Heartwood The First Generation Of Theravada Buddhism In America

Wendy Cadge

Heartwood The First Generation Of Theravada Buddhism In America:

Heartwood Wendy Cadge, 2024-05-31 Theravada is one of the three main branches of Buddhism In Asia it is practiced widely in Thailand Laos Burma Sri Lanka and Cambodia This fascinating ethnography opens a window onto two communities of Theravada Buddhists in contemporary America one outside Philadelphia that is composed largely of Thai immigrants and one outside Boston that consists mainly of white converts Wendy Cadge first provides a historical overview of Theravada Buddhism and considers its specific origins here in the United States She then brings her findings to bear on issues of personal identity immigration cultural assimilation and the nature of religion in everyday life Her work is the first systematic comparison of the ways in which immigrant and convert Buddhists understand practice and adapt the Buddhist tradition in America The men and women whom Cadge meets and observes speak directly to us in this work both in their personal testimonials and as they meditate pray and practice Buddhism Creative and insightful Heartwood will be of enormous value to sociologists of religion and anyone wishing to understand the rise of Buddhism in the Western world **Buddhist**

Architecture in America Robert Gordon, 2022-11-18 This book is the first comprehensive overview of Buddhist architecture in North America and provides an analysis of Buddhist architecture and communities Exploring the arrival of Buddhist architecture in America the book lays out how Buddhists have expressed their spiritual beliefs in structural form in the United States The story follows the parallel history of the religion s emergence in the United States since the California Gold Rush to the present day Conceived of as a general history the book investigates Buddhist structures with respect to the humanistic qualities associated with Buddhist doctrine and how Buddhist groups promote their faith and values in an American setting The author s point of view starts from the ground floor of the buildings to move deeper into the space of Buddhist practice the mind that seeks enlightenment and the structures that help one to do so It discusses Buddhist architecture in the United States in a manner consistent with the intensely human context of its use A unique and ground breaking analysis this book adds to the study of Buddhist architecture in America while also addressing the topic of how and why Buddhists use architecture in general It will be of interest to scholars of religion architecture space and place U S history Asian Studies and Buddhist Studies It will also be a valuable addition to the libraries of Buddhist communities across the United States and the world since many of the observations about Buddhist architecture in the United States may also apply to structures in Europe and Asia **History of Asian Americans** Jonathan H. X. Lee, 2015-01-16 A comprehensive compelling and clearly written title that provides a rich examination of the history of Asians in the United States covering well established Asian American groups as well as emerging ones such as the Burmese Bhutanese and Tibetan American communities History of Asian Americans Exploring Diverse Roots supplies a concise easy to use yet comprehensive resource on Asian American history Chronologically organized it starts with Chinese immigration to the United States and concludes with coverage of the most recent Asian migrant populations describing Asian American lives and experiences and

documenting them as an essential part of the continuously evolving American experience and mosaic. The book discusses domestic as well as international influencing factors in Asian American history thereby providing information within a transnational framework. An ideal resource for high school and undergraduate level students as well as general readers interested in learning about the history of Asian Americans, the chapters employ critical racialization and ethnic studies discourses that put Asian and Asian Americans subjects in an insightful comparative perspective. The book also specifically addresses the important roles played by Asian American women across history.

The ^AOxford Handbook of Religion and Race in American History Kathryn Gin Lum, Paul Harvey, 2018-03-01 In *The Oxford Handbook of Religion and Race in American History* thirty six scholars investigate the complex interdependencies of religion and race through American history. The volume covers the religious experience, social realities, theologies and sociologies of racialized groups in American religious history as well as the ways that religion contributed to and challenged their racialization.

Contemporary Asian America Min Zhou, James V. Gatewood, 2007-01-01 How does one capture the delightful irony of Edith Wharton's prose or the spare lyricism of Kate Chopin's? Kathleen Wheeler challenges the reader to experiment with a more imaginative method of literary criticism in order to comprehend more fully writers of the Modernist and late Realist period. In examining the creative works of seven women writers from the late nineteenth and early twentieth centuries, Wheeler never lets the mystery and magic of literature be overcome by dry critical analysis. *Modernist Women Writers and Narrative Art* begins by evaluating how Edith Wharton, Kate Chopin, and Willa Cather all engaged in an ironic critique of realism. They explored the inadequacies of this form in expressing human experience and revealed its hidden, often contradictory assumptions. Building on the foundation that Wharton, Chopin, and Cather established, Jean Rhys, Katherine Mansfield, Stevie Smith, and Jane Bowles brought literature into the era we now consider modernism. Drawing on insights from feminist theory, deconstructionism, and revisions of new historicism, Kathleen Wheeler reveals a literary tradition rich in narrative strategy and stylistic sophistication.

The Buddhist World of Southeast Asia Donald K. Swearer, 2012-02-01 An unparalleled portrait. Donald K. Swearer's *Buddhist World of Southeast Asia* has been a key source for all those interested in the Theravada homelands since the work's publication in 1995. Expanded and updated, the second edition offers this wide-ranging account for readers at the beginning of the twenty-first century. Swearer shows Theravada Buddhism in Southeast Asia to be a dynamic, complex system of thought and practice embedded in the cultures, societies, and histories of Thailand, Myanmar, Burma, Laos, Cambodia, and Sri Lanka. The work focuses on three distinct yet interrelated aspects of this milieu. The first is the popular tradition of life models personified in myths and legends, rites of passage, festival celebrations, and ritual occasions. The second deals with Buddhism and the state, illustrating how King Asoka serves as the paradigmatic Buddhist monarch, discussing the relationship of cosmology and kingship, and detailing the rise of charismatic Buddhist political leaders in the postcolonial period. The third is the modern transformation of Buddhism, the changing roles of monks and laity, modern reform movements, the role of

women and Buddhism in the West **Methods in Buddhist Studies** Scott A. Mitchell, Natalie Fisk Quli, 2019-06-27 Both a demonstration of and critical self reflection on method this book explores how methodologies shape our understanding of the diversity of Buddhist traditions in the past and the present International contributors from the West and Asia explore case studies and reflect on methods in the study of Buddhism united in their debt to Richard K Payne the influential Buddhist studies scholar **Methods in Buddhist Studies** features new translations of Buddhist works as well as ethnographic studies on contemporary Buddhism in the United States and China Topics discussed include Buddhist practices in relation to food material culture and imperial rituals the development of modern Buddhist universities the construction of the canon from the perspective of history textual analysis and ritual studies and the ethical obligations of scholars toward the subject of Buddhism itself Chapters are drawn from Payne s students and his colleagues demonstrating the breadth of his intellectual interests Payne s scholarship has left a remarkable impact on the field making this volume essential reading for students and scholars of contemporary Buddhism and Buddhist studies Dixie Dharma Jeff Wilson, Jeff Townsend Wilson, 2012 Buddhism in the United States is often viewed in connection with practitioners in the Northeast and on the West Coast but in fact it has been spreading and evolving throughout the United States since the mid nineteenth century In Dixie Dharma J

Encyclopedia of Asian American Folklore and Folklife Jonathan H. X. Lee, Kathleen Nadeau, 2010-12-21 This comprehensive compilation of entries documents the origins transmissions and transformations of Asian American folklore and folklife Equally instructive and intriguing the **Encyclopedia of Asian American Folklore and Folklife** provides an illuminating overview of Asian American folklore as a way of life Surveying the histories peoples and cultures of numerous Asian American ethnic and cultural groups the work covers everything from ancient Asian folklore folktales and folk practices that have been transmitted and transformed in America to new expressions of Asian American folklore and folktales unique to the Asian American historical and contemporary experiences The encyclopedia s three comprehensive volumes cover an extraordinarily wide range of Asian American cultural and ethnic groups as well as mixed race and mixed heritage Asian Americans Each group section is introduced by a historical overview essay followed by short entries on topics such as ghosts and spirits clothes and jewelry arts and crafts home decorations family and community religious practices rituals holidays music foodways literature traditional healing and medicine and much much more Topics and theories are examined from crosscultural and interdisciplinary perspectives to add to the value of the work **The Encyclopedia of the Sri Lankan Diaspora** Peter Reeves, 2013 Well over a million people of Sri Lankan origin live outside South Asia The **Encyclopedia of the Sri Lanka Diaspora** is the first comprehensive study of the lives culture beliefs and attitudes of immigrants and refugees from this island The volume is a joint publication between the Institute of South Asian Studies NUS and Editions Didier Millet It focuses on the relationship between culture and economy in the Sri Lanka diaspora in the context of globalisation increased transnational culture flows and new communication technologies In addition to the geographic mapping of the Sri Lanka

diaspora in the various continents thematic chapters include topics on long distance nationalism citizenship Sinhala Tamil and Burgher diaspora identities religion and the spread of Buddhism as well as the Sri Lankan cultural impact on other nations **The Oxford Handbook of Meditation** Miguel Farias, David Brazier, Mansur Lalljee, 2021 A state of the art guide to meditation science and history its facts and myths Covers the development of meditation practices across the world exploring how the varieties of meditation techniques were created in different cultural and religious contexts Explores ethical social and religious implications and discusses controversial topics Book jacket **Asian American Christianity Reader** Timothy Tseng, Viji Nakka-Cammauf, 2009-08-20 This textbook is an interdisciplinary collection of scholarly and religious articles about Asian American Christianity Its four sections contexts sites identity and voices offer in depth understanding of both Catholic and Protestant traditions practices theologies and faith communities It also highlights diversity and complexity across lines of gender generation denomination race and ethnicity in Asian American Christianity

Understanding Young Buddhists Andrew Yip, Sarah-Jane Page, 2017-02-06 There is currently an acute lack of scholarly engagement with Buddhism and youth Based on ground breaking empirical research Understanding Young Buddhists Living out Ethical Journeys explores the stories of young Buddhists through a rich analysis of their lived experiences Page and Yip explore their journeying into Buddhism their Buddhist belief and practice their management of sexuality and their social positioning in relation to family and kin friendship networks youth culture and occupational aspirations Using lived religion as a theoretical lens and bringing into dialogue research on Buddhism and youth Understanding Young Buddhists convincingly demonstrates the resourcefulness and creativity of young Buddhists in developing ethics for life as they negotiate the diverse challenges and opportunities in their journeys of life **Black Buddhists and the Black Radical Tradition** Rima Vesely-Flad, 2022-04-05 An exploration of how Black Buddhist teachers and practitioners interpret Western Buddhism in unique spiritual and communal ways In Black Buddhists and the Black Radical Tradition Rima Vesely Flad examines the distinctive features of Black identifying Buddhist practitioners arguing that Black Buddhists interpret Buddhist teachings in ways that are congruent with Black radical thought Indeed the volume makes the case that given their experiences with racism both in the larger society and also within largely white oriented Buddhist organizations Black cultural frameworks are necessary for illuminating the Buddha's wisdom Drawing on interviews with and writings from more than seventy Black Buddhist teachers and practitioners Vesely Flad argues that Buddhist teachings along with practices for honoring ancestors and healing intergenerational trauma provide a vitally important foundation for achieving Black liberation The book includes discussions of the Black Power movement the Black feminist movement and the Black prophetic tradition It offers a nuanced discussion of how the Black body is claimed as a vehicle for liberation and explores how the experiences of queer non binary gender non conforming and transgender practitioners of African descent are validated within the tradition In speaking to persons whose embodiment renders them hyper visible but also marginalized this unique

volume shows the importance of Black Buddhist teachers insights into Buddhist wisdom illuminating how they align Buddhism with Black radical teachings helping to pull Buddhism away from dominant white cultural norms **Asian American History and Culture: An Encyclopedia** Huping Ling, Allan W. Austin, 2015-03-17 With overview essays and more than 400 A Z entries this exhaustive encyclopedia documents the history of Asians in America from earliest contact to the present day Organized topically by group with an in depth overview essay on each group the encyclopedia examines the myriad ethnic groups and histories that make up the Asian American population in the United States Asian American History and Culture covers the political social and cultural history of immigrants from East Asia Southeast Asia South Asia the Pacific Islands and their descendants as well as the social and cultural issues faced by Asian American communities families and individuals in contemporary society In addition to entries on various groups and cultures the encyclopedia also includes articles on general topics such as parenting and child rearing assimilation and acculturation business education and literature More than 100 images round out the set **The Oxford Handbook of American Immigration and Ethnicity** Ronald H. Bayor, 2016-06-01 Scholarship on immigration to America is a coin with two sides it asks both how America changed immigrants and how they changed America Were the immigrants uprooted from their ancestral homes leaving everything behind or were they transplanted bringing many aspects of their culture with them Although historians agree with the transplantation concept the notion of the melting pot which suggests a complete loss of the immigrant culture persists in the public mind The Oxford Handbook of American Immigration and Ethnicity bridges this gap and offers a comprehensive and nuanced survey of American racial and ethnic development assessing the current status of historical research and simultaneously setting the goals for future investigation Early immigration historians focused on the European migration model and the ethnic appeal of politicians such as Fiorello La Guardia and James Michael Curley in cities with strong ethno political histories like New York and Boston But the story of American ethnicity goes far beyond Ellis Island Only after the 1965 Immigration Act and the increasing influx of non Caucasian immigrants scholars turned more fully to the study of African Asian and Latino migrants to America This Handbook brings together thirty eminent scholars to describe the themes methodologies and trends that characterize the history and current debates on American immigration The Handbook s trenchant chapters provide compelling analyses of cutting edge issues including identity whiteness borders and undocumented migration immigration legislation intermarriage assimilation bilingualism new American religions ethnicity related crime and pan ethnic trends They also explore the myth of model minorities and the contemporary resurgence of anti immigrant feelings A unique contribution to the field of immigration studies this volume considers the full racial and ethnic unfolding of the United States in its historical context **The Bloomsbury Handbook of Religion and Migration** Rubina Ramji, Alison Marshall, 2022-05-19 The Bloomsbury Handbook of Religion and Migration presents the story of religion and migration predominantly through the experiences of Muslims Sikhs Hindus and Buddhists considering intersectional issues

including race ethnicity class gender and generation throughout Many chapters are grounded in embodied ethnography including participant observation fieldwork interviews oral history collections and qualitative analysis drawing on sociological and anthropological theory as well as non western and historical approaches to religion Chapters also chronicle migration in regional transnational multicultural and populist contexts examining everyday religiosity and religion across generations The volume includes chapters on Islam and Muslim identity Chinese and Vietnamese Buddhism Filipino and Korean religiosity and Polish Catholicism

The New Americans Mary C. Waters, Reed Ueda, Helen B. Marrow, 2007-01-30 The U S has always been a nation of immigrants shaped by successive waves of new arrivals This comprehensive guide provides an authoritative account of the most recent surge of immigrants Based on the latest U S Census data and scholarly research this book is an essential reference for anyone curious about the changing face of America

American Mythos Robert Wuthnow, 2009-02-09 America was built on stories tales of grateful immigrants arriving at Ellis Island Horatio Alger style transformations self made men and the Protestant work ethic In this new book renowned sociologist Robert Wuthnow examines these most American of stories narratives about individualism immigration success religion and ethnicity through the eyes of recent immigrants In doing so he demonstrates how the American mythos has both legitimized American society and prevented it from fully realizing its ideals This magisterial work is a reflection and meditation on the national consciousness It details how Americans have traditionally relied on narratives to address what it means to be strong morally responsible individuals and to explain why some people are more successful than others in short to help us make sense of our lives But it argues that these narratives have done little to help us confront new challenges We pass laws to end racial discrimination yet lack the resolve to create a more equitable society We welcome the idea of pluralism in religion and values yet we are shaken by the difficulties immigration presents We champion prosperity for all but live in a country where families are still homeless American Mythos aptly documents this disconnect between the stories we tell and the reality we face Examining how cultural narratives may not and often do not reflect the reality of today s society it challenges readers to become more reflective about what it means to live up to the American ideal

Imagining Religious Communities Jennifer B. Saunders, 2019-07-05 Imagining Religious Communities tells the story of the Gupta family through the personal and religious narratives they tell as they create and maintain their extended family and community across national borders Based on ethnographic research the book demonstrates the ways that transnational communities are involved in shaping their experiences through narrative performances Jennifer B Saunders demonstrates that narrative performances shape participants social realities in multiple ways they define identities they create connections between community members living on opposite sides of national borders and they help create new homes amidst increasing mobility The narratives are religious and include epic narratives such as excerpts from the Ramayana as well as personal narratives with dharmic implications Saunders analysis combines scholarly understandings of the ways in which performances shape the contexts in

which they are told indigenous comprehension of the power that reciting certain narratives can have on those who hear them and the theory that social imaginaries define new social realities through expressing the aspirations of communities Imagining Religious Communities argues that this Hindu community's religious narrative performances significantly contribute to shaping their transnational lives

Eventually, you will certainly discover a additional experience and realization by spending more cash. nevertheless when? accomplish you receive that you require to acquire those all needs bearing in mind having significantly cash? Why dont you attempt to acquire something basic in the beginning?
