Heard It Through The Grapevine:

The Billboard Book of Number One Hits Fred Bronson, 2003 Provides lists of hit songs by date with information on the artist songwriter producer label and offering interviews with popular artists *I Heard It Through the Grapevine* Patricia A. Turner, 1993-09-28 This book divides into two basic parts In Chapters 1 and 2 I discuss historical examples of rumor discourse and suggest why many blacks have for good reason channeled beliefs about race relations into familiar formulae ones developed as early as the time of the first contact between sub Saharan Africans and European white Then in Chapters 3-7 it explores the continuation of these issues in late twentieth century African American rumors and contemporary legends using examples collected in the field Because Turner was able to monitor these contemporary legends as they unfolded and played themselves out rigorous analysis was possible What follows then is an examination of the themes common to these contemporary items and related historical ones and an explanation for their persistence Concerns about conspiracy contamination cannibalism and castration perceived threats to individual black bodies which are then translated into animosity toward the race as a whole run through nearly four hundred years of black contemporary legend material and prove remarkable tenacious *Teens* Daja Mabry, 2023-02-28 Experience the life of a troubled teen through her poetic eyes the battles of love and loss the battles with herself and the confusions within family bonds and betrayal Follow her on a journey through trauma and curiosity and watch how the impact of maturing strengthened and broke her Realize the relativity of topics that aren't normally discussed among others Did you experience this How did you cope Can you relate If so this book should shed some light on the aspect that you are not alone in this Isn't it nice to have someone to relate to

The Little Book of Clichés Alison Westwood,2013 Many of the phrases we use everyday are so woven into our vocabulary that we never think to question their origin or meaning How often we comfort the broken hearted with the reassurance that there are plenty more fish in the sea or ruin a surprise by letting the cat out of the bag We don t really mean our friend should consider dating a fish nor do we keep cats in bags but we use these phrases regardless Did you know that telling someone to get off their high horse comes from the 13th century Or that hair of the dog wasn t originally a hangover cure but a belief that applying a dog hair to a dog bite would cure the wound In the times of Roman Baths getting the wrong end of the stick didn t translate as a simple misunderstanding it actually referred to a communal toilet where a stick was used to pass a cloth from person to person unfortunately some would often receive the wrong end

Motown Encyclopedia Graham Betts,2014-06-02 Motown means different things to different people The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye Diana Ross Stevie Wonder The Temptations The Jackson 5 The Supremes and numerous others With each group recalled there is an accompanying piece of music of the mind from Baby Love My Girl Signed Sealed Delivered I Heard It Through The Grapevine ABC and Tears Of A Clown and countless more Quite often you can ask people what kind of music they like and they will simply answer Motown and both they and you know exactly what is meant Or rather what is implied The Motown they are invariably thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly dance orientated hits most of which were written and produced by the trio of Brian Holland Lamont Dozier and Eddie Holland This period is referred to naturally enough as the Golden Era when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world The kind of music that had them Dancing In the Street from Los Angeles to London Miami to Munich and San

Francisco to Sydney It was the kind of music that attracted scores of imitators some good some not so good The kind of music that appealed to the public and presidents alike and still does It was that Motown that this book was intended to be about However when you start digging deeper into the Motown story you realise that throughout its life which for the purposes of this book is its formation in 1959 through to its sale in 1988 it was constantly trying other musical genres looking to grab hits out of jazz country pop rock middle of the road and whatever else might be happening at the time Of course it wasn't particularly successful at some of the other genres although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth the group and focus instead on the total sales achieved on Rare Earth the label This book therefore contains biographies of all 684 artists who had releases on Motown and their various imprints as well as biographies of 16 musicians 23 producers 19 writers and 13 executives There are also details of the 50 or so labels that Motown owned licensed to or licensed from All nine films and the 17 soundtracks are also featured Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries with 222 singles 84 albums and five EPs being featured Finally there are 36 other entries covering such topics as the Hollywood Walk of Fame the Motortown Revues Grammy Awards and the most played Motown songs on radio The 1 178 entries cover every aspect of Motown and more of the link between Granny in The Beverly Hillbillies and Wonder Woman of the artists from Abbey Tavern Singers to Zulema and the hits from ABC to You Really Got A Hold On Me The Motown Encyclopedia is the story of Motown Records Yesterday Today Forever *Illusions: Observing My Reality* Melanie Thiede, 2014-08-08 A collection of poetry short stories quotable quotes life lessons written in chronological order whenever possible Melanie's second book is a general autobiography of her life and a description of her beliefs ideals and values throughout her schooling Many concrete and abstract poems for those who like them *Character Assassins II* William Connolly, 2014-11-22 CHARACTER ASSASSINS II re-examines controversial historical events and takes a fresh look at contemporary issues It is highly critical of the federal government the Justice Department and courts throughout America Essentially the book is a brief history of the consequences of bearing false witness It tells how toxic talk has led to shunning branding witch hunts persecutions prosecutions executions pogroms famines wars and genocides From small acorns great oaks grow and from small lies come poisonous fruits ruined reputations divided neighborhoods class hatreds clan violence ethnic cleansings and blood libels preludes to the twentieth century's worst horrors The book critically examines local national and foreign events It shows how the press the courts and government officials contort the facts twist the truth and subvert the Constitution of the United States for political gain ideological advantage or more simply and crassly to settle old scores from old political feuds or personal vendettas It all begins with a slur or an insult then the retort then the tit for tat and the poisonous chit chat then the false witness and rumors that spread like wildfire then eye for eye the stepped upon step up and strike back and as the worm turns the backbiting and stone throwing spiral out of control and that inevitably
