Multidimensional Heart Hélène Konokovi Abiassi,2022-08-22 When we speak about the heart we often talk about sentimental and emotional matters Nonetheless what I mean to explore here is the heart as a chakra as an energy center as an intelligence and as pure love In the heart one can deal with and work on all subjects However in this day and age human beings are programmed and conditioned to experience life through another energy center the mental chakra which is also very important Today we talk about the heart chakra as a center of energy and strength it is a combination This is about so much more than I can describe We all have many bodies you can imagine them as Russian dolls stacked inside one another Because of our experience and because of the decisions we make as human beings our energy will activate many of these

bodies and the heart chakra activates many others Our personal development goes through balancing and aligning all our chakras and energy centers and what our service here is about is to give attention to and to reach the heart chakra This approach is very enriching and it expands this chakra We develop ourselves in a personal and deep way throughout our evolutionary journey The heart chakra is very caring with us in the true sense of the word care First of all it loves us and it teaches us to find this love in ourselves I am not talking about vanity nor narcissism I am talking about a real deep love about accepting our reality and the being that we truly are Bridge of Light J.
