Arthur Nikisch Roger Allen,2025-04-15 Considers Nikisch as a primary link between the later nineteenth century performance practice and the twentieth century fetishisation of the superstar conductor as a commercially driven phenomenon The Hungarian born conductor Arthur Nikisch 1855 1922 was among the first of the new breed of virtuoso conductors who came to prominence in the immediate aftermath of Wagner As a youthful violinist in the Vienna Court Orchestra he played under Wagner Verdi and Brahms in 1895 he reached the pinnacle of German musical life as Chief Conductor of the Leipzig Gewandhaus and Berlin Philharmonic Orchestras His career was however by no means confined to Austro German lands He spent four seasons in the USA as Director of the Boston Symphony Orchestra and travelled regularly to conduct in Imperial Russia His visits to Britain had a significant impact on London s concert life through his associations with the newly opened Queen s Hall the fledgling London Symphony Orchestra Covent Garden Opera House and even as piano accompanist at the Bechstein later Wigmore Hall He was also a fervent champion of the music of non Austro German composers such as the Russian Pyotr Ilyich Tchaikovsky and the Englishman Edward Elgar This book considers Nikisch s role and influence as a leading musical executant within the declining Habsburg monarchy and the ascendant German Empire It also examines how the newly established phenomenon of the virtuoso conductor reached across international boundaries at a time when hardening ideologies and shifting political allegiances were leading towards the disintegration of the old Europe in the carnage of the First World War It considers Nikisch as a primary link between the later nineteenth century performance practice and aesthetics of Wagner and the twentieth century phenomenon of the all powerful superstar conductor who came to surpass even the composer in importance **Waking the Face That No One Is** Louis Marvick,2021-11-22 Poetry and music have seldom been more closely associated than at the end of the nineteenth century and the texts in which Baudelaire and Wagner Mallarm and Scriabin Maeterlinck and Debussy evoked the reader s

Vital Performance Andrew Snedden, 2021-03-19 Historically Informed Performance or HIP has become an influential and exciting development for scholars musicians and audiences alike Yet it has not been unchallenged with debate over the desirability of its central goals and the accuracy of its results The author suggests ways out of this impasse in Romantic performance style In this wide ranging study pianist and scholar Andrew John Snedden takes a step back examining the strengths and limitations of HIP He proposes that many problems are avoided when performance styles are understood as expressions of their cultural era rather than as simply composer intention explaining not merely how we play but why we play the way we do and why the nineteenth century Romantics played very differently Snedden examines the principal evidence we have for Romantic performance style especially in translation of score indications and analysis of early recordings finally focusing on the performance styles of Liszt and Chopin He concludes with a call for the reanimation of culturally appropriate performance styles in Romantic repertoire This study will be of great interest to scholars performers and students to anyone wondering about how our performances reflect our culture and about how the Romantics played their own culturally embedded music
