*Transnational Encounters* Alejandro L. Madrid, 2011-09-29 Through the study of a large variety of musical practices from the U S Mexico border *Transnational Encounters* seeks to provide a new perspective on the complex character of this geographic area By focusing not only on norte a banda or conjunto musics the most stereotypical musical traditions among Hispanics in the area but also engaging a number of musical practices that have often been neglected in the study of this border s history and culture indigenous musics African American musical traditions pop musics the authors provide a glance into the diversity of ethnic groups that have encountered each other throughout the area s history Against common misconceptions about the U S Mexico border as a predominant Mexican area this book argues that it is diversity and not homogeneity which characterizes it From a wide variety of disciplinary and multidisciplinary enunciations these essays explore the transnational connections that inform these musical cultures while keeping an eye on their powerful local significance in an attempt to redefine notions like border nation migration diaspora etc Looking at music and its performative power through the looking glass of cultural criticism allows this book to contribute to larger intellectual concerns and help redefine the field of U S Mexico border studies beyond the North South and American Mexican dichotomies Furthermore the essays in this book problematize some of the widespread misconceptions about U S Mexico border history and culture in the current debate about immigration

**El Gringo** William Watts Hart Davis, 1857

**Heart of Palms** Meredith W.

Cornett, 2014-03-15 *Heart of Palms* is a clear eyed memoir of Peace Corps service in the rural Panamanian village of Tranquilla through the eyes of a young American woman trained as a community forester In the storied fifty year history of the US Peace Corps *Heart of Palms* is the first Peace Corps memoir set in Panama the slender isthmus that connects two continents and two oceans In her memoir Meredith Cornett transports readers to the remote village of Tranquilla where dugout canoes are the mainstay of daily transportation life and nature are permeated by witchcraft and a restless night s sleep may be disturbed by a raiding phalanx of army ants Cornett is sent to help counter the rapid deforestation that is destroying the ecosystem and livelihoods of the Panama Canal watershed region Her first chapters chronicle her arrival and struggles not only with the social issues of language loneliness and insecurity but also with the tragicomic basics of mastering open fire cookery and intrusions by insects and poisonous snakes As she grows to understand the region and its people her keen eye discerns the overwhelming scope of her task Unable to plant trees faster than they are lost she writes with moving clarity about her sense of powerlessness Combating deforestation leads Cornett into an equally fierce battle against her own feelings of fear and isolation Her journey to Panama becomes a parallel journey into herself In this way *Heart of Palms* is much more than a record of her Peace Corps service it is also a moving environmental coming of age story and nuanced meditation on one village s relationship to nature When she returns home two years later Cornett brings with her both skills and experience and a remarkable newfound sense of confidence and mission Writing with rueful self deprecating humor

Cornett lets us ride along with her on a wave of naive optimism a wave that breaks not only on fear and intimidation but also on tedium and isolation Heart of Palms offers a bracing alternative to the romantic idealism common to Peace Corps memoirs and will be valued as a welcome addition to writing about the Peace Corps and environmental service *El Gringo* W.W.H. Colburn, 2018-06-05 After decades of ideological struggle much of it in the service of an elusive socialist ideal Latin America has embraced liberalism democracy and unfettered markets But liberalism has triumphed more by default than through exuberance The region s democracies are fragile and lethargic Despite pronounced social inequality widespread poverty and other difficulties the populace is not engaged in deep discussions about state and society The end of ideological contests has dampened political conflict but likewise lessened the sense of urgency for solving trenchant problems Political fatigue and devotion to acquisition have smothered egalitarianism as even an ideal There is an uneasy social indifference Latin America at the End of Politics explores this period of circumscribed political passions through deft portrayals of crucial political economic social and cultural issues governance entrepreneurs and markets urban bias poverty the struggle for women s equality consumerism crime environmental degradation art and migration of the poor Discussions of these issues are enriched by the poignant narratives of emblematic individuals many of whom are disoriented by the ideological void of the era Forrest Colburn s highly original analysis draws on his deep scholarly and personal familiarity with Latin America The collage of issues discussed set in a provocative framework offers a compelling interpretation of Latin America in the aftermath of the last century s ideological battles and a way to begin to talk about the region s future Gabriel García Márquez and the Cinema Alessandro Rocco, 2014 This book focuses on Gabriel Garcia Marquez s relations with the world of cinema Far from being an occasional occupation Garc a M rquez s film work

forms an intrinsic part of his overall aesthetic and literary poetics The book s primary aim is to present a detailed study of Garcia M rquez s wide ranging filmography which has never received a comprehensive systematic analysis Rocco argues that it should be recognised as an integral part of the author s narrative output and brought into the mainstream of studies concerning his literary activity The first part of the book reconstructs the trajectory of Garcia Marquez s career in cinema and his connections with the world of film The second part looks at all the screenplays written by Garc a M rquez on which actual films have been based These are examined chronologically but also analysed according to thematic and aesthetic concerns and placed in relation to the novels and short stories with which they are twinned in terms of the film product Book jacket
