Future Of Islam In The Middle East Fundamentalism In Egypt Algeria And Saudi Arabia:

The Political Thought of Sayyid Qutb Sayed Khatab, 2006-04-18 This new book takes a literary approach in its study of Sayyid Qutb one of the most significant political thinkers for contemporary Islamists and who has greatly influenced the likes of Osama Bin Laden Executed by the Egyptian state in 1966 his books continue to be read and his theory of jahiliyya ignorance is still of prime importance for radical Islamic groups Through an examination of his thoughts and theories the book explores the main concepts that are used by today's radical fundamentalist movements tracing the intellectual origins as well as the conceptual and methodological thinking of radical Islamist movements in the modern world The book sheds light on Islamic radicalism and its origins by presenting new analysis on the intellectual legacy of one of the most important thinkers of the modern Islamic revival This is an invaluable new book for our time

Self-Defence in International and Criminal Law Onder Bakircioglu, 2011-05-11 The book provides a broad and interdisciplinary approach to the doctrine of self defence in both domestic criminal and international law In particular it focuses on the requirement of imminence which deals with the question of when individuals or States may legitimately resort to defensive force against a serious danger or harm Drawing from scholarship across law history politics and philosophy this book explores the permissibility of employing preventive force under the law of individual and national self defence The book illustrates how the law of international self defence and in particular the requirement of imminence has been subjected to controversy in parallel with its domestic counterpart In both disciplines the debate over imminence is centred on similar concerns issues and tensions despite the fact the arguments put forward are designed to address different scenarios The book surveys the roots role rationale and objectives of self defence and questions whether the requirement of imminence should be removed from the traditional contours of the self defence doctrine in national and international law

Radical, Religious, and Violent Eli Berman, 2011-09-30 Applying fresh tools from economics to explain puzzling behaviors of religious radicals Muslim Christian and Jewish violent and benign How do radical religious sects run such deadly terrorist organizations Hezbollah Hamas Lashkar e Taiba and the Taliban all began as religious groups dedicated to piety and charity Yet once they turned to violence they became horribly potent executing campaigns of terrorism deadlier than those of their secular rivals In *Radical Religious and Violent* Eli Berman approaches the question using the economics of organizations He first dispels some myths radical religious terrorists are not generally motivated by the promise of rewards in the afterlife including the infamous seventy two virgins or even by religious ideas in general He argues that these terrorists even suicide terrorists are best understood as rational altruists seeking to help their own communities Yet despite the vast pool of potential recruits young altruists who feel their communities are repressed or endangered there are less than a dozen highly lethal terrorist organizations in the world capable of sustained and coordinated violence that threatens governments and makes hundreds of millions of civilians hesitate before boarding an airplane What's special about these organizations and why are most of their followers religious

radicals Drawing on parallel research on radical religious Jews Christians and Muslims Berman shows that the most lethal terrorist groups have a common characteristic their leaders have found a way to control defection Hezbollah Hamas and the Taliban for example built loyalty and cohesion by means of mutual aid weeding out free riders and producing a cadre of members they could rely on The secret of their deadly effectiveness lies in their resilience and cohesion when incentives to defect are strong These insights suggest that provision of basic social services by competent governments adds a critical nonviolent component to counterterrorism strategies It undermines the violent potential of radical religious organizations without disturbing free religious practice being drawn into theological debates with Jihadists or endangering civilians

Piety and Politics Joseph Chinyong Liow,2009-04-07 Malaysia home to some 20 million Muslims is often held up as a model of a pro Western Islamic nation The government of Malaysia in search of Western investment does its best to perpetuate this view This book offers a comprehensive analysis of the growing role of Islam in the last quarter century of Malaysian politics The Wahhabi Mission and Saudi Arabia David Commins,2009-03-30 Wahhabism has been generating controversy since it first emerged in Arabia in the 18th century In the wake of September 11th instant theories have emerged that try to root Osama Bin Laden s attacks on Wahhabism Muslim critics have dismissed this conservative interpretation of Islam that is the official creed of Saudi Arabia as an unorthodox innovation that manipulated a suggestible people to gain political influence David Commins book questions this assumption He examines the debate on the nature of Wahhabism and offers original findings on its ascendance in Saudi Arabia and spread throughout other parts of the Muslim world such as Afghanistan and Pakistan He also assesses the challenge that radical militants within Saudi Arabia pose to the region and draws conclusions which will concern all those who follow events in the Kingdom The Wahhabi Mission and Saudi Arabia is an essential reading for anyone interested in the Middle East and Islamic radicalism today Redefining security in the Middle East Tami Jacoby,Brent Sasley,2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license For over five decades the Cold War security agenda was distinguished by the principal strategic balance that of a structure of bipolarity between the United States US and the Soviet Union USSR This book seeks to draw from current developments in critical security studies in order to establish a new framework of inquiry for security in the Middle East It addresses the need to redefine security in the Middle East The focus is squarely on the Arab Israeli context in general and the Palestinian Israeli context in particular The character of Arab Israeli relations are measured by the Israeli foreign policy debate from the 1950s to the 1990s A dialogue between Islam and Islamism as a means to broaden the terrain on which conflict resolution and post bipolar security in the Middle East is to be understood is presented The Middle East peace process MEPP was an additional factor in problematizing the military strategic concept of security in the Middle East The shift in analysis from national security to human security reflects the transformations of the post Cold War era by combining military with non military concerns such as environmental damage social unrest economic

mismanagement cultural conflict gender inequity and radical fundamentalism By way of contrast to realist international relations IR theory developing world theorists have proposed a different set of variables to explain the unique challenges facing developing states Finally the book examines the significance of ecopolitics in security agendas in the Middle East

Frontiers of Jihad Olomojobi, Yinka, 2015-09-05 The world has witnessed a new ideological divide since the atrocities of 911 There are strong indications that Islam and the West are entangled in a clash of ideologies Moreover this divide has made religion a strong component in international relations and political analysis This leads us to a striking question Is this the final confrontation of ideas in the modern world This divide has in many ways seen a rise in radical Islam on the African continent More particularly radical Islam is spreading at an alarming rate in Africa The wave of jihad in Africa has been imported by al Qaeda who has found it increasingly difficult to operate in the Middle East Accordingly al Qaeda has established its franchise and operational networks in Somalia Mali Mauritania Niger Libya Algeria and Tunisia These networks have unleashed unholy terror death and destruction across the continent This has situated many parts of Africa to be bedridden with brutal conflict and perpetual chronic poverty A striking question then is what generates Africa to be a fertile ground for extremist infiltration The crescent of terror emanating from Boko Haram in West Africa over to the Sahel the Maghreb to Hamas in Gaza to the Islamic State in Iraq and the Levant ISIS and the diverse al Qaeda franchises in the Middle East and berthing in Somalia s al Shabaab reveals that the quest for a global caliphate is being provoked and networked to radical Muslims on the Continent ISIS has now acquired a franchise in Northeast Nigeria through the destructive group Boko Haram Will Africa be submerged with another deadly and destructive group Will the franchising of ISIS spread across Africa The intent and purpose of this book is that it explores these complexities and plots Most of all the book investigates how and why radical Islam finds a breeding ground in Africa Subsequently the study analyzes the solution to this impasse emanating across the continent American National Security Amos A. Defense from the foreword **Neoliberalism and neo-jihadism** Imogen Richards, 2020-09-29 Few social and political phenomena have been debated as frequently or fervidly as neoliberalism and neo jihadism Yet while discourse on these phenomena has been wide ranging they are rarely examined in relation to one another Neoliberalism and Neo jihadism examines political economic characteristics of twentieth and early twenty first century neo jihadism Drawing on Bourdieusian and neo Marxist ideas it investigates how the neo jihadist organisations Al Qaeda and Islamic State engage with the late modern capitalist paradigm of neoliberalism in their anti capitalist propaganda and quasi capitalist financial practices An investigation of documents and discourses reveals interactions between neoliberalism and neo jihadism characterised by surface level contradiction and structural connections that are both dialectical and mutually reinforcing Neoliberalism here is argued to constitute an underlying status quo while neo jihadism as an evolving form of political organisation is perpetuated as part of this situation Representing differentiated unique and exclusive examples of the revolutionary phenomenon of neo jihadism Al Qaeda and Islamic State are demonstrated to be characteristic of the mutually constitutive nature of power and resistance Just as resistance movements throughout modern history come to resemble the forms of power they sought to overthrow so too have Al Qaeda and Islamic State reconstituted the dominant political economic paradigm of neoliberalism they mobilised in response to Struggle and the Prospects for World Government Mark Arthur, 2003 Using the disintegration of the Soviet Empire as a starting point this volume explores the processes of globalization and examines the tension between economic change and welfare **Homeland Security and Criminal Justice** Everette B. Routledge Revivals: The Challenge of Islam (2005) Douglas Pratt, 2016-10-04 First published in 2005 this book addresses the challenges arising from Christian Muslim encounter and attempts to enable outsiders to understand the religion of Islam The author offers distinctive perspectives that compliment much other literature in the study of Islam and in particular Christian Muslim relations and the relation of Islam and the west The book is divided into three parts Part I constitutes an introduction to Islam Part II delves into aspects of the wider encounter with Islam and Part III explores issues in regard to the prospect of engaging in dialogue with Islam The author argues that in the post 9 11 world the imperative to understand and engage with Islam is urgent and intends this work to assist the reader in doing so **Scripts of Terror** Benedict Wilkinson, 2020 How do terrorists resolve the tension between their ambitions and their often limited resources

The Islamic State in the Post-Modern World Louis D. Hayes, 2016-03-03 The Islamic State in the Post Modern World is a study of the political development of Pakistan This study consists of three parts The first addresses the concept of the state as it has evolved historically The approach is comparative and involves a brief review of Islamic political theory The second part of this section is the modern state i e the Westphalian model The territorial state is still the standard although it has been evolving in new directions for some time The second section focuses on the creation of Pakistan as an experiment in bridging the gulf between the demands of the modern state and the philosophical spiritual attraction of the Islamic model In addition to constitutional issues the discussion also includes political forms i e the machinery of daily government and the appropriateness of democratic methods elections legislative process and political parties to achieve Islamic ends The third part considers international issues from the beginning of the twenty first century especially the conflicts in Iraq and Afghanistan Despite its partnership role with the US in the war on terror Pakistan has been consistently marginalized Pakistan s problems are exacerbated by the conflict over Kashmir a vestigial remnant of Pakistan s continuous and largely unsuccessful efforts at self identification **Parameters** , 2005
