The Serendipity Mindset Christian Busch, 2020-06-09 Good luck isn't just chance it can be learned and leveraged and The Serendipity Mindset explains how you can use serendipity to make life better at work at home everywhere Many of us believe that the great turning points and opportunities in our lives happen by chance that they're out of our control Often we think that successful people and successful companies and organizations are simply luckier than the rest of us Good fortune serendipity just seems to happen to them Is that true Or are some people better at creating the conditions for coincidences to arise and taking advantage of them when they do How can we connect the dots of seemingly random events to improve our lives In *The Serendipity Mindset* Christian Busch explains that serendipity isn't about luck in the sense of simple randomness It's about seeing links that others don't combining these observations in unexpected and strategic ways and learning how to detect the moments when apparently random or unconnected ideas merge to form new opportunities Busch explores serendipity from a rational and scientific perspective and argues that there are identifiable approaches we can use to foster the conditions to let serendipity grow Drawing from biology chemistry management and information systems and using examples of people from all walks of life Busch illustrates how serendipity works and explains how we can train our own

serendipity muscle and use it to turn the unexpected into opportunity Once we understand serendipity Busch says we become curators of it and luck becomes something that no longer just happens to us it becomes a force that we can grasp shape and hone Full of exciting ideas and strategies The Serendipity Mindset offers a clear blueprint for how we can cultivate serendipity to increase innovation influence and opportunity in every aspect of our lives [The British National Bibliography](#) Arthur James Wells,2006 [The Mixer and Server](#) ,1914 [Creating an Herbal Bodycare Business](#) Sandy Maine,1999-01-01 Provides tips on building a successful company in enterprises such as aromatherapy massage and natural skincare **The Leather Worker's Journal** ,1907 **Feng Shui: Seeing Is Believing** Jampa Ludrup,2013-02-18 In this pithy and practical handbook Ven Jampa Ludrup lays out the fundamentals of feng shui without any of the opaque mysticism that sometimes clouds the practice The aim of this book he writes is to help you have more happiness in your life Through his easy to understand instructions diagrams and photos Ludrup illustrates how simple alterations to the layout of your home can vastly improve specific areas of your life romance prosperity health or whatever is troubling you With nothing more than this book and a good compass you can rearrange your house your fortune and your life The book comes with a handy pocket sized chart that you can carry with you to job interviews or first dates any important events so that you can be confident that you will be able to achieve the best possible outcome **The Leather Workers' Journal** ,1907 **50 Gurus da Gestão para o séc.
