Developing Core Literacy Proficiencies, Grade 11 Odell Education, 2016-09-06 The Developing Core Literacy Proficiencies program is an integrated set of English Language Arts Literacy units spanning grades 6-12 that provide student-centered instruction on a set of literacy proficiencies at the heart of the Common Core State Standards (CCSS). Reading Closely for Textual Details, Making Evidence-Based Claims, Making Evidence-Based Claims about Literary Technique, Grades 9-12 Researching to Deepen Understanding, Building Evidence-Based Arguments. The program approaches literacy through the development of knowledge, literacy skills, and academic habits. Throughout the activities, students develop their literacy along these three paths in an integrated, engaging, and empowering way. Knowledge: The texts and topics students encounter in the program have been carefully selected to expose them to rich and varied ideas and perspectives of cultural significance. These texts not only equip students with key ideas for participating knowledgeably in the important discussions of our time but also contain the complexity of expression necessary for developing college- and career-ready literacy skills. Literacy Skills: The program articulates and targets instruction and assessment on twenty CCSS-aligned literacy skills ranging from making inferences to reflecting critically. Students focus on this set of twenty skills throughout the year, and the program continually applies them in new and more sophisticated ways. Academic Habits: The program articulates twelve academic habits for students to develop, apply, and extend as they progress through the sequence of instruction. Instructional notes allow teachers to introduce and discuss academic habits such as preparing and completing tasks that are essential to students' success in the classroom. The program materials include a comprehensive set of instructional sequences, teacher notes, handouts, assessments, rubrics, and graphic organizers designed to support students with a diversity of educational experiences and needs. The integrated assessment system centered around the literacy skills and academic habits allows for the coherent evaluation of student literacy development over the course of the year and vertically across all grade levels.

What You Need to Know Before Leaving Home Jeff McDonnell, 2018-05-31 Okay, now what? It's the normative, if not a little panicked question every new parent has been asking for thousands of years at the birth of their first child. It's also the question that resurfaces at every significant stage in our kids' development. Left unanswered or answered incorrectly, the consequences can be disastrous for everyone. But there exists an effective and proven way to raise good kids to launch into today's world. This book is written as one big thought-provoking letter from a Mom and Dad to their kids, and it will equip the whole family to that end. It doesn't take a PhD, a counseling degree, a radio show, or an advice column to get it done either. It only takes a commitment to be intentional with your parenting. *What You Need to Know Before Leaving Home* is the answer to the question, where can I find a parenting manual for my kids? This manual offers a timeless worldview and value system to lead the whole family towards that which is noble and good. In short, it's a guidebook to doing good.
