The Conceptual Worlds of the Fourth Gospel Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over under and through John s story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author s own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a

particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity **The Gospel of Thomas** Simon James Gathercole,2014-05-22 In this new commentary on the controversial Gospel of Thomas Simon Gathercole provides the most extensive analysis yet published of both the work as a whole and of the individual sayings contained in it This commentary offers a fresh analysis of Thomas not from the perspective of form criticism and source criticism but seeks to elucidate the meaning of the work and its constituent elements in its second century context With its lucid discussion of the various controversial aspects of Thomas and treatment of the various different scholarly views this is a foundational work of reference for scholars not just of apocryphal Gospels but also for New Testament scholars Classicists and Patrologists *Early Egyptian Christianity* C. Wilfred Griggs,2000-01-01 In this study the history of Christianity in Egypt is discussed from its earliest recorded origins until 451 CE when the Egyptian Coptic Church became the national religion During this period we observe the development of features unique to Egyptian Christianity such as the imposition of Catholic ecclesiasticism in Alexandria and southward and the presence of forces that would lead to the establishment of a national religion This study will greatly contribute to an increased understanding of early Egyptian history as well as to the understanding of early Christianity in general **The Care of the Self in Early Christian Texts** Deborah Niederer Saxon,2017-10-05 This book presents the first three Christian centuries through the lens of what Foucault called the care of the self This lens reveals a rich variation among early Christ movements by illuminating their practices instead of focusing on what we anachronistically assume to have been their beliefs A deep analysis of the discourse of martyrdom demonstrates how writers like Clement Ignatius and Polycarp represented self care Deborah Niederer Saxon brings to light an entire spectrum of alternative views represented in newly discovered texts from Nag Hammadi and elsewhere This insightful analysis has implications for feminist scholarship and exposes the false binary of thinking in terms of orthodoxy versus heresy Gnosticism *Expository thoughts on the Gospels, with the text complete* John Charles Ryle (bp. of Liverpool.),1873 **Patristic and Text-Critical Studies** Jan Krans,Joseph Verheyden,2011-12-09 William L Bill Petersen 1950 2006 was a prominent Diatessaron scholar and New Testament textual critic This collection brings together thirty two of his essays enabling an overview of his impressive and wide ranging scholarship on Romanos the Melodist Tatian and his Diatessaron Patristic studies and New Testament textual criticism It will be of value for all those interested in the state and method of these fields of study on which it offers engaging and sometimes provocative perspectives *The Lost Books of the Bible* William Jones , Unlock the forgotten treasures of antiquity and embark on an enthralling journey through the lost books of the Bible The Lost Books of the Bible Unveiling Ancient Secrets and Hidden Wisdom is an illuminating exploration of the texts that were once hidden from the mainstream yet held profound significance for the early Christian communities Step into the realms of ancient wisdom as we delve into the enigmatic worlds of the Book of Enoch the Gospel of Thomas the Apocalypse of Peter and many others Each chapter unveils a captivating tapestry of

Puzzling the Parables of Jesus Ruben Zimmermann, 2015-11-02 Modern scholarship on the parables has long been preoccupied with asking what Jesus himself said and what he intended to accomplish with his parables Ruben Zimmermann moves beyond that agenda to explore the dynamics of parabolic speech in all its rich complexity Introductory chapters address the history of research and distinguish historical from literary and reader oriented approaches then set out a postmodern hermeneutic that analyzes narrative elements and context maps the sociohistorical background explores stock metaphors and symbols and opens up contemporary horizons of interpretation Subsequent chapters then focus on one parable from early Christian sources Q Mark Matthew Luke John and the Gospel of Thomas to

explore how parables function in each literary context Over all reigns the principle that the meaning or theological message of a parable cannot be extracted from the parabolic form thus the parables continue to invite hearers and readers involvement to the present day **The Theology of the Gospel According to Thomas** Bertil Edgar Gärtner, 1961
