Performance and Regional Integration of the CIS Countries Lev M. Freinkman, Evgeny Polyakov, Carolina Revenco, 2004-01-01 This paper sets out a detailed quantitative analysis based on standard econometric models of the trade trends in the CIS countries focusing on its low income members as well examining the nature of the existing CIS intra bloc trade Findings include that overall progress in the trade area was slower in the low income economies CIS 7 than in the higher income CIS members reflected in lower overall export level and slower export growth a higher trade deficit and a lower share of manufacturing exports On balance the CIS free trade area is a beneficial trade facilitating bloc although the potential benefits of CIS trade integration remain badly underutilised *From Disintegration to Reintegration* Harry G. Broadman, 2006-02-09 As the world marketplace becomes ever more globalized much is at stake for the prosperity of hundreds of millions of people in Europe and Central Asia as the region's transition process continues through its second decade Understanding the underlying dynamics shaping the contours and most salient impacts of international integration that have emerged and likely to emerge prospectively in the region is thus a crucial challenge for the medium term economic development agenda not only for policymakers in the countries on themselves but also for their trading partners the international financial institutions the donor community and the future of the world trading system as a whole This book addresses this challenge Of Openness and Distance Ms. Katrin Elborgh-Woytek, 2003-10-01 This paper analyzes developments in the structure of trade in the Commonwealth of Independent States CIS during the transition decade and finds that it changed less than in other transition economies Trade openness of the CIS increased between 1993 and 1997 but has fallen to a lower level plateau since then owing to regional and country specific factors These include slower progress in transition geographic aspects restrictions on trade governance and corruption problems weak infrastructure lack of regional cooperation and political conflicts Regression results show that trade openness of the CIS countries would likely increase substantially if market oriented reforms were pursued more vigorously **Journal of Economic Literature** ,1993

Russian Currency and Finance Steve H. Hanke, Lars Jonung, Kurt Schuler, 2005-08-18 As the new Russian state struggles with the transition to a market economy the need for radical monetary reform becomes increasingly urgent The choice of reform is crucial for it will largely determine Russia's future economic performance In order to break free of the lingering effects of Soviet central planning the new Russian state needs a stable convertible currency Steve H Hanke Lars Jonung and Kurt Schuler propose that Russia establishes a currency board which would issue a Russian currency fully convertible with international currency backed 100 per cent by international bonds The international community would aid in establishing the currency board by providing the initial reserves Early supplies of this new Russian currency would be distributed free to Russian citizens The authors give detailed explanations of how the currency board could be established and how it would work

Fifty Years After Bretton Woods Miklós Szabó-Pelsőczy, 1996 Based on the Sixth Conference held by the Robert Triffin Szirak Foundation This text debates the adequacy of the approaches currently followed by the international community to support the transition in Central and Eastern Europe and the possible need for complementary initiatives

Economic Policy Issues for the Next Decade Karl Aiginger, G. Hutschenreiter, 2013-03-09 There are several reasons why it has become important to rethink economic policy Out of the European perspective it is the new currency the enlargement towards Central and Eastern European countries the sluggish growth and the end of productivity convergence towards the USA and the insufficient creation of employment From the transatlantic perspective increasing differences in the economic policy and the potential rise of conflicts between Europe and the USA for example in trade competition and health issues are important The current volume touches most but not all of these topics It starts with the overview by Joseph Stiglitz on policy issues Then macroeconomics policy is discussed followed by the problem of an ageing society and European enlargement Differences between Europe and the USA are large in taxation and in the role of public finance The relative competitiveness of countries as well as of Europe will be decided by investments into new technologies and progression towards the Science Based Economy In the final section the role of economists in shaping the economic agenda and giving policy advice is discussed
