the line uninvited Impulsiveness is the quick natural response for these kids They might do all these things and more keep in mind they generally do them rapidly Nevertheless in the very same breathe impulsive kids can be quick to defend remorseful for poor decisions and able to leap over obstacles in a single bound There s a gift for us to discover in impulsiveness The disciple Peter emulates both the strengths and weaknesses of impulsive behavior Impulsiveness had Peter rushing into the water to meet Jesus while also quickly cutting off a soldier s ear He was quick to defend responded without thinking and passionate beyond words His impulsiveness allowed him to experience the miracle of walking on water while everyone else watched him from inside the boat The beauty of Peter s impulsiveness is displayed within his life Peter s impulsiveness allowed him to experience close encounters with God He s authentic and real He s growing and he s a challenge But in the end he s solid and the guy others wanted to follow Discovering the gift of impulsiveness begins in the life of Peter

*A Child at Heart* Christopher Phillips,2018-03-13 Weaving together philosophy social science and neuroscience research personal anecdotes and dialogues A Child at Heart takes a radically different approach to the traditional boundaries between childhood and adulthood to reveal how rather than lapse into adulthood we can achieve what the Greeks of old call arete all around excellence when we look to children and

youth as a lodestar for our development Childhood is our primary launching pad a time of life when learning is more intense than at any other when we gain the critical knowledge and skills that can help ensure that we remain adaptable This book weaves together the thinking of philosophers from across the ages who make the unsettling assertion that with the passage of time we are apt to shrink mentally emotionally and cognitively If we follow what has become an all too common course we denature our original nature which brims with curiosity empathy reason wonder and a will to experiment and understand and we regress our sense of who we are will become fuzzier and everyone in our orbit will pay a price Mounting evidence shows that we begin our lives with a moral intellectual and creative bang and in this groundbreaking heavily researched and highly engaging volume Christopher Phillips makes the provocative case that childhood isn't merely a state of becoming while adulthood is one of being as if we've arrived and reached the summit His life changing proposition is that if we embrace the defining qualities of youth we're not destined to become frail dispirited or unhinged we'll grow in a way defined by wonder curiosity imaginativeness playfulness and compassion in essence unlimited potential
