Indian recollections The disarray and incompetence of the war's beginnings officers who failed to take proper positions disregard of orders to save provisions failure to cooperate and abandonment of the dead and a wounded soldier in many ways anticipated the catastrophe that later occurred at the Little Big Horn Forty photographs many previously unpublished and five new maps detail the action from start to ignominious conclusion Hedren's comprehensive account takes Powder River out of the shadow of the Little Big Horn and reveals how much this critical battle tells us about the army's policy and performance in the West and about the debacle soon to follow *Rediscovering the Prairies* Norman Henderson, 2005 In the early days Plains Indians travelled on foot across the vast Canadian prairies with only fierce wolf like dogs as companions Later with the arrival of Europeans horses and canoes appeared on the scene In *Rediscovering the Prairies* Norman Henderson a leading scholar of the world's great temperate grasslands revives the earlier modes of prairie travel He journeys along 325 kilometres of Saskatchewan's Qu'Appelle Valley by dog and travois the wooden rack pulled by dogs and horses used by First Nations to transport belongings then by canoe and finally by horse and travois Henderson's often humorous descriptions of his attempts to find and train a dog and a horse highlight the difficulties involved in recreating traditional travel methods Henderson interweaves his own adventures with the exploits of earlier travellers such as La Vérendrye Alexander Henry and Peter Fidler and the experiences of fur traders and others who struggled across this strange and forbidding landscape His captivating account will foster a better appreciation for and a deeper understanding of the natural and human history of the Canadian prairies Current Contents.
