Einhorn, Sphinx und Salamander Jorge Luis Borges, Gisbert Haefs, 1982 **Einhorn, Sphinx und Salamander** Jorge Luis Borges, Gisbert Haefs, 1982 *Between Urban Topographies and Political Spaces* Fabio Vighi, Alexis Nuselovici, Mauro Ponzi, 2014-04-02 *Between Urban Topographies and Political Spaces* Threshold Experiences uses the term threshold as a means to understand the relationship between Self and Other as well as relationships between different cultures The concept of threshold defines the relationship between inside and outside not in oppositional terms but as complementaries This book discusses the cultural and social border areas of modernity which are to be understood not as zones in a territorial sense but as spaces in between in which different languages and cultures operate The essays in *Between Urban Topographies and Political Spaces* identify the dimension in urban topographies and political spaces where we are able to locate paradigmatic experiences of thresholds Because these spaces are characterized by contradictions conflicts and aporias we propose to rethink those hermeneutic categories that imply a sharp opposition between inside and outside This means that the theoretical definition of threshold put forward in these essays whether applied to history philosophy law art or cultural studies embodies new juridical and political stances *A Descriptive Catalogue of the Jorge Luis Borges Collection at the University of Virginia Library* C.
