Eternal Words Swami Siddhananda, Swami Adbhutananda or Latu Maharaj was one of the sixteen monastic disciples of Sri Ramakrishna Swami Vivekananda called him Sri Ramakrishna s greatest miracle He remarked upon Latu Maharaj s uniqueness saying Latu progressed so quickly in the spiritual realm that considering the different circumstances of his background and ours he is far greater than us We were all born of high ancestry and came to the Master with an intellect refined by formal education whereas Latu was entirely illiterate If we did not care to meditate or do other spiritual practices we could escape such a mood by studying But Latu had no other recourse He had to hold on to a single idea throughout his life Starting from a very ordinary and low state by keeping his mind unruffled by meditation and other spiritual practices alone Latu became fit to

Baba God equals man minus ego are echoed by Dr Joshua David Stone in his seminal work Soul Psychology A veteran transpersonal psychologist and family counselor Dr Stone teaches us how our entire understanding of ourselves and others is completely changed when we integrate our soul into the way we live our lives Based on eighteen years of Dr Stone s practice this book is not a psychological approach to spirituality It is rather a spiritual approach to the psychology of everyday living At the heart of Soul Psychology is emotional healing through the dismantling of the negative ego a psychological cancer that prevents us from acting in accordance with our soul s true nature and purpose This negative energy drives us to find our security outside of ourselves whereas the only true security is one that is grounded in having a right relationship with self and a right relationship with the Divine To guide us onto this path of spiritual ascension Soul Psychology offers a stimulating new viewpoint that expands the boundaries of traditional spiritual practice providing a wealth of accessible and powerful meditations and exercises including The six step process for healing and spiritualizing emotions The spiritual science of the seven rays and the twenty two chakras Methods for clearing negative psychic energies that inhibit soul growth The one hundred most common pitfalls and traps on the spiritual path
