Argentine life and development since colonial days This sentiment is an exalted and haughty patriotism so intense indeed that the tone with which an Argentine says Soy argentino is no whit less assertive and proud than that in which citizens of ancient Rome were wont to say Civis Romanus sum Whatever the origin of this sentiment the evidences of it are irrefutable Argentina has to day about nine million inhabitants of these fully two thirds are of recent foreign origin mainly Italian and Spanish and to a much smaller extent English French and German Argentina in other words has relatively a much larger population of recent foreign extraction than the United States Nevertheless the hyphen does not exist in Argentina and the terms Italo Argentine Hispano Argentine Franco Argentine etc are entirely unknown The jealous and uncompromising patriotism of the Argentine makes hyphenated national designations impossible If we turn from the evidence of purely popular sentiment to the more sober and more controlled evidence of literature we find the same thing Take away from the literature of Argentina the theme of patriotism and you have taken away its most distinctive and its greatest life giving element It has been said and justly that the Italian literature of the nineteenth century centered entirely about the theme of Italian unification voicing during the first half of the century the aspirations of her great men for a united Italy and during the second half intoning the p an of joy at the accomplishment of those aspirations The same may be said of Argentine literature The names of the great leaders of her immortal Revolution both against the mother country and later against the internal caudillo tyrants the most important of whom was Rosas and the deeds that they performed recur again and again through the pages of her men of letters whatever be the form of literature they engage in narrative dramatic or poetic **Death,**
