Hayes,2009 Covers world authors from many periods and genres building an understanding of the various contexts from the biographical to the literary to the historical in which literature can be viewed Identifies the significant literary devices and global themes that define a writer s style and place the author in a larger literary tradition as chronicled and evaluated by critics over time *Great Stories from the Prairies* Birk Sproxton,2000 As expansive as a prairie sky as refreshing as a cool breeze on a hot summer day *Great Stories from the Prairies* collects the best prairie stories of the last one hundred years From Frederick Phillip Grove s classic *Snow* to the contemporary delights of Sandra Birdsell and Carol Shields prairie writers have existed always in relation to landscape and a strong sense of place Tracing the development of prairie writing over one hundred years *Great Stories from the Prairies* reveals how broad the influence of landscape but also provides refreshing insight into its many nuances You will find for instance traditional cultural icons of wind dust and the

vast expanse of land and sky But nestling against them you will discover the rich circuitry of city life as in the stories of Guy Vanderhaeghe Carol Shields and Meeka Walsh Playing off that nuance are the parklands and boreal forests of Kristjana Gunnars and W D Valgardson s great inland sea of Lake Winnipeg But perhaps Great Stories from the the Prairies is best characterized by Margaret Laurence who speculates about how prairie dwellers with their horizon accustomed eyes see the world differently from other Canadians This unique collection celebrates that distinct view **Education Manitoba** ,1988
