For students of economic specialization of Central Asia, studying in Europe and the United States, and the widest range of readers interested in problems of Economics of the Republic of Uzbekistan. This book, *Labour Economics: Theory and Practice*, was presented at the International Conference. This book, *Labour Economics: Theory and Practice*, was presented at the International Conference in 2019 in Tashkent, Uzbekistan, with participation of Government of the Republic of Uzbekistan and Russian Federation, as well as foreign countries Embassies and in particular UK Ambassador in Tashkent, Uzbekistan, Timothy Torlot. As it is known, during 25 years of independence of the Republic of Uzbekistan, scientists and researchers have not had opportunity to exchange research, the latest scientific achievements and developments. Over the past 3 years, new President of Uzbekistan, Shavkat Mirziyoyev, has fundamentally changed his approach to domestic and foreign policy of the country due to which Central Asian region has entered a new stage in development of interactions in cultural and humanitarian cooperation. There arose a necessity of interaction between scientists to deepen cultural and humanitarian cooperation. Academician Kalandar Abdurakhmanov was the first who presented new generation textbook *Labor Economics: Theory and Practice* in Uzbek at international conference and aroused a great interest of international scientific community in this scientific work. As a result, the textbook was firstly translated from Uzbek into Russian, Kazakh, Kyrgyz, Tajik and English. And it is planned to publish the textbook in Chinese, Japanese, Malaysian and Indonesian. It shows that scientists of new generation and format are represented in the Republic of Uzbekistan. In February 2019, the leading academic economist, academician of the Academy of Sciences of the Republic of Uzbekistan, Kalandar Abdurakhmanov, presented the fundamental work in Uzbek language, *Labor Economics: Theory and Practice*, devoted to modern issues of sustainable employment formation and strengthening the role of human resources in modern conditions of innovative development of the economy. During the International Conference, Plekhanov International Readings, a global scientific conference held in Tashkent, Uzbekistan, in 2019, after acquaintance of

the scientific community with this textbook an idea of rector of the Russian Economic University named after G V Plekhanova Victor Grishin to publish the Uzbek textbook Labor Economics Theory and Practice in the Russian Federation in Russian language was put forward It should be noted that the scientific community of a number of Central Asian states also showed their interest in this publication This is due to the fact that the new revised and updated edition of the textbook Labor Economics Theory and practice of academician Kalandar Abdurakhmanov is a fundamental work covering the latest achievements of this science Writing of this textbook is totally a new step in the direction of high qualified personnel training that is full with innovative changes on a global scale The scientific community of a number of foreign countries also showed their interest in the publication as University students in developed countries study the sciences of Labor economics and Modern Labor economics which cover the most modern areas of labor economics theory In the textbook academician Kalandar Abdurakhmanov takes into account all the latest achievements in this discipline The author of the textbook is academician of the Academy of Sciences of the Republic of Uzbekistan Kalandar Abdurakhmanov has extensive experience in this field Scientific monographs textbooks and tutorials of the academician are published in the USA Germany France Norway China Malaysia Indonesia Finland South Korea Japan Russia and other countries Created on the basis of Tashkent State University of Economy and led by it the scientific school Labor Economics is successfully engaged in scientific research on the problems of social and labor relations studying aspects of improving personnel management organizing remuneration improving the mechanism of the labor market employment issues conducting scientific disputes round tables seminars and conferences on these topics with the participation of leading scientists and economists on labor issues of Uzbekistan Priority areas have been approved as part of the activities of the scientific school scientific research for 2020 2021 on the preparation and publication of monographs scientific collections Academician Kalandar Abudrakhmanov has published more than 15 articles in Scopus one of the most respected collections of bibliographic and abstract scientific materials in the world as well as in the Web of Science All this of course explains the great interest in the new textbook with the new economic approaches of academician Kalandar Abdurakhmanov both from scientists from the Central Asian region the Russian Federation and from foreign countries This scientific work embodies ideas that have recently been shared by many domestic and foreign researchers in the field of labor economics The book is written at a high professional level The textbook for the first time disclosed the theoretical aspects of not only Western leading economists but also examined the evolutionary stages of the economic views of Eastern thinkers such as Abu Nasr al Farabi Muhammad Khorezmi Abu Rayhon Biruni Abu Ali ibn Sina Avicenna Khoja Ahmed Yasawi Mirzo Ulugbek Alisher Navoi Amir Temur Babur and many other geniuses not only of Islamic but also of world civilization *Handbook of Labor Economics* Orley Ashenfelter, David Card, 2010-10-27 What factors affect the ways individuals participate in labor markets New Developments and Research on Labor Markets volume 4B proposes answers to this and other questions on important topics of public policy Leading labor economists demonstrate how better

data and advanced experiments help them apply economic theory yielding sharper analyses and conclusions The combinations of these improved empirical findings with new models enable the authors of these chapters to reveal how labor economists are developing new and innovative ways to measure key parameters and test important hypotheses Concentrates on empirical research in specific labor markets including those defined by age gender and race Reveals how questions and answers about these markets have changed and how models measure them Documents how conceptual models and empirical work explain important practical issues
