Heath Ledger

Heath Ledger:

Heath Ledger Brian J. Robb, 2019-10-02 Heath Ledger was one of the most charismatic and powerful screen presences of his generation. Having established a high profile acting career by the age of 21 with the lead in *A Knight's Tale*, the young Australian went on to pursue a succession of increasingly diverse and often subversive roles that challenged the film industry's initial impression of him as a mere teen idol. While a limited number of his early roles would hint at the greatness of which he was capable, it was not until his melancholy Oscar-nominated performance in Ang Lee's modern classic *Brokeback Mountain* that Heath proved beyond question the blistering extent of his abilities and secured his place amongst the Hollywood elite, bringing to this new status a depth of artistry absent in all but the most accomplished of his contemporaries. His sudden death at the age of 28 rocked the film industry to its core, created an international media storm, and threw a poignant shadow over the completed body of work that has now become his legacy. This book explores Heath's relationships with actresses Heather Graham, Naomi Watts, and Michelle Williams, his ex-fiancee and the mother of his daughter Matilda, recounts the full story of the making of *Brokeback Mountain* and details that film's subsequent impact. It charts Ledger's increasingly troubled state of mind as the role of the Joker in *The Dark Knight* took a disturbing physical and psychological toll, and examines the dissatisfaction with his own performances that plagued him until the very end. **Heath Ledger: Hollywood's Dark Star** is the definitive story of the life and times of a compelling and intense young man whose loss will be profoundly felt for many years to come.

Heath Ledger: Talented Actor Stephanie Watson, 2010-01-01 The Joker in 2008's mega-hit movie *The Dark Knight* was an incredible Oscar-worthy performance by this young and troubled actor. Tweens and teens were crazy about the film, and the world mourned when Ledger died. This book examines Ledger's brief career, background, and personal life, as well as the controversies surrounding his death. From his breakout role in the teen flick *10 Things I Hate About You* to his Oscar nomination for his performance in *Brokeback Mountain*, Ledger's biography is bound to intrigue young movie fans. *Lives Cut Short* is a series in Essential Library, an imprint of ABDO Publishing Company.

Heath Ledger - His Beautiful Life and Mysterious Death John McShane, 2008-04-07 Young, cocksure, handsome, and absurdly talented Australian actor Heath Ledger shot to prominence with his first Hollywood film *10 Things I Hate About You*, and a star was born. With huge charisma and smouldering looks lighting up the screen in a series of subsequent films, Heath was soon established as Hollywood A-list, dating a series of beauties such as Heather Graham and Naomi Watts, and living every young man's dream. But it was his award-winning and controversial role as Ennis Del Mar in *Brokeback Mountain* that cemented his place in the pantheon of acting greats; he was one of the youngest people ever to be nominated for an Oscar. And it was on the set of this film that he fell in love with his co-star Michelle Williams. Though the relationship wasn't to last, the couple had a daughter in 2005. With the world at his feet and a film-stealing turn in the new Batman movie *The Dark Knight*, in the can, there was worldwide shock and disbelief when the news broke that he had been found dead in his New York apartment on 22

January 2008 Prescription drugs found next to his dead body were thought to be the cause but mystery surrounded the circumstances Was it an accidental death Or were the pressures of life in the spotlight too great to bear What is certain is that this young man who touched the lives of so many people leaves behind a grief stricken public and family including a two year old daughter This is the tragic story of the brilliant actor whose light shone so brightly but all too briefly upon the world

Heath Ledger John Bankston,2002 Looks at the personal life and career of Australian actor Heath Ledger who achieved international fame and became a millionaire at the age of twenty one for his starring role in A Knight s Tale **Heath Ledger** Ray Tedman,2010 Heath Ledger s tragic death cut short a career that seemed headed for the very highest level of stardom Ledger s easygoing charisma and powerful understated acting formed a unique combination that seemed destined to shine for many years to come His groundbreaking performance in Brokeback Mountain led to roles as diverse as the title role in Casanova Bob Dylan in I m Not There the Joker in The Dark Knight and one of the four Tonys in The Imaginarium of Doctor Parnassus More great performances would doubtless have followed were it not for the actor s tragic death in January 2008

Alexis,2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity s Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been

fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity s Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age
