Greenstein,2016-08-23 Depicting the Creation of Woman presented a special problem for Renaissance artists The medieval iconography of Eve rising half formed from Adam s side was hardly compatible with their commitment to the naturalistic representation of the human figure At the same time the story of God constructing the first woman from a rib did not offer the kind of dignified affective pictorial narrative that artists patrons and the public prized Jack M Greenstein takes this artistic problem as the point of departure for an iconographic study of this central theme of Christian culture His book shows how the meaning changed along with the form when Lorenzo Ghiberti Andrea Pisano and other Italian sculptors of the

fourteenth and fifteenth centuries revised the traditional composition to accommodate a naturalistically depicted Eve At stake Greenstein argues is the role of the artist and the power of image making in reshaping Renaissance culture and religious thought *From Eve to Esther* Leila Leah Bronner,1994-01-01 This is the first book length attempt to focus on female biblical figures in the ancient rabbinic writings of midrash and Talmud Primary rabbinic sources employed by the author bring new life and insight into the stories of Eve Deborah Hannah Serah bat Asher and others As women and men today attempt to reevaluate past historical models it serves us well to understand the values and inner workings of rabbinic thinking The examination of what the sources actually say and not what others would like them to have said enable reinterpretation of women s role to proceed on an honest and authentic basis Biblical women reclaimed with contemporary midrash can become paradigms for our modern lives *From Eve to Evolution* Kimberly A.
