Fundamentals of Fiction Writing Arthur Sullivan Hoffman, 1922 Fundamentals of Fiction Writing Arthur Sullivan Hoffman, 2023-07-18 Whether you're a seasoned writer or just getting started this book is the ultimate guide to crafting compelling works of fiction Drawing on his decades of experience as an editor and critic Arthur Hoffman shares practical tips and advice on everything from character development to pacing plot and theme With inspiring examples from some of the greatest works of literature this book is an indispensable resource for writers of all skill levels This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Fundamentals of Fiction Writing Arthur Sullivan Hoffman, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1922 edition Excerpt CHAPTER X PLEASING THE READER Divide all readers into majority and minority It is legitimate and profitable to aim at either Now make your big decision and it is a very big one At which of these will you aim If the majority study and analyze their tastes and reactions If the minority study and analyze the majority first then study the minority Their tastes are not necessarily opposite but they are necessarily different also various the minority are a unit only in being different from the majority But you can reach them fairly well merely by giving them the opposite of what the majority like Your problem is whether you can get a better slice of attention from the majority of readers in competition with the majority of writers or from the minority of readers in competition with a minority of writers Majority vs Minority Your own peculiar gifts and inclinations in writing should be the deciding factor but you can make no intelligent decision until you really have some understanding of the two groups between which you must decide If you write for money only study them till you have your humannature formulas at your finger ends and almost automatically apply them to every idea expression or bit of material that comes up for consideration If you write for art only study them just the same you'll be getting the best material in the world but instead of turning the results into formulas turn them into your understanding If you write according to the method commonly called inspiration and attributed to what we sometimes hastily term genius of merely exploding yourself into the world at large without deigning to look at said world continue to explode as usual but when your creation is all created go over it with Fundamentals of Fiction Writing (Classic Reprint) Arthur Sullivan Hoffman, 2015-08-06 Excerpt from Fundamentals of Fiction Writing Living in so complex a civilization we generally fail to realize how complex have become our mental habits We have come more and more to think upon complexities until for

the most part the more elementary facts processes and approaches are slighted or omitted as beneath the high development of our minds However learned our thinking may be its foundation must be elementary thinking and if elementary thinking is neglected because it seems too elementary for attention the result is likely to be unsoundness of the whole structure because it has been erected on unsound foundation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
