half a century Gene Andrew Jarrett offers a revelatory account of a writer whose Gilded Age celebrity as the poet laureate of his race hid the private struggles of a man who in the words of his famous poem felt like a caged bird that sings Jarrett tells the fascinating story of how Dunbar born during Reconstruction to formerly enslaved parents excelled against all odds to become an accomplished and versatile artist A prolific and successful poet novelist essayist playwright and Broadway librettist he was also a friend of such luminaries as Frederick Douglass and Orville and Wilbur Wright But while audiences across the United States and Europe flocked to enjoy his literary readings Dunbar privately bemoaned shouldering the burden of race and catering to minstrel stereotypes to earn fame and money Inspired by his parents survival of slavery but also agitated by a turbulent public marriage beholden to influential benefactors and helpless against his widely reported bouts of tuberculosis and alcoholism he came to regard his racial notoriety as a curse as well as a blessing before dying at the age of only thirty three Beautifully written meticulously researched and generously illustrated this biography presents the richest most detailed and most nuanced portrait yet of Dunbar and his work transforming how we understand the astonishing life and times of a central figure in American literary history The Southern Workman ,1904 The Black American Short Story in the 20th Century Peter Bruck, 1977-01-01 This volume is a collection of essays on black short stories written between 1998 and 1976 It aims to say something about the black short story as a genre and the development of the racial situation in America as well The primary aim is to introduce the reader to this long neglected genre of black fiction In contrast to the black novel the short story has hardly been given extensive criticism let alone serious attention The individual essays of this collection aim at presenting new points of critical orientation in the hope of reviving and fostering further discussions They provide a variety of approaches and a great diversity of critical points of view American Naturalistic and Realistic Novelists Edd C. Applegate, 2001-11-30 Realistic writers seek to render accurate representations of the world and their novels contain authentic details and descriptions of their characters and settings Like Realistic authors Naturalistic ones similarly try to portray the world accurately but they tend to depict the darker side of life Realism was born in Europe in the nineteenth century and soon became popular in the United States while Naturalism became prominent at the beginning of the twentieth century Both traditions have continued in one form or another to the present day and Realistic and Naturalistic novelists include some of America's most significant authors such as Sherwood Anderson Saul Bellow Ambrose Bierce Willa Cather Theodore Dreiser Ralph Ellison and Jack London This reference includes biographical and critical entries for more than 120 American Naturalistic and Realistic novelists An introductory essay discusses the history of the Realistic and Naturalistic traditions points to the difficulty of defining them and surveys the many authors who have been associated with the two movements The entries that follow are arranged alphabetically to facilitate use Each includes basic biographical information and a narrative overview of the writer's educational background professional career and published works The writer s works are briefly discussed in relation to the Realistic and Naturalistic

traditions Entries include primary and secondary bibliographies and the volume closes with a list of works for further reading <u>Icons of African American Literature</u> Yolanda Williams Page, 2011-10-17 The 24 entries in this book provide extensive coverage of some of the most notable figures in African American literature such as Alice Walker Richard Wright and Zora Neale Hurston Icons of African American Literature The Black Literary World examines 24 of the most popular and culturally significant topics within African American literature s long and immensely fascinating history Each piece provide substantial in depth information much more than a typical encyclopedia entry while remaining accessible and appealing to general and younger readers Arranged alphabetically the entries cover such writers as Maya Angelou James Baldwin and August Wilson major works such as Invisible Man Native Son and Their Eyes Were Watching God and a range of cultural topics including the black arts movement the Harlem Renaissance and the jazz aesthetic Written by expert contributors the essays discuss the enduring significance of these topics in American history and popular culture Each entry also provides sidebars that highlight interesting information and suggestions for further reading American Literature, Lynching, and the Spectator in the Crowd Debbie Lelekis, 2015-10-08 American Literature Lynching and the Spectator in the Crowd Spectacular Violence examines spectatorship in American literature at the turn of the twentieth century focusing on texts by Theodore Dreiser Miriam Michelson Irvin S Cobb and Paul Laurence Dunbar The spectator functions as a lens through which we view the relationship between violence and social change as depicted in the politically charged crowds of fictional lynch mob scenes that expose the central tension of American democracy the struggle for balance between the rights of the individual and the demands of the community This has played out in American fiction through clashes between crowds and the primarily rural images that have so often been used to describe America While this pastoral vision of America has dominated the study of American literature this book argues for a reassessment of fiction that takes into consideration that the way the country defines itself collectively is as significant as the way its people define themselves individually This study distinguishes itself from others by bringing together journalism crowds lynching spectatorship and literature in new and innovative ways that uncover how American literature at the turn of the twentieth century confronted and pushed beyond passive observation and static visual performances which are traditionally associated with the terms spectator and spectacle The crowds in fictional lynch mob scenes clash with the idea of positive collective action because the crowd's vigilantism defies legitimate legal and democratic processes Lynch mobs in contrast to other crowds like strikes or political rallies do not reclaim the democratic process from the control of the powerful and wealthy but rather oppose those practices violently without regard to justice As a figure who is simultaneously within and outside the crowd the spectator often in the form of a reporter character is in a unique position to express the fractures occurring between the individual and the collective in American society Racial conflicts are a key aspect of the crowd scenes examined American writers contended with these issues by using the spectator to observe question and challenge readers to consider the impact on the structure of American society A Companion to

the American Short Story Alfred Bendixen, James Nagel, 2020-08-24 A COMPANION TO THE AMERICAN SHORT STORY A Companion to the American Short Story traces the development of this versatile literary genre over the past two centuries Written by leading critics in the field and edited by two major scholars it explores a wide range of writers from Edgar Allen Poe and Edith Wharton at the end of the nineteenth century to important modern writers such as Ernest Hemingway William Faulkner F Scott Fitzgerald and Richard Wright Contributions with a broader focus address groups of multiethnic Asian and Jewish writers Each chapter places the short story into context focusing on the interaction of cultural forces and aesthetic principles The Companion takes account of cutting edge approaches to literary studies and contributes to the ongoing redefinition of the American canon embracing genres such as ghost and detective fiction cycles of interrelated short fiction and comic social and political stories The volume also reflects the diverse communities that have adopted this literary form and made it their own featuring entries on a variety of feminist and multicultural traditions This volume presents an important new consideration of the role of the short story in the literary history of American literature **Invisible Giants** Mark Christopher Carnes, 2003-09-15 Highlights Our Country S Rich biographical history Fifty notable people have selected a person from the past whom they admire but feel they have not received the infamy they deserve **Quarterly Bulletin** Brockton Public Library (Brockton, Mass.),1899 Black Authors and Illustrators of Books for Children and Young Adults Barbara Thrash Murphy, Deborah L.
