early evening on March 25 of 1991 I wrote a small story called Transcendent of an adolescent using myself as a third person with a third person view since then I used writing as an outlet to express my most inner emotions while still looking at the world that was always evolving and revolving around me at all times while not only paying attention of my close friends family and surroundings I decided within that year to take on a journey of writing about all those experiences most where not my own but was always a good chance to help someone else along the way so here is the first book out of my trilogy to share with everyone as you may find some correlation with your life and what you might be experience at the moment or someone that you might know of enjoy the read as much as I enjoy writing it as there is as much as you in it as much as me as well as an author a person a friend a colleague a companion and as a man *Tablas filipinas, católicas o generales de los movimientos celestes, que con el nombre de "Tablas astronómicas nova-almagesticas"* Giovanni Baptista Riccioli (S.I.), 1744

De la tradición a las vanguardias** Juan Vadillo Comesaña,2023-07-31 El Romancero gitano De la tradición a las vanguardias es un ensayo de crítica literaria que describe la manera en que García Lorca va a transformar una serie de símbolos de la tradición popular andaluza para lograr una poesía vanguardista que no por ello deja de ser tradicional El ensayo propone una lectura del Romancero gitano a la luz del simbolismo tradicional Símbolos naturales de la poesía popular como el viento el río el olivar el olmo las zarzas aparecen transformados en los romances de Lorca la idea es identificarlos y entender la manera en que el poeta granadino puede crear imágenes vanguardistas a partir de ellos En este libro también se

hace una aproximación a la complejidad que entra a la pena andaluza Recordemos que Lorca había dicho en una conferencia que en su Romancero gitano no hay más que un solo personaje grande y oscuro como un cielo de estío un solo personaje que es la Pena Esta Pena con mayúscula que está en la raíz existencial del andaluz también va a ser expresada a veces de manera explícita otras alegóricas a lo largo del Romancero gitano El lector podrá identificar diversos aspectos de la Pena que Lorca despliega en su poemario A su vez encontrar en este libro el análisis de nueve conferencias del poeta granadino A fin de cuentas la intención es brindar al lector una serie de perspectivas y herramientas de análisis que le permitan enriquecer su lectura del Romancero gitano Psyche ,1912
