## **Future Of Hope Christian Tradition Amid Modernity And Postmodernity:**

The Future of Hope Miroslav Volf, William Henry Katerberg, 2004 Over the last three decades a major cultural shift has taken place in the attitudes of Western societies toward the future Modernity's eclipse by postmodernity is characterized in large part by the loss of hope for a future substantially better than the present Old optimism about human progress has given way to uncertainty and fear In this book scholars from various disciplines theology the social sciences and the humanities explore the move from a culture of optimism to a culture of ambiguity and they seek to infuse today's jaded language of hope with a new vitality The Future of Hope offers a powerful critique of today's stifling cultural climate and shows why the vision of hope central to Christian faith must be a basic component of any flourishing society The first section of the book sets the context with telling cultural criticism of modernity The second section focuses on affinities between premodern Christian visions of hope and twentieth century thought The final section of the book examines the relationship between postmodern thought Christian tradition and biblical hope addressing how Christians in a postmodern world can best articulate their faith Written by truly profound thinkers these chapters are diverse in their content methodologies and temperament yet they are united by a deep engagement with both the Christian tradition and the larger cultural and intellectual climate in which we live and work The Future of Hope can thus be read not just as an attempt at retrieval of hope for today but as itself one small act of hope in an age when people too seldom take time to think critically and hopefully Contributors David Billings Robert Paul Doede Kevin L Hughes Paul Edward Hughes Daniel Johnson William Katerberg John Milbank Jurgen Moltmann James K A Smith Miroslav Volf Nicholas Wolterstorff

**The Gift of Story** Emily Griesinger, Mark A. Eaton, 2006 Despite postmodernism's skepticism about narrative the dialogue with contemporary fiction drama music and film demonstrates that the Christian story can engender and sustain hope *Historical and Multidisciplinary Perspectives on Hope* Steven C. van den Heuvel, 2020-07-20 This open access volume makes an important contribution to the ongoing research on hope theory by combining insights from both its long history and its increasing multi disciplinarity In the first part it recognizes the importance of the centuries old reflection on hope by offering historical perspectives and tracing it back to ancient Greek philosophy At the same time it provides novel perspectives on often overlooked historical theories and developments and challenges established views The second part of the volume documents the state of the art of current research in hope across eight disciplines which are philosophy theology psychology economy sociology health studies ecology and development studies Taken together this volume provides an integrated view on hope as a multi faced phenomenon It contributes to the further understanding of hope as an essential human capacity with the possibility of transforming our human societies

Hope in a Democratic Age Alan Mittleman, 2009-07-02 A compelling new philosophical study of hope as a resource for the tasks of citizenship in a liberal democratic society It contends that the modern philosophical construction of hope as an emotion is deficient it reconstructs the medieval understanding of hope as a virtue in a contemporary philosophical idiom

Music, Modernity, and God Jeremy Begbie, 2013 Jeremy Begbie explores how the practices of music and the discourses it has generated bear witness to some of the pivotal theological currents and counter currents shaping modernity Begbie argues that music is capable of yielding highly effective ways of addressing some of the more intractable theological problems and dilemmas of modernity

**Politics of Fear, Practices of Hope** Stefan Skrimshire, 2011-11-03 Politics of Fear Practices of Hope is about the relationship between two hugely influential ideas in political life fear and hope How are cultures of resistance nurtured within an environment of paranoia and social paralysis Stefan Skrimshire argues that grass roots responses to a politics of fear coincide with an explosion of interest in the quasi religious themes of apocalypse eschatology and utopia in cultural life Where visions of a better future are replaced by the acceptance of a fearful present a state of war with no end this is an important examination of the beliefs that underpin our capacity to hope

The Oxford Handbook of Theological Ethics Gilbert Meilaender, William Werpehowski, 2005-08-25 The Oxford Handbook of Theological Ethics is an authoritative guide to the practical and theoretical issues that concern and shape the discipline Thirty of the world's most distinguished specialists provide new essays in order to offer a survey of and analysis of the subject As this is a Handbook of theological ethics its essays deal not only with the standard topics of ethics the goals we ought to seek the actions we ought to do the sort of people we should seek to be but more particularly with the shape moral life takes for those who seek to live as Christians

**BOOK JACKET The Annihilation of Hell** Nik Ansell, 2013-10-01 For Jürgen Moltmann Hell is the nemesis of Hope The annihilation of Hell thus refers both to Hell's annihilative power in history and to the overcoming of that power as envisioned by Moltmann's distinctive theology of the cross in which God becomes all in all through Christ's descent into Godforsakenness The negation of Hell and the fulfillment of history are inseparable Attentive to the overall contours and dynamics of Moltmann's thinking especially his *zimzum* doctrine of creation his eschatologically oriented philosophy of time and his expanded understanding of the nature grace relationship this study asks whether the universal salvation that he proposes can honor human freedom promise vindication for those who suffer and do justice to biblical revelation As well as providing an in depth exposition of Moltmann's ideas The Annihilation of Hell also explores how a covenantal universalism might revitalize our web of beliefs in a way that is attuned to the authorizing of Scripture and the spirituality of existence If divine and human freedom are to be reconciled as Moltmann believes the confrontation between Hell and Hope will entail rethinking issues that are not only at the center of theology but at the heart of life itself

**Future-proof Your Child** Graeme Codrington, 2012-10-19 This world has changed The future has changed Childhood is changing Raising children has never been more challenging or potentially rewarding It is becoming increasingly obvious that the world into which our young children will enter as adults somewhere between 2020 and 2030 will be nothing like the world their parents grew up in or even the world we currently inhabit We need a better understanding of the world of the future in order to prepare our children and to future proof them Future proof Your Child is a very different kind of parenting

book It contains many useful practical hints and tips but also focuses on the context for parenting and child development today It convinces 21st century parents of the need to change their approach to parenting future generations and is relevant accessible practical and inspirational Future proof Your Child highlights the critical importance of making choices having conversations and consciously connecting with tomorrow s children today *Faith, Hope, and Love in the Kingdom of God* Robert Hernan Cubillos,2017-04-27 We live in a world full of challenges The three graces can almost be seen as motors for Christian life in today s world but the words faith hope and love have so many everyday uses that their technical theological meanings are for many difficult to appreciate Modern life also leaves many yearning for authenticity and meaning Many religions have answered that need by calling to mind the image of a path Always profound progressions religious paths tend to be motivated either by practices the act of walking the path or focal points Christianity has a focal point an object and it sees the three graces as distinctively content filled The heart of this book is about helping people find the Christian path and their intellectual emotional and spiritual balance an equilibrium that is sustained by a strong personal faith an enduring hope for the future and genuine love that will withstand the worst of times It contributes to the category of Christian literature that provides a pattern for Christian living without surrendering the intellect to the more popular side of this genre "The Church as the Image of the Trinity" Kevin J. Bidwell,2011-06-10 A resurgence of Trinitarian interest gained momentum in the twentieth century and it is showing little sign of abating in the twenty first century This research endeavors to critically evaluate Miroslav Volf s ecclesial model for the church as the image of the Trinity one that he presents with the English title *After Our Likeness* Volf proposes a social doctrine of the Trinity one that is heavily influenced by the theological writings of Jurgen Moltmann and he puts forward that this nonhierarchical Trinity should be reflected in the structures and theology of the church If Volf is correct then a radical reshaping is needed for the church to conform to an egalitarian pattern one that is after the likeness Gen 1 26 of an egalitarian God In this critical examination Kevin J Bidwell begins by stating the theological influences that are pertinent to Volf s thesis in *After Our Likeness* and the assumptions that undergird and inform his whole theological paradigm An important theological excursus is offered to assess the theology of John Smyth the first English Baptist who is Volf s representative figure for the location of his own ecclesiology the Free Church A critical analysis follows of Volf s engagement with his two chosen dialogue partners who represent both Western and Eastern theological traditions Joseph Ratzinger and John D Zizioulas Volf presents five theses for the church as the image of the Trinity which could be labeled as Volf s Free Church in the image of Volf s revised doctrine of the Trinity This monograph offers extensive insight into the contemporary debate on the doctrine of the Trinity but it also assesses many aspects of ecclesiology from both Eastern and Western perspectives *The Principle of Excellence* Nimi Wariboko,2009-10-26 This book disturbs the normal and depoliticized meaning of virtue through a genealogical reading of the debates conceptual struggles and ambiguities that were cleansed by virtue ethicists to produce today s conception of excellence This approach provides the narrative raw

material to craft a new meaning of excellence as a creative actualization of the potentials for human prosperity The fundamental question asked and addressed about excellence is how communities can use excellence as the organizing principle for political and economic development The author explores how large scale modern societies can be better administered in environments characterized by contingency and possibilities At the very least excellence in societal governance practice should involve the creation of possibilities for community and participation by all its members so that their potentialities can be drawn out for the common good The book also explores the connection between excellence and creativity If excellence is the drive toward actualization of potentialities for all human beings it follows that human creativity is an adequate form for that movement The author not only attempts to trace and clarify the mystique of the creative functions of persons and social groups but also shows how the creative functions of human life can express the unconditional eros of divine creativity In the process of doing all this the author offers a fresh and provocative perspective of philosophy and theology s oldest concerns the good truth beauty justice love hope and the eschatological New Creation

**Jurgen Moltmann and Evangelical Theology** Sung Wook Chung, 2012-04-23 Jurgen Moltmann is now regarded as one of the most influential theologians since Karl Barth However evangelical engagement with Moltmann has been hesitant and deficient This book fills the gap Ten respected evangelical theologians engage with Moltmann s theology in a mature dynamic and critical manner seeking to appropriate from it in a discerning manner The contributors include Sung Wook Chung Kurt Anders Richardson Veli Matti Karkainen Stephen N Williams and Timothy Bradshaw This book is an excellent demonstration of intellectual confidence and respectability of robust evangelical theology

**Crossroad Discourses between Christianity and Culture** , 2010-01-01 Christianity exists in relation to and interacts with its cultural environment in a number of ways In this volume authors from a wide variety of backgrounds explore various facets of the relationship and interaction of Christianity with its cultural environment politics society esthetics religion and spirituality and with itself Divided into three main sections Crossroad Discourses between Christianity and Culture looks at the interaction of Christianity with culture in the first section with other religions and spiritualities in the second and finally with itself in the third The contributions engage in a critical examination of not only the culture in which Christianity finds itself but also in a critical examination of Christianity itself and its interaction with that culture The editors hope that teachers students and readers in general will profit greatly from the critical articles contained in this book

**A Commonwealth of Hope** Michael Lamb, 2024-11-26 A bold new interpretation of Augustine s virtue of hope and its place in political life When it comes to politics Augustine of Hippo is renowned as one of history s great pessimists with his sights set firmly on the heavenly city rather than the public square Many have enlisted him to chasten political hopes highlighting the realities of evil and encouraging citizens instead to cast their hopes on heaven A Commonwealth of Hope challenges prevailing interpretations of Augustinian pessimism offering a new vision of his political thought that can also help today s citizens sustain hope in the

face of despair Amid rising inequality injustice and political division many citizens wonder what to hope for in politics and whether it is possible to forge common hopes in a deeply polarized society Michael Lamb takes up this challenge offering the first in depth analysis of Augustine's virtue of hope and its profound implications for political life He draws on a wide range of Augustine's writings including neglected sermons letters and treatises and integrates insights from political theory religious studies theology and philosophy Lamb shows how diverse citizens both religious and secular can unite around common hopes for the commonwealth Recovering this understudied virtue and situating Augustine within his political rhetorical and religious contexts *A Commonwealth of Hope* reveals how Augustine's virtue of hope can help us resist the politics of presumption and despair and confront the challenges of our time [Jürgen Moltmann's Ethics of Hope](#) Timothy Harvie, 2016-05-06 This book develops a thorough account of the sphere of human moral action in sustained dialogue with Jürgen Moltmann By examining God's role as promise giver particularly in the Christian understanding of resurrection this work describes the occupancy of both history and space in moral terms This leads to an understanding of Jesus' description of the kingdom of God to feature prominently in describing both the possibility and content of human moral action By offering an account of each of the main doctrines found in Moltmann's corpus the role of the future the Trinity the Holy Spirit and anthropology this book locates how each contributes to the understanding of ethics from a Christian perspective and subsequently applies these findings to the contemporary issue of poverty and global economics **The Routledge Companion to the Christian Church** Gerard Mannion, Lewis S. Mudge, 2007-12-12 The nature and story of the Christian church is immensely important to theology students and scholars alike Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues It divides into six parts the church in its historical context the different denominational traditions global perspectives methods and debates in ecclesiology key concepts and themes ecclesiology and other disciplines social sciences philosophy literature and film Authoritative accessible and easily navigable this book is indispensable for everyone interested in the nature and history of the Christian Church **Cross and Khôra** Marko Zlomislíć, Neal DeRoo, 2010-01-01 This volume poses the question of the relationship between the two main influences on the thought of John D Caputo one of the most well known philosophers of religion working in North America today Jacques Derrida and Jesus Christ Given the seemingly abstract character of Derrida's account of the messianic how can one reconcile deconstruction and the concrete messianism of Christianity as Caputo tries to do over and over again How can one hold together the love of a God willing to be crucified and the dry desert khôra which doesn't care This collection of essays from world renowned scholars seeks to illuminate the difficulties inherent in this seemingly contradictory pair of influences With his trademark wit and humor Caputo responds to his interlocutors while clarifying his position on numerous matters of interest to the church and in the academy In addition to

dealing with the concern for issues of hermeneutics phenomenology and negative theology for which Caputo has become famous these essays also evaluate Caputo's legacy in fields previously not thought to be affected by his deconstructive version of religion feminism sacramental theology Analytic philosophy of religion and Christology Hopeful Realism in Urban Ministry Barry K. Morris, 2016-05-20 What pray tell does a faithful urban ministry require if not a triadic relationship of prayer justice and hope Could such a theologically conjunctive relationship of prayer justice and hope fortify urban ministry and challenge students and practitioners to ponder and practice beyond the box Frequently justice is collapsed to charity hope into wishful thinking or temporarily arrested despair and prayer a grasp at quick fix interventions An urban ministry's steadfast public and prophetic witness longs for the depth and width of this triad Via three countries decades of endeavors one chapter brainstorms urban ministry practices while another's literature survey signals crucial convictions Amid many seminal theologians are summoned to ground urban ministry intimations and implications Niebuhr on justice Moltmann on hope and Merton on contemplative prayer Evident is passion that fuels compassion in the service of justice hope that engages despair and prayer that draws from the contemplative center of it all thankful resources for long haul ministry The triad presses to illumine a concrete ministry's engagement of relentless forced option issues yet with significant networks resourcing Contrast awareness animates endurance The summary exegetes the original grace based serenity prayer Hence hope vitally balances realism's temptation to cynicism Realism saves hope from irrelevancy **The Annihilation of Hell** Nicholas Ansell, 2014-07-08 This work analyses and evaluates Jurgen Moltmann's model of universal salvation and its relation to his understanding of the redemption or eschatological fulfilment of time For Jurgen Moltmann Hell is the nemesis of Hope The Annihilation of Hell thus refers both to Hell's annihilative power in history and to the overcoming of that power as envisioned by Moltmann's distinctive theology of the cross in which God becomes all in all through Christ's descent into Godforsakenness The negation of Hell and the fulfilment of history are inseparable Attentive to the overall contours and dynamics of Moltmann's thinking especially his *zimzum* doctrine of creation his eschatologically oriented philosophy of time and his expanded understanding of the nature grace relationship this study asks whether the universal salvation that he proposes can honour human freedom promise vindication for those who suffer and do justice to biblical revelation As well as providing an in depth exposition of Moltmann's ideas The Annihilation of Hell also explores how a covenantal universalism might revitalise our web of beliefs in a way that is attuned to the authorising of Scripture and the spirituality of existence If divine and human freedom are to be reconciled as Moltmann believes the confrontation between Hell and hope will entail rethinking issues that are not only at the centre of theology but at the heart of life itself
