Heart A Personal Journey Through Its Myths And Meanings:

Heart Gail Godwin, 2002 To humans the heart has always been more than flesh and blood Rising above its biological function it has instead become the symbol of our emotions Fear sadness anger love restlessness discernment foreboding pleasure longing comfort pride despair all that signifies passion and the human spirit are the domain of the heart Gail Godwin takes us on a breathtaking journey that spans the entire history of human civilization combining literature myth religion philosophy medicine the fine arts and intensely personal stories from the writer's own past to explore the full and complex character of this unique icon Brimming with intelligence and wit Godwin's explorations and meditations brilliantly track themes of the heart in life legend and in art from the first drawing of the heart shaped heart to the first valentine from Gilgamesh to Confucius from the heart of darkness to wearing one's heart on one's sleeve A work of great charm creativity scholarship and passion HEART offers us a wonderful look at where we come from and what has always sustained us **The Heart Too Long Suppressed** Carol Hebard, 2001 A stirring memoir of one woman's mental illness and recovery **The Feeling Heart in Medieval and Early Modern Europe** Katie Barclay, Bronwyn Reddan, 2019-12-02 The heart is an iconic symbol in the medieval and early modern European world In addition to being a physical organ it is a key conceptual device related to emotions cognition the self and identity and the body The heart is read as a metaphor for human desire and will and situated in opposition to or alongside reason and cognition In medieval and early modern Europe the feeling heart the heart as the site of emotion and emotional practices informed a broad range of art literature music heraldry medical texts and devotional and ritual practices This multidisciplinary collection brings together art historians literary scholars historians theologians and musicologists to highlight the range of meanings attached to the symbol of the heart the relationship between physical and metaphorical representations of the heart and the uses of the heart in the production of identities and communities in medieval and early modern Europe **With All Your Heart** A. Craig Troxel, 2020-02-04 Here is a book to be welcomed enthusiastically to be read carefully and to be returned to frequently Sinclair B Ferguson In our world we use the word heart to refer to our emotions But the Bible uses the word heart to refer to the governing center of life We need to grasp the true meaning of the heart in order to better understand ourselves our sin and our need for redemption As we rediscover the heart as the source of all our thoughts fears words and actions we will discover principles and practices for orienting our hearts to truly love and obey God with all that we are Miss Marple: Christian Sleuth Isabel Anders, 2012-12-31 The woman for others at the heart of Agatha Christie's classic mystery series **The Heart at the Heart of the World** Frohlich, Mary, 2024-04-17 Reflection on the meaning of devotion to the Sacred Heart in light of ecological challenges *Emotional Literacy* Patricia Sherwood, 2008-09-01 Emotional Literacy The heart of classroom management is a book for primary school teachers counsellors and therapists who wish to develop emotional literacy skills in classroom situations It provides resources for managing the feeling life of children and offers a classroom management

model that creates opportunities for healing emotions rather than emotions being denied repressed discounted or excluded from the process Author Patricia Sherwood provides a framework for understanding the non verbal languages and skills needed for children to identify the basic human feelings of anger grief aloneness fear judgement and the bully and victim behaviours arising from such feelings Included are group classroom exercises that help to reduce the possibility of major behavioural problems or psychological disturbances and simple self managed processes that give children basic skills to identify and manage their own emotions *Therapeutic Love and Heartfulness* Gerry McNeilly,2025-03-14 This book introduces the concepts of therapeutic love and heartfulness combining models of group analysis art therapy and individual psychotherapy to present a new psychotherapeutic framework where non erotic love is engendered and evoked within therapeutic encounters The heart has often been conceptualised as symbolic of sexuality and eroticism with little meaning beyond the romantic and therefore often removed from psychotherapeutic perspectives Responding to this the author calls for placing the heart as the central point of reference in therapeutic work emphasising how it is touched during a therapeutic session This in turn gives way for the therapist s own emotions and thoughts such as empathy identification concern protectiveness and laughter to be released Building upon the author s 40 years of experience in practice and new developments in these models this book meanders through evolving theories and integrates them for both patients and trainees across backgrounds and cultures Enriched with the author s personal clinical vignettes and unique influences of music art golf and even Ireland this book aims to give a greater voice to the patient and their heart within the therapeutic space This book is essential reading for any counsellor therapist or analyst and offers a new way of looking at therapeutic endeavours across methodologies in all their simplicities and complexities Game Love Jessica Enevold, Esther MacCallum-Stewart,2015-01-09 What does love have to do with gaming As games have grown in complexity they have increasingly included narratives that seek to engage players with love in a variety of ways While media attention often focuses on violent emotions and behavior in gaming love has always been central to the experience We love to play games we have titles that we love and sometimes we love too much or love terrible games for their shortcomings Love in gaming is rather like love in life often complicated and frustrating but also exciting and gratifying This collection of fresh essays explores the meaning and role of love in gaming describing a number of ways from coding to cosplay in which love can be expressed in for and around games Investigating how gaming involves love is also key to understanding the growing importance of games and gamers as cultural markers **Spiritual Telepathy** Colleen Mauro,2015-04-15 The catastrophic problems we face today are speeding up the pace of evolution and calling forth the current expansion in human consciousness With our world in crisis our very survival depends on our ability to access higher sources of wisdom and guidance says author Colleen Mauro former founder chief editor of the magazine Intuition The aim of this book is to help people access higher sources of wisdom and guidance Written in a personal easy to read style it provides both theory and

ancient techniques from the Ageless Wisdom Tradition linking mind and soul Colleen covers a variety of spiritual traditions and also explains how the new science validates these ancient teachings She shows that celebrated creative thinkers those we call geniuses or visionaries all have the ability to access the subtle world of the soul But with inspiring stories of ordinary people she also assures us that we can all gain access to the universal wellspring of creativity and inspiration

The Chinese HEART in a Cognitive Perspective Ning Yu, 2009-02-26 This book is a cognitive semantic study of the Chinese conceptualization of the heart traditionally seen as the central faculty of cognition The Chinese word xin which primarily denotes the heart organ covers the meanings of both heart and mind as understood in English which upholds a heart head dichotomy In contrast to the Western dualist view Chinese takes on a more holistic view that sees the heart as the center of both emotions and thought The contrast characterizes two cultural traditions that have developed different conceptualizations of person self and agent of cognition The concept of heart lies at the core of Chinese thought and medicine and its importance to Chinese culture is extensively manifested in the Chinese language Diachronically this book traces the roots of its conception in ancient Chinese philosophy and traditional Chinese medicine Along the synchronic dimension it not only makes a systematic analysis of conventionalized expressions that reflect the underlying cultural models and conceptualizations as well as underlying conceptual metaphors and metonymies but also attempts a textual analysis of an essay and a number of poems for their metaphoric and metonymic images and imports contributing to the cultural models and conceptualizations It also takes up a comparative perspective that sheds light on similarities and differences between Western and Chinese cultures in the understanding of the heart brain body mind self and person The book contributes to the understanding of the embodied nature of human cognition situated in its cultural context and the relationship between language culture and cognition
