

FUTURE LIBRARIES

An abstract, black and white architectural rendering of a futuristic library interior. The design features a large, circular central space with a complex, layered structure. The walls and ceiling are composed of numerous thin, curved, and intersecting planes that create a sense of depth and movement. A series of radial beams or supports extend from the center towards the outer edges, forming a web-like pattern. The overall aesthetic is modern and sculptural, suggesting a space designed for knowledge and exploration.
