Parzival and Lohengrin the Argonauts and the Odyssey and the heroic dragon slayer Siegfried From these focal points Rudolf Steiner discusses a variety of themes from the mysteries of the Druids and the founding of Rome to the esoteric background of Wolfram von Eschenbach from good and evil and the unjust death sentence on Socrates to the significance of marriage The second part of this book features lectures on the nature and significance of the musical dramas of Richard Wagner Wagner s works from his earliest attempts to his most mature opera Parsifal are discussed from spiritual viewpoints Although Wagner did not have a fully conscious awareness of the deeper meanings of his compositions Steiner suggests that his shaping of Germanic legends was driven by an instinctive creative and artistic certainty that accords with deep occult truths

Astrological Studies on Reincarnation, Death Horoscopes and the Higher Essence of Rudolf Steiner Roland

Schrapp,2025-01-30 In his Karma lectures of 1924 Rudolf Steiner described earlier incarnations of historical personalities and significant experiences they had in the planetary spheres before their next birth The author explores how these experiences manifest in subsequent birth charts and investigates possible striking similarities between the birth and death charts of successive incarnations This is followed by similar investigations into the members of the first board of the General Anthroposophical Society whose previous incarnations are considered certain The book culminates in an examination of Rudolf Steiner s extraordinary individuality and his relationship with the masters of esoteric Christianity 100 years after Rudolf Steiner s death such insights can now be made public Death and Reincarnation in Tibetan Buddhism Tanya Zivkovic,2013-10-08 Contextualising the seemingly esoteric and exotic aspects of Tibetan Buddhist culture within the everyday embodied and sensual sphere of religious praxis this book centres on the social and religious lives of deceased Tibetan Buddhist lamas It explores how posterior forms corpses relics reincarnations and hagiographical representations extend a lama s trajectory of lives and manipulate biological imperatives of birth and death The book looks closely at previously unexamined figures whose history is relevant to a better understanding of how Tibetan culture navigates its own understanding of reincarnation the veneration of relics and different social roles of different types of practitioners It analyses both the minutiae of everyday interrelations between lamas and their devotees specifically noted in ritual performances and the enactment of lived tradition and the sacred hagiographical conventions that underpin local knowledge A phenomenology of Tibetan Buddhist life the book provides an ethnography of the everyday embodiment of Tibetan Buddhism This unusual approach offers a valuable and a genuine new perspective on Tibetan Buddhist culture and is of interest to researchers in the fields of social cultural anthropology and religious Buddhist and Tibetan studies **The Thirteenth Dalai Lama on the Run (1904-1906)** Sampildondov Chuluun,Uradyn E. Bulag,2013-07-12 In 1904 the Thirteenth Dalai Lama fled from the British invasion of Tibet to Mongolia in search of support from Russia Although the mission failed his extended sojourn in Mongolia marked the beginning of political modernity in both Mongolia and Tibet The Thirteenth Dalai Lama on the Run

1904 1906 is a facsimile collection comprising hitherto unpublished archival documents from Mongolia about this historical episode Written in Mongolian Manchu and Chinese the documents concern the operation of the Mongol princes in hosting the Dalai Lama in Mongolia and the attempts made by the Qing frontier officials to remove him from Mongolia back to Tibet Details of his extensive travels within the country the associated elaborate ritual activities and the great financial costs incurred which were borne by the Mongols come to light for the first time in this publication The documents which are supported by detailed captions are discussed in an in depth introduction *The Encyclopedia Americana* ,1927
