Economics Of International Security Essays In Honour Of Jan Tinbergen:

The Economics of International Security Manas Chatterji, Henk Jager, Annemarie Rima, 2016-07-27 The objective of this book is to present an integrated set of original papers from leading authorities in the field related to optimal balance between arms reduction and regional and international security The emphasis is on economics and management rather than politics and diplomacy

Research Handbook on Economic Sanctions van Bergeijk, Peter A.G., 2021-12-10 Peter van Bergeijk brings together 40 leading experts from all continents to analyze state of the art data covering the sharp increase in smart sanctions in the last decade Original chapters provide detailed analyses on the determinants of sanction success and failure complemented with research on the impact of sanctions

Ibss: Political Science: 1994 British Library of Political and Economic Science at the London School of Economics, 1995-12-08 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Leading Contemporary Economists Steven Pressman, 2008-10-01 This book describes the important contributions of several contemporary economic figures including recent Nobel Laureates Describing their work and putting it into an historical perspective these chapters explain how their work constitutes a major contribution to the discipline of economics and how it has broadened economic science Co Editor of *U.S. Foreign Policy and the UN System* Frances K. Scott, 1995

Special Bibliography Series, 1957

The impact of regional investment interaction on economic growth potential of the Russian Federation KONSTANTIN POZDNYAKOV, The purpose of the monography is to elaborate the concept of the development of inter regional investment cooperation by identifying the trends and features of its impact on the economic growth potential of the macro region The monography consists of the introduction three chapters conclusion and applications as well as a list of references The first chapter substantiates theoretical approaches to the essence conditions and factors of regional development and the content of interregional investment cooperation in the current socio economic conditions analyzes the features of institutional design and the mechanisms for regulating regional cooperation for economic growth and development purposes taking into account the Russian and foreign experience on the example of the European Union The second chapter basing on the economic analysis identifies the trends in the development of the regions of the Central Federal District of the Russian Federation in terms of emerging macro regions A model has been proposed to assess the extent of the region s economy s involvement in inter regional relations which would allow to determine the dependence of variables such as interregional exchange investment and gross regional product Using mathematical modeling tools the impact of these factors on the growth of the gross regional product of the Central Federal District of Russia as well as its two regions Moscow and Belgorod region was evaluated The third chapter identifies the prospects for the development of inter regional investment cooperation in the Central Black Earth macro region of the Central Federal District of the Russian Federation The concept of developing inter regional investment cooperation in

the macro region within the framework of the creation of a network of territories ahead of socio economic development PSEDA has been developed The mechanism of inter regional investment cooperation in the framework of the creation and development of the territories ahead of socio economic development PSEDA has been adapted in order to form the points of economic growth in the macro region The main text of the monography is laid out on 234 pages and is illustrated with 21 drawings and 40 tables The monography contains 4 applications The references list includes 144 units

Ahead of the Curve? Louis Emmerij, Richard Jolly, Thomas G. Weiss, 2001-07-22 Ideas and concepts are arguably the most important legacy of the United Nations Ahead of the Curve analyzes the evolution of key ideas and concepts about international economic and social development born or nurtured refined or applied under UN auspices since 1945 The authors evaluate the policy ideas coming from UN organizations and scholars in relation to such critical issues as decolonization sustainable development structural adjustment basic needs human rights women world employment the transition of the Eastern bloc the role of nongovernmental organizations and global governance The authors find that in many instances UN ideas about how to tackle problems of global import were sound and far sighted although they often fell on the deaf ears of powerful member states until it was apparent that a different approach was needed The authors also identify important areas where the UN has not stood constructively at the fore

The Legacy of John Kenneth Galbraith STEVEN PRESSMAN, 2013-10-18 When John Kenneth Galbraith passed away on April 29 2006 the economics profession lost one of its true giants And this is not just because Galbraith was an imposing figure at 6 feet 9 inches tall Throughout his life Galbraith advised Presidents made important professional contributions to the discipline of economics and also tried to explain economic ideas to the general public This volume pays tribute to Galbraith's life and career by explaining some of his major contributions to the canon of economic ideas The papers describe the series of unique contributions that Galbraith made in many different areas He was a founder of the Post Keynesian view of money and a proponent of the Post Keynesian view that price controls were necessary to deal with the problem of inflation in a modern economy where large firms already control prices and prices are not determined by the market He promulgated the view that firms manipulate individual preferences and tastes through advertising and other means of persuasion and he drew out the economic implications of this view He was a student of financial frauds and euphoria and a forerunner of the Post Keynesian Minskian view of finance and how financial markets really work This book was published as a special issue of the Review of Political Economy

Russian Trade Policy Sergei Sutyrin, Olga Y. Trofimenko, Alexandra Koval, 2019-05-28 This book reveals the key trends in the modern Russian trade policy to provide a deeper understanding of the main challenges and barriers possible paths and opportunities in its development An international team of authors investigates specific factors influencing the Russian trade policy evolution recent trends in Russia's international trade development and the impact of Russia's participation in the World Trade Organization on the domestic economy Particular attention is paid to regional integration processes that involve Russia and their outcomes as

well as challenges in the remaining and building commercial relations with Russia's traditional and new trade partners taking into consideration those alienating the West and economic sanctions regimes. The analysis of key trends is combined with a special focus on selected industries and economic partners of Russia. The book contains a variety of case studies investigating the ways in which political and business actors adapt to the transformation of Russian trade policy, how Russia participates in the WTO dispute settlement mechanism and what the driving forces and outputs are for the national economic agents. Finally, the authors consider what the reasonable expectations might be regarding the future prospects of Russian trade policy. The book presents a unique comprehensive and multidimensional analysis of modern Russian trade policy. Filling an important gap in the existing literature, this book will be of value to all those interested in Russia's economic development path.

The Economics of John Kenneth Galbraith Stephen P. Dunn, 2010-11-11. The recent financial crisis has once again seen John Kenneth Galbraith return to the bestseller lists. Yet despite the continued popular success of his works, Galbraith's contribution to economic theory is rarely recognized by today's economists. This book redresses the balance by providing an introductory and sympathetic discussion of Galbraith's theoretical contributions, introducing the reader to his economics and his broader vision of the economic process. The book highlights and explains key features of Galbraith's economic thought, including his penetrating critique of society, his distinctive methodology, his specific brand of Keynesianism, and his original but largely ignored contribution to the theory of the firm. It also presents for the first time a detailed examination of Galbraith's monetary economics and revisits his analysis of financial euphoria. This unique work seeks to rehabilitate Galbraith's contribution, setting out several directions for possible future research in the Galbraithian tradition.

Muslim Europe or Euro-Islam Manuel Castells, Nezar AlSayyad, 2002-04-03. Five centuries after the expulsion of Muslims and Jews from Spain, Europe is once again becoming a land of Islam. At the beginning of a new millennium and in an era marked as one of globalization, Europe continues to wrestle with the issue of national identity, especially in the context of its Muslim citizens. Muslim Europe or Euro-Islam brings together distinguished scholars from Europe, the United States, and the Middle East in a dynamic discussion about the Muslim populations living in Europe and about Europe's role in framing Islam today. The book raises several crucial questions: Does Islam offer a special case for citizenship? Is assimilation or multiculturalism the model to be followed in the case of Muslims in Europe? How powerful a force is Islam in determining identity? And why is Islam, after centuries of being a presence in Europe, not considered a European religion? Working at the knotty intersection of cultural identity, the politics of nations and nationalisms, and religious persuasions, this is an invaluable anthology of scholarship that reveals the multifaceted natures of both Europe and Islam.

Economic Sanctions R. Eyler, 2007-12-09. This book looks at economic sanctions using a political economy foundation. The author investigates the effectiveness of sanctions and the human suffering caused by them from a political and economic vantage, addressing political decisions, case studies, and game theory explanations, as well as discussing the future of sanctions as statecraft.

Forthcoming Books Rose Arny,1994-02 *Sir Hans Singer* D. Shaw,2002-06-25 This is the first biography of a world famous pioneering development economist Sir Hans W Singer who is better known throughout the developing world than any other economist living or dead It gives a detailed account of the way in which the twists of fate led him to becoming a leading development economist It contains a thematic synthesis of all his major theoretical and conceptual work and of the many initiatives in which he has been involved to solve the problems of developing countries **Bibliographie Internationale de Science Politique** ,1994 **United Nations Sanctions** Willem J. M. van Genugten,1999 6 Range of measures
Making Peace Pay Nils Petter Gleditsch,2000 Bibliographie der Staats-und Wirtschaftswissenschaften ,1995
The British National Bibliography Arthur James Wells,1995
