Undeniable Biblical Proof Jesus Christ Will Return to Planet Earth Exactly 2,000 Years After the Year of His Death Gabriel Ansley,2010 Let me ask you a question you probably never pondered WHY did God create the world in 6 days Do you think God had NO logic motive or purpose behind using that specific number of days Do you think He just placed a bunch of numbers in a hat and nonchalantly drew one Or do you think the cosmos required that number of days to be completed as if God could not have created it in 2 3 5 9 12 23 or however many days Friend you should know better God can DO ANYTHING which brings us back to the original question The answer to this mystery is contained in the Bible and its gradual albeit secret uncovering in story after story leads to the stunning title of this book Undeniable Biblical Proof Jesus Christ Will Return To Planet Earth Exactly 2 000 Years After The Year Of His Death But FAR more important than merely discovering that fact this book will fully elucidate and crush all confusion concerning what a person soul MUST DO to obtain eternal life by illuminating the true spiritual meaning behind every detail of the ancient Bible stories So sit back and hold on because this book s message is going to be a life changing ride

Living Law Miguel E. Vatter,2021 In his 1935 treatise on divine sovereignty the Jewish philosopher Martin Buber introduced the idea of an anarchic soul of theocracy A decade before the German jurist Carl Schmitt had coined the term political theology in order to designate the Christian theological foundations of modern sovereignty and legal order In a specular and opposite gesture Buber argued that the covenant at Sinai established YHWH as the King of the Israelites and simultaneously promulgated the principle that no human being could become sovereign over this people In so doing Buber offered an interpretation of Jewish theocracy that is both republican and anarchic Republican because by pivoting on the idea

that democracy is a function of a people's fidelity to a prophetic higher law theocracy displaces the central role of the human sovereign Anarchic because this divine law is saturated with the messianic aim to put an end to relations of domination between peoples In this book I show that this republican and anarchic articulation of the discourse of political theology characterises the development of Jewish political theology in the 20th century from Hermann Cohen to Hannah Arendt

W Stoker,1996 Traditionally religion was the supplier of meaning It is often said that the quest for meaning is at bottom a quest for God a quest that can only find an adequate answer in religion But then what is the alternative for those who reject religion Emptiness and meaninglessness as Nietzsche succinctly formulated it We have killed God Are we not straying as through an infinite nothing In the meantime non believers have found a solution for the crisis in meaning People are not usually nihilists but live their lives and consider them to be meaningful without religion This study is concerned with determining once again the place of the ascription of meaning from the perspective of the Christian faith in its relation to the non religious ascription of meaning For this purpose an analysis is given of contemporary theological and philosophical views of the problem of meaning The crisis of meaning as it has arisen in Nietzsche and the theatre of the absurd is examined Stoker also discusses contemporary forms of the ascription of meaning without religion such as self actualization and functional rationality as sources of meaning Stoker rejects an apologetics of need He posits that the Christian faith does not have an exclusive right to the ascription of meaning but this obtains also for secular forms of the ascription of meaning such as humanism Is God then the ultimate concern of each person From the perspective of the Christian faith yes but this does not mean that the non religious ascription of meaning as such must be viewed negatively Stoker illustrates how the religious and the non religious ascriptions of meaning are similar and how they differ Both are intended to be the source of meaning for human questions of life and death With respect to their differences the author demonstrates that the ascription of meaning from the perspective of the Christian faith does not entail a disqualification of a non religious worldview but is intended to make people more human *Eclectic Magazine, and Monthly Edition of the Living Age* ,1883 *South Asia Bible Commentary* Zondervan,2015-10-06 A one volume commentary written and edited by South Asian Biblical scholars on all the books of the Bible For the purposes of this commentary South Asia was defined as the SAARC countries namely India Sri Lanka Nepal Bangladesh Pakistan Bhutan and the Maldives The contributing scholars from these countries addressing these countries specific concerns have adopted the following key principles Integrity Articles are written within the confines of the Lausanne Covenant and all contributions are in line with and support the confessional direction of the Lausanne Covenant Interpretation The commentary offers readers a contextual and readable guide interpreting the biblical text section by section rather than delving too deeply into critical and exegetical details South Asian
