'The New Rebels' Heather Stang,2011 It is not completely appropriate to label this text a memoir but neither can it be classified as a work of fiction since it is based on Dave Eggers life But almost more important than the genre classification is whether Dave Eggers created a sincere representation of his experiences in his text Student paper Conversations with Dave Eggers Scott F. Parker,2022-01-04 It s been barely twenty years since Dave Eggers b 1970 burst onto the American literary scene with the publication of his memoir A Heartbreaking Work of Staggering Genius In that time he has gone on to publish several books of fiction a few more books of nonfiction a dozen books for children and many harder to classify works

In addition to his authorship Eggers has established himself as an influential publisher editor and designer He has also founded a publishing company McSweeney s two magazines Might and McSweeney s Quarterly Concern and several nonprofit organizations. This whirlwind of productivity within publishing and beyond gives Eggers a unique standing among American writers jack of all trades master of same The interviews contained in Conversations with Dave Eggers suggest the range of Eggers's pursuits a range that is reflected in the variety of the interviews themselves In addition to the expected interviews with major publications Eggers engages here with obscure magazines and blogs trade publications international publications student publications and children from a mentoring program run by one of his nonprofits To read the interviews in sequence is to witness Eggers s rapid evolution The cultural hysteria around Eggers s memoir and his complicated relationship with celebrity are clear in many of the earlier interviews From there as the buzz around him mellows Eggers responds in kind allowing writing and his other endeavors to come to the fore of his conversations Together these interviews provide valuable insight into a driving force in contemporary American literature Hybrid Fictions Daniel Grassian, 2015-09-11 Since the 1960s academics have theorized that literature is on its way to becoming obsolete or at the very least has lost part of its power as an influential medium of social and cultural critique. This work argues against that misconception and maintains that contemporary American literature is not only alive and well but has grown in significant ways that reflect changes in American culture during the last twenty years In addition this work argues that beginning in the 1980s a new allied generation of American writers born from the late 1950s to the early 1970s has emerged whose hybrid fiction blend distinct elements of previous American literary movements and contain divided social cultural and ethnic allegiances The author explores psychological philosophical ethnic and technological hybridity The author also argues for the importance of and need for literature in contemporary America and considers its future possibilities in the realms of the Internet and hypertext David Foster Wallace Neal Stephenson Douglas Coupland Sherman Alexie William Vollmann Michele Serros and Dave Eggers are among the writers whose hybrid fictions are discussed The Sublime Today Gillian B. Pierce, 2013-01-04 The Sublime Today considers contemporary applications of aesthetic philosophy and earlier theories of the sublime from Longinus Boileau Burke Kant and Hegel to current literary and cultural contexts Today aesthetic experience itself seems to be changing given the rise of new media and new conditions for the viewing and the reception of works of art How might the rhetoric of the sublime be used to both describe our current situation and help formulate constructive responses to it The Sublime Today collects the work of scholars in literature film art and media studies and provides a forum for investigating the contemporary relevance of the sublime both as it has been understood historically and as it has been formulated by more recent theorists such as Jameson Lyotard Kristeva and others The volume includes essays on literary readings of the sublime in Coetze Eggers Lahiri and Auster essays on film and the visual arts in the work of Fran ois Ozon and in recent participatory art and essays on how new technologies and media as in media representations of 9 11 re frame

our relationship to the aesthetics of the sublime especially as they intersect with questions of gender the postcolonial and the uneasy politics of terror The Devil's Details Chuck Zerby, 2007-11-01 Footnotes have not had it easy Their dominance of eighteenth and nineteenth century literature and scholarship was both hard won following many years of struggle and doomed as it led to belittlement in the twentieth century In The Devil's Details Chuck Zerby playfully explores footnotes long and illustrious history and makes a clarion call to save them from the new world of the Internet and hypertext In a story that boasts a marvelous plot and a rogues gallery of players Zerby examines traditional footnotes and their less buttoned down incarnations as when used by pornographers Yes The Devil's Details is full of surprises Zerby hunts down the first bona fide fully functioning footnote unearths a multivolume history of Northumberland County England that uses one volume for a single footnote and uncovers a murder plot He even explains why footnotes are like blind dates Carefully researched and highly opinionated The Devil s Details affirms that delight in reading can come from unexpected places Make 'em **Laugh!** Zeke Jarvis, 2015-04-07 This lighthearted and eye opening book explores the role of comedy in cultural and political critiques of American society from the past century This unprecedented look at the history of satire in America showcases the means by which our society is informed by humor from the way we examine the news to how we communicate with each other to what we seek out for entertainment From biographical information to critical reception of material and personalities the book features humorists from both literary and popular culture settings spanning the past 100 years Through its 180 entries this comprehensive volume covers a range of artists individuals such as Joan Rivers Hunter S Thompson and Chris Rock and topics including vaudeville cartoons and live performances.
