Jerusalem      **The Quranic Noah and the Making of the Islamic Prophet** Carlos A. Segovia, 2015-09-25 Still in its infancy because of the overly conservative views and methods assumed by the majority of scholars working in it since the mid 19th century the field of early Islamic and quranic studies is one in which the very basic questions must nowadays be addressed with decision Accordingly this book tries to resituate the Qur n at the crossroads of the conversations of old to which its parabiblical narratives witness and explores how Muhammad s image which was apparently modelled after that of the anonymous prophet repeatedly alluded to in the Qur n originally matched that of other prophets and or charismatic figures distinctive in the late antique sectarian milieu out of which Islam gradually emerged Moreover it contends that the Quranic Noah narratives provide a first hand window into the making of Muhammad as an eschatological prophet and further examines their form content purpose and sources as a means of deciphering the scribal and intertextual nature of the Qur n as well as the Jewish Christian background of the messianic controversy that gave birth to the new Arab religion The previously neglected view that Muhammad was once tentatively thought of as a new Messiah challenges our common understanding of Islam s origins      **The Qur'an's Reformation of Judaism and Christianity** Holger M. Zellentin, 2019-03-20 This volume explores the relationship between the Qur an and the Jewish and Christian traditions considering aspects of continuity and reform The chapters examine the Qur an s retelling of biblical narratives as well as its reaction to a wide array of topics that mark Late Antique religious discourse including eschatology and ritual purity prophetology and paganism and heresiology and Christology Twelve emerging and established scholars explore the many ways in which the Qur an updates transforms and challenges religious practice beliefs and narratives that Late Antique Jews and Christians had developed in dialogue with the Bible The volume establishes the Qur an s often unique perspective alongside its surprising continuity with Judaism and Christianity Chapters focus on individual suras and on intra Qur anic parallels on the Qur an s relationship to pre Islamic Arabian culture on its intertextuality and its literary intricacy and on its legal and moral framework It illustrates a move away from the problematic paradigm of cultural influence and instead emphasizes the Qur an s attempt to reform the religious landscape of its time The Qur an s Reformation of Judaism and Christianity offers new insight into the Islamic Scripture as a whole and into recent methodological developments providing a compelling snapshot of the burgeoning field of Qur anic studies It is a key resource for students and scholars interested in religion Islam and Middle Eastern Studies      **Qur'an** Nicolai Sinai, 2018-09-30 Overturns orthodox thinking about morality in Shakespeare s plays by updating our understanding of the human mind      **Exegetical Crossroads** Georges Tamer, Regina Grundmann, Assaad Elias Kattan, Karl Pinggéra, 2017-12-18 The art of interpreting Holy Scriptures flourished throughout the culturally heterogeneous pre modern Orient among Jews Christians and Muslims Different ways of interpretation developed within each religion not without considering the others How were the interactions and how productive were they for the further development of these traditions Have there been blurred spaces of scholarly activity that

transcended sectarian borders What was the role played by mutual influences in profiling the own tradition against the others These and other related questions are critically treated in the present volume

*The Qur'an and Late Antiquity* Angelika Neuwirth, 2019-02-19 In this book Angelika Neuwirth provides a new approach to understanding the founding text of Islam Typical exegesis of the Qur'an treats the text teleologically as a fait accompli finished text or as a replica or summary of the Bible in Arabic Instead Neuwirth approaches the Qur'an as the product of a specific community in the Late Antique Arabian peninsula one which was exposed to the wider worlds of the Byzantine and Sasanian empires and to the rich intellectual traditions of rabbinic Judaism early Christianity and Gnosticism A central goal of the book is to eliminate the notion of the Qur'an as being a historical She argues that it is in fact highly aware of its place in late antiquity and is capable of yielding valuable historical information By emphasizing the liturgical function of the Qur'an Neuwirth allows readers to see the text as an evolving oral tradition within the community before it became collected and codified as a book This analysis sheds much needed light on the development of the Qur'an's historical theological and political outlook The book's final chapters analyze the relationship of the Qur'an to the Bible to Arabic poetic traditions and more generally to late antique culture and rhetorical forms By providing a new introduction to the Qur'an one that uniquely challenges current ideas about its emergence and development The Qur'an and Late Antiquity bridges the gap between Eastern and Western approaches to this sacred text

*Jerusalem in Memory and Eschatology* Emma O'Donnell Polyakov, 2025-06-12 Investigating a range of eschatological ideologies this volume explores the connection between notions of sacred space and time in Jewish Christian and Muslim understandings of Jerusalem The recognition of Jerusalem as a holy city both unites and divides Judaism Christianity and Islam While these three religious traditions share a reverence for the same ancient city this veneration leads more often to tension and violence than to commonality and cooperation Each of these religions draws heavily from religious memory and eschatological prophecies and sees Jerusalem as a site of past and future upheaval however the distinctions in their visions imbue Jerusalem with meanings that reinforce conflicting and contested ideologies Offering multiple analyses of religious interpretations of

the city and its sacred sites this volume explores these divergent visions of the remembered and anticipated Jerusalem

**Revelation in the Qur'an** Simon P. Loynes, 2021-02-08 In

Revelation in the Qur'an Simon P. Loynes presents a semantic study of the Arabic roots *n-z-l* and *w-y* in order to elucidate the modalities of revelation in the Qur'an. Through an exhaustive analysis of their occurrences in the Qur'an and with reference to pre-Islamic poetry, Loynes argues that the two roots represent distinct occurrences, with the former concerned with spatial events and the latter with communicative. This has significant consequences for understanding the Qur'an's unique concept of revelation and how this is both in concord and at variance with earlier religious traditions.
