Furniture Designing and Draughting Alvan Crocker Nye, 1907 *Furniture Designing and Draughting* Alvan Crocker Nye, 2015-07-21 Excerpt from Furniture Designing and Draughting Notes on the Elementary Forms Methods of Construction and Dimensions of Common Articles of Furniture This book for the use of students architects and others who at times find it desirable to make drawings for furniture has been prepared from material collected during an experience of some years as a designer of furniture for several of the most important furniture makers in New York City It is assumed that a knowledge of how projection and perspective drawings are made has been obtained and that the general principles of design and ornamental forms are familiar to the reader It describes methods of construction as far as they relate to draughtsman s work but stops there for it is not the intention to make this an instruction book for those who wish to become cabinet makers The man at the bench may however find the parts relating to designing of interest even though the practical details are already known and seem to him incomplete because many mechanical matters that he realizes are necessary in making furniture are not mentioned Construction details that have been omitted were not thought essential to the

draughtsman and if known by him would be of no service in making the design or working drawing as they would not appear on either About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
