Macroeconomics and the History of Economic Thought H.M. Krämer, Heinz Kurz, H.-M. Trautwein, 2012-03-29 The essays in this Festschrift have been chosen to honour Harald Hagemann and his scientific work They reflect his main contributions to economic research and his major fields of interest The essays in the first part deal with various aspects within the history of economic thought The second part is about the current state of macroeconomics The essays in the third part of the book cover topics on economic growth and structural dynamics *California's San Joaquin Valley and the Appalachian Region* Tadlock Cowan, 2006 This book undertakes a study of the San Joaquin Valley SJV and a comparison with the Appalachian region The eight county San Joaquin Valley part of California's Central Valley is home to 5 of the 10 most agriculturally productive counties in the United States By a wide range of indicators the SJV is also one of the most economically depressed regions of the United States This book analyses the SJV's counties and statistically documents the basis of current socio economic conditions The book further explores the extent to which the SJV shares similarities with and differs from the Appalachian Regional Commission ARC area and a 68 county Central Appalachian sub region which contains some of the most economically distressed counties in Appalachia The book also examines the role of federal expenditures in the cities and counties of the SJV In addition to examining socio economic conditions in the SJV the book provides analysis of water supply and quality issues especially those concerning agriculture air quality concerns and rail and shipping issues It is fully indexed **Economic Pluralism** Robert F Garnett Jr, Erik Olsen, Martha Starr, 2009-09-10 With contributions from a galaxy of economists including David Colander Robin Hahnel Yanis Varioufakis and Fred Lee this book is an important read and an attempt to break down the varied barriers that have been erected to economic pluralism *Discussing Economics* Michael K. Salemi, W. Lee Hansen, 2005-01-01 Teaching economics is the most important job that economists do Thus it is nice to see a book devoted to teaching written by two economists who have played an important role in advancing the teaching of economics throughout the profession David Colander *Journal of Economic Methodology* **The Australian Economy in the Long Run** Rodney Maddock, Ian W. Committee on Appropriations,1962 **Entrepreneurship in a Regional Context** Michael Fritsch,David Storey,2017-08-17

Enterprise and entrepreneurship is of strong interest to policy makers because new and small firms can be a key contributor

to job and wealth creation However this contribution varies spatially with some areas in a country having new firm formation rates that are up to three or four times higher than others The vast majority of these new firms begin in the geographical area in which the founder lives works or was born emphasising that entrepreneurship is a local event The book documents a diversity of research approaches to examining the regional determinants of entrepreneurship in countries as contrasting as India and Sweden The Editors call is for scholars to better understand the long run factors that influence enterprise at the local and regional level For policy makers the Editors challenge is for them to be much clearer about the targets for their policies Is it new firms new jobs productivity and does it matter where these targets are delivered This book was published as a special issue of *Regional Studies* *The American Economist* ,2004 **Handbook of Defense Economics** Todd Sandler,Keith Hartley,2007-04-12 The second volume of the Handbook of Defense Economics addresses defense needs practices threats and policies in the modern era of globalization This new era concerns the enhanced cross border flows of all kinds e g capital and labor flows revolutionary rhetoric guerrillas and terrorists including the spillovers of benefits and costs associated with public goods and transnational externalities i e uncompensated interdependencies affecting two or more nations These ever increasing flows mean that military armaments and armies are less able to keep out security threats Thus novel defense and security barriers are needed to protect borders that are porous to terrorists pollutants political upheavals and conflicts Even increased trade and financial flows imply novel security challenges and defenses Globalization also underscores the importance of a new set of institutions e g the European Union and global governance networks and agents e g nongovernmental organizations and partnerships This volume addresses the security challenges in this age of globalization where conflicts involve novel tactics new technologies asymmetric warfare different venues and frightening weapons Volume 2 contains topics not covered in volume 1 i e civil wars peacekeeping economic sanctions the econometrics of arms races conversion peace economics and the interface of trade peace and democracy Volume 2 also revisits topics from volume 1 where there has been a significant advancement of knowledge i e conflict analysis terrorism arms races arms trade military manpower and arms industries All of the main securities concerns of today are analyzed Chapters are written by the leading contributors in the topic areas Up to date surveys on the pressing defense issues theoretical empirical and policy issues Coverage of theoretical and empirical studies of terrorism Contributions by the leading researchers in the field of defense economics **Fiscal Policies and Growth in the World Economy** Jacob A. Frenkel,Assaf Razin,1996 Covering a full array of topics in open economy macro and public economics Fiscal Policies and Growth in the World Economy has been thoroughly revised and extended The added material in this new edition includes stochastic rational expectations extensions of the Mundell Fleming model the development of a dynamic optimizing approach of the trade balance and an entirely new part on issues of international economic convergence which also contains a comprehensive policy overview Other chapters have been updated or reorganized and there is a brief guide to solving typical dynamic macro problems along with a printout

of software suitable for numerical simulations A companion diskette containing solutions in dynamic macro problems and some sample programs is available in GAUSS for IBM The exercises and solutions manual by Krueger Ostry and Yuen has also been updated and extended Fiscal Policies and Growth in the World Economy has been used successfully in graduate and senior undergraduate courses in international economics and public finance The objective of this new edition remains the same as before to treat the major topics in macro and public economics using both traditional and modern approaches The traditional approach is first explained from the simple income expenditure model to the more advanced stochastic Mundell Fleming model The modern intertemporal approach is then presented starting with the simple two period model and extending it to a full fledged dynamic model Other sections review recent developments in the world economy government spending budget deficits and differences across international taxation and economic growth in the world economy especially the convergence of income and growth levels across countries Dictionary of Ecological Economics Brent M. Haddad, Barry D. Solomon, 2023-02-14 This comprehensive Dictionary brings together an extensive range of definitive terms in ecological economics Assembling contributions from distinguished scholars it provides an intellectual map to this evolving subject ranging from the practical to the philosophical
