powerful maritime ubarates and their allies have now beached upon the mainland and are utilizing the city of Torcodino as a repository for supplies in preparation to march on a nigh undefended and unprepared Ar Should Ar fall the disinterested tolerances and neutralities and even the balance of power long sustained between Ar and the great maritime ubarates things that made the existence of the independent companies possible will vanish a development threatening the very existence of the independent companies But when Cabot arrives in Ar it is a city rife with doubt dissension and treason To whom shall the letters be delivered and whom can he trust Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire Mercenaries of Gor is the 21st book in the Gorean Saga but you may enjoy reading the series in any order
