Quiroga, 2008-07-07 El ser humano es un peligro para las serpientes y para la selva y por eso una de ellas convoca a las víboras y a las culebras a una asamblea en la que les revela que el hombre vive en las proximidades. Con esta presentación tan a ras de suelo Horacio Quiroga obliga a sus lectores grandes y chicos a plantearse la sociedad de los seres vivos como la de una balanza que siempre se desequilibra por el lado de los humanos      **Poe and Place** Philip Edward Phillips, 2018-10-23

This collection of fifteen original essays and one original poem explores the theme of place in the life works and afterlife of Edgar A Poe 1809-1849. Poe and Place argues that place is an important critical category through which to understand this classic American author in new and interesting ways. The geographical places examined include the cities in which Poe lived and worked, specific locales included in his fictional works, imaginary places featured in his writings, physical and imaginary places and spaces from which he departed and those to which he sought to return, places he claimed to have gone and places that have embraced him as their own. The geo-critical and geo-spatial perspectives in the collection offer fresh readings of Poe and provide readers new vantage points from which to approach Poe's life, literary works, aesthetic concerns and cultural afterlife.

**Pariah in the Desert** Todd S. Garth, 2016-08-29 This is the first book in English on Horacio Quiroga. Uruguay 1878, Argentina 1937: a canonical author whose works are read by all advanced students of Spanish in the US and many other countries. The study examines Quiroga's work through the theoretical lens of the heroic, a lens elaborated in part by means of Quiroga's own disquisitions on the subject and the complementary phenomenon of the monstrous. This lens serves to elucidate many evidently obscure and self-contradictory aspects of Quiroga's work and its relation to the context in which he lived. That context included the neo-colonial social and economic milieu of Argentina's fast-changing immigrant-charged, increasingly materialistic society; the growing influence of foreign cultural discourses, particularly Hollywood film; the conflict between the genders in a society that embraced modernity but resisted changes in gender roles; the weight of new scientific discourses, especially Darwinian evolution in social and political thought; and the impact on pedagogical theory and practice of these multiple changing discourses. This study discloses the extraordinary range of Quiroga's work, which includes erotic romance, science fiction and fantasy, psychological occult, social satire, a great variety of juvenile literature, outdoor adventure, and most familiar to readers in the United States, gothic and naturalist horror. The book concludes that Quiroga's consistent imperative of the heroic is essential to reconciling these various evidently incompatible aspects of Quiroga's poetics, revealing its theoretical and ethical coherence.
