

The background of the entire image features three glowing, ethereal human figures standing side-by-side. They are rendered in a soft, luminous purple and blue light, giving them a spectral appearance. The background itself is a deep, textured purple with subtle gradients and some darker, shadowy areas, creating a mystical and otherworldly atmosphere.

DI4 is a book intended to inspire those who feel lost within this imperfect world to rediscover their own sense of inner peace passion purpose and positivity This book examines and discusses many methods of achieving balance by holding onto what is needed for our greatest good and releasing those things which we no longer need or want Umbilicans of Babylon Richard Leviton,2024-03-13 Do you ever think about solid ground The author of this book does a lot Providing solid ground for consciousness is the umbilican function he says On January 1 2020 the long awaited Golden Age began So did intense opposition to it from the shadows It was like a thousand iron heels trying to stamp out spring blossoms The dark forces exerted their manipulations in the outer world The angelic contingent counterpointed in the subtle realm The Earth wobbled This is an insider s report from three men who worked alongside the good guys to adjust the planet s Light grid to better support the flowering of human consciousness that had been intended for this date and to resist even undermine the infernal opposition These good guy benefactors included angels archangels the Great White Brotherhood even some of the friendly Dead Ronald our narrator with Joe and Mike his dependable pals call themselves geomantic engineers They work on the Light grid the subtle energy infrastructure of the Earth that supports the material world They re like electric utility pole linemen up there in their extendable buckets but their main tools are clairvoyance and knowledge of the mechanics of the planet s many Light temples and systems Ronald provides a vivid field account of an astonishing array of geomantic interventions and adjustments made in the last several years to shore up that potentially fabulous Golden Age despite the dark forces protracted attempts to derail and smash it The struggle reveals an Earth like you ve never seen before Our planet was designed to keep consciousness aligned with the spiritual world galaxy and beyond People were supposed to feel firmly anchored in their bodies and planet The Earth was meant to be the gate of the gods the original pure meaning of Babylon In recent centuries that smooth reciprocal relationship has been upset Light forces are trying to uplift awareness dark forces to suppress it Jump into Ronald s riveting account to see how it all plays out Cosmic Ascension Joshua David Stone,1998-02-01 Almost all the books on the planet on the subject of ascension are written about planetary ascension However because of the extraordinary times in which we now live in terms of Earth s history there is a new opening and potentiality to also begin one s cosmic ascension process This has never before been available It must be understood as Vywamus has said that in completing our planetary ascension we are no more than one tenth of the way up a ten inch ruler in terms of our cosmic ascension process This includes most of the ascended masters We on Earth who are working to complete our seven levels of initiation must remember that there are 352 levels of initiation to return to the godhead or Father Mother God at the top of creation Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation This is not a criticism just a statement of fact The question is What lies beyond the next nine tenths of the ruler and how do we achieve our cosmic ascension as well as our planetary ascension which is no small feature in and of itself Is it for the purpose that the author was guided to write his book **Yoga Journal** ,2007-08 For more than 30 years Yoga Journal has

Multidimensional Heart Hélène Konokovi Abiassi, 2022-08-22 When we speak about the heart we often talk about sentimental and emotional matters Nonetheless what I mean to explore here is the heart as a chakra as an energy center as an intelligence and as pure love In the heart one can deal with and work on all subjects However in this day and age human beings are programmed and conditioned to experience life through another energy center the mental chakra which is also very important Today we talk about the heart chakra as a center of energy and strength it is a combination This is about so much more than I can describe We all have many bodies you can imagine them as Russian dolls stacked inside one another Because of our experience and because of the decisions we make as human beings our energy will activate many of these bodies and the heart chakra activates many others Our personal development goes through balancing and aligning all our chakras and energy centers and what our service here is about is to give attention to and to reach the heart chakra This approach is very enriching and it expands this chakra We develop ourselves in a personal and deep way throughout our evolutionary journey The heart chakra is very caring with us in the true sense of the word care First of all it loves us and it teaches us to find this love in ourselves I am not talking about vanity nor narcissism I am talking about a real deep love about accepting our reality and the being that we truly are
