Wong Kar-wai's Happy Together Jeremy Tambling, 2003-06-01 Wong Kar wai's controversial film *Happy Together* was released in Hong Kong just before the handover of power in 1997 The film shows two Chinese gay men in Buenos Aires and reflects on Hong Kong's past and future by probing masculinity aggression identity and homosexuality It also gives a reading of Latin America perhaps as an allegory of Hong Kong as another post colonial society Examining one single memorable and beautiful film but placing it in the context of other films by Wong Kar wai and other Hong Kong directors this book illustrates the depth as well as the spectacle and action that characterizes Hong Kong cinema Tambling investigates the possibility of seeing *Happy Together* in terms of national allegory as Fredric Jameson suggests Third World texts should be seen Alternatively he emphasizes the fragmentary nature of the film by discussing both its images and its narrative in the light of Borges and Manuel Puig He also looks at the film's relation to the American road movie and to the history of the tango He poses questions how emotions are presented in the film is this a nostalgia film whether the masculinity in it should be seen negatively or as signs of a new hopefulness about Hong Kong's future and whether the film indicates new ways of thinking of gender relationships or sexuality

North American writers and critics felt that our national writing had reached a low ebb In this study of experimental fiction from both Americas Johnny Payne argues that the North American reception of the boom in Latin American fiction distorted the historical grounding of this writing erroneously presenting it as mainly an exotic magical realism He offers new readings that detail the specific historical relation between experimental fiction and various authors careful deliberate deformations and reformations of the political rhetoric of the modern state Payne juxtaposes writers from Argentina and Uruguay with North American authors setting up suggestive parallels between the diverse but convergent practices of writers on both continents He considers Nelson Marra in conjunction with Donald Barthelme and Gordon Lish Teresa Porzecanski with Harry Mathews Ricardo Piglia with John Barth Silvia Schmid and Manuel Puig with Fanny Howe and Lydia Davis and Jorge Luis Borges and Luisa Valenzuela with William Burroughs and Kathy Acker With this innovative dual continent approach Conquest of the New Word will be of great interest to everyone working in Latin American literature women s studies translation studies creative writing and cultural theory

The Cinematic Novel and Postmodern Pop Fiction Décio Torres Cruz, 2019-12-05 D cio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cin roman and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig Betrayed by Rita Hayworth Heartbreak Tango The Buenos Aires Affair Kiss of the Spider Woman and Pubis angelical Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig s hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire

The Corpus Delicti Josefina Ludmer, 2004-06-20 An intellectual tour de force from one of today s leading critics of Latin American literature and culture The Corpus Delicti The Body of Crime is a manual of crime a compendium of crime tales and an extended meditation on the central role of crime in literature in life and in the life of the nation Drawing her examples from canonical texts popular novels newspaper serials and more Josefina Ludmer captures the wide range of Argentine crime stories and detective fiction from the late nineteenth and early twentieth centuries She offers more than a mere genre study examining the relationship of crime and punishment to the formation of law the body and the modern state exposing the ways in which literature both high art and mass culture can help construct not just represent social reality Covering a dazzling array of primary sources social history and cultural theory this provocative work is also a structural masterpiece challenging readers as it charts new roles for text and notes In this redefined dialogue the notes variously offer alternate views additional insights and often parallel commentaries Glen Close s stylish translation captures the energy of Ludmer s prose
