeffrey M. Shaw Ph.D.,Timothy J. Demy,2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume War and Religion An Encyclopedia of Faith and Conflict provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers **The First Crusade** Edward Peters,1998-06-18 To its contemporaries the first Crusade was a journey and its participants were pilgrims The identifying terminology of Crusade came about nearly a century later In a greatly expanded second edition

Edward Peters brings together primary texts that document 11th century events leading to what we now call the First Crusade The Cambridge Companion to the Literature of the Crusades Anthony Bale,2019-01-03 How were the Crusades and the crusaders narrated described and romanticised by the various communities that experienced or remembered them This Companion provides a critical overview of the diverse and multilingual literary output connected with crusading over the last millennium from the first writings which sought to understand and report on what was happening to contemporary medievalism in which crusading is a potent image of holy war and jihad The chapters show the enduring legacy of the crusaders imagery from the chansons de geste to Walter Scott from Charlemagne to Orlando Bloom Whilst the crusaders hold on Jerusalem was relatively short lived the desire for Jerusalem has had a long afterlife in many cultural contexts and media Beatrice's Last Smile Mark Gregory Pegg,2023 A grand and sweeping narrative of the history of the Middle Ages from the fourth to the sixteenth centuries encompassing the Eurasian landmass from North Africa to the Asian Steppes and Western Europe Mark Gregory Pegg sheds light on how Christianity and Islam evolved out of a shared cultural and religious ferment and what this dynamic exchange meant for the development of the West

Unveiling the Energy of Verbal Art: An Mental Sojourn through **From Clermont To Jerusalem**

In some sort of inundated with screens and the cacophony of quick conversation, the profound energy and mental resonance of verbal art often disappear into obscurity, eclipsed by the constant onslaught of noise and distractions. Yet, situated within the lyrical pages of **From Clermont To Jerusalem**, a fascinating work of literary brilliance that impulses with natural emotions, lies an remarkable journey waiting to be embarked upon.
