Sanchez,2015-03-27 What difference does the Spirit make in the life of Jesus and in our lives Answering that question without doing away with the divine dignity of Christ has been a challenge in the distant and recent past But this need not be the case The current work is a contribution to the growing field of Spirit Christology which seeks to enrich the classic Logos Christology of the ecumenical Councils with a Spirit oriented trajectory Sanchez tests the productivity of a Spirit Christology as a theological lens for assessing the main events of Jesus life and mission accounts of the atonement the significance of the incarnation the concepts of person and relation and models of the Trinity Seeing Christ as the privileged locus of the Spirit also has implications for the church s life in the Spirit Sanchez shows how a Spirit Christology fosters Christian practices such as proclamation prayer and sanctification Among the highlights of this work the reader will note the author s assessment of early church fathers readings of the place of the Spirit in the anointing of Jesus a constructive proposal towards the complementarity of Logos and Spirit Christologies ecumenical engagement with various theological traditions in the East and the West and the first constructive assessment of the field informed by the Lutheran tradition

Our haunted world, Spiritual attacks, and God's protection Dr. Anthony B. Atwam (PhD),2025-09-22 The struggle for personal success justice freedom righteousness and well being is a concern of every human being Some liberation movements have rightly located these problems in unjust societal structures such as capitalism colonisation hierarchy human greediness disobedience to God and so on These observations often overlook the impact of the spiritual realm on human life At the global level it leads the world and humanity astray from God ordained place in the universe We are wrestling against spiritual powers in all seven gates of society government education arts and entertainment economy media family and religion At the personal level many people do not have peace good health righteousness material prosperity justice and eternal life Most people pay attention to the subject only when they experience it Others dismiss it as myth or unscientific Science does not deal with spiritual issues these belong to the realm of the supernatural which comes under theology or more broadly religion and spirituality The ultimate spiritual protection is from God and He gives it to the righteous People should not be afraid of spiritual attacks One can easily overcome spiritual problems if one faithfully loves God and lives in obedience to God Thus this book examines and contributes to the kind of help people need to understand spiritual attacks how they happen why they happen how God rescues us and what people should do This book is a contribution to a theology of redemption

Role of the Holy Spirit in Protestant Systematic Theology Wilson Varkey,2011-08 This volume is a meticulously researched text on pneumatology that puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of

interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action
