El control del gobierno Susana Thalía Pedroza de la Llave,1996-01-01 *El control de la administración pública y la corrupción institucional*. Allan R. Brewer Carías,2023-11-24 El Estado de derecho es esencialmente un Estado sometido a controles primero por parte de los ciudadanos mediante los mecanismos democráticos de participación política comenzando por el ejercicio del sufragio y segundo por parte de los poderes constituidos en sus relaciones entre sí que tienen que responder al principio de la separación de poderes que es de su esencia La Administración Pública como instrumento del Estado para la gestión en nombre de la colectividad de los intereses generales por tanto es la primera que tiene que estar sujeta a controles tanto para asegurar el cumplimiento de los fines que tiene asignada como el adecuado y eficiente manejo de los recursos públicos que se le asignan para ello Para ello es que se han desarrollado importantes regulaciones legislativas sobre los mecanismos de control sobre la Administración Pública los cuales incluso se han constitucionalizado incluyendo los destinados a asegurar la lucha contra la corrupción Sin embargo es evidente que no basta la consagración constitucional o legislativa de los mecanismos de control para asegurar su efectiva vigencia siendo indispensable para ello como condición mínima que el régimen político en el cual funcione el Estado y su Administración sea un régimen democrático en el cual entre sus elementos esenciales esté garantizada la necesaria separación e independencia de los poderes públicos cuya existencia es lo único que puede garantizar el control efectivo del ejercicio del poder por parte de los gobernantes Allan R Brewer Carías

Brewer Carías, 2023-11-22 Este libro recoge algunos de los estudios que he escrito entre 2018 y 2019 donde he venido analizado a manera de crónica constitucional sobre una Venezuela en las tinieblas desde algunas ejecutorias de la tenebrosa Asamblea Constituyente electa

en 2017 pasando por la lóbreguez de un régimen tiránico colapsado que en su proceso de extinción provocó el mayor apagón eléctrico blackout que haya ocurrido en el mundo sumiendo a todo el país a comienzos de marzo de 2019 en la oscuridad total por varios días hasta el nico asomo de esperanza democrática que el país tiene por delante que es la lámpara encendida de la Asamblea Nacional. Los trabajos fueron escritos aisladamente en diferentes tiempos y con propósitos y motivaciones diversas desde cuando ya se apreciaba el inicio del total y vertiginoso colapso del régimen autoritario que se instaló en el país desde 1999 cuando un grupo de exmilitares y sus servidores entonces asaltaron el poder con una inconstitucional Asamblea Constituyente colapso que fue acelerado también precisamente con el comienzo del funcionamiento de otra fantasmagórica Asamblea Constituyente en 2017 igualmente convocada en forma inconstitucional y fraudulenta repitiéndose así como tragedia lo que veinte años atrás fue una farsa.
