From Puritanism To The First Party System Historical Interpretations:

Historical Interpretations: From puritanism to the first party system, 1620-1815, 1972 **Paradigms of pilgrimage : from devotional journey to (religious) tourism = Paradigmes du pèlerinage : du voyage dévotionnel au tourisme (religieux)** Monica RUSSET OANCIĂ, Maria Yvonne BĂNCILĂ, Mădălina TOADER, 2023-01-01 The volume *Paradigms of Pilgrimage From Devotional Journey to Religious Tourism* endeavours to present some insights into the multi-layered significance of pilgrimage starting from a theoretical approach and then addressing specific situations The first two parts deal chronologically with instances of traditional images of pilgrimage and the last two parts move towards analysing modern and post modern examples of journeys with a spiritual purpose Each chapter is independent and provides an original rendering of the concept of pilgrimage The authors use various approaches to discuss the notion of pilgrimage and the images interconnect creating an irregular but harmonious mosaic Le volume *Paradigmes du pèlerinage du voyage dévotionnel au tourisme religieux* vise à présenter les différentes facettes du pèlerinage en partant d'une approche théorique et en proposant ensuite des situations spécifiques Les deux premières parties examinent chronologiquement les exemples d'images traditionnelles de pèlerinage tandis que les deux dernières parties s'orientent vers l'analyse d'exemples modernes et postmodernes des voyages travers la spiritualité Chaque chapitre est indépendant et montre une interprétation originale de la notion de pèlerinage Les auteurs utilisent diverses approches pour discuter de la notion de pèlerinage et les images s'interconnectent en créant une mosaïque irrégulière mais harmonieuse *From Puritanism to the First Party System* Gerald N. Grob, 1972 **Interpretations of American History: To 1877** Gerald N. Grob, George Athan Billias, 1987 *The Publishers' Trade List Annual*, 1985 **From puritanism to the first party system** Gerald N. Grob, 1972 **The Book of Common Prayer, in Its History and Interpretation; with Special Reference to Points Disputed in the Present Day** Richard Paul Blakeney, 1865 *Schooling, the Puritan Imperative, and the Molding of an American National Identity* Douglas McKnight, 2003-05-14 Present day America is perceived by many as immersed in a moral crisis with national identity fractured and uncertainty and anxiety about the future Public schools in this country are historically and still today the major institution charged with preserving and teaching the symbols of national identity and a morality that is the concrete expression of those symbols and the ideas for which they stand A widespread belief is that only through schooling can America be saved from the current crisis but the schools have failed in this mission and must be reformed In this book Douglas McKnight develops a historical interpretation of how the New England Puritans generated a powerful belief system and set of symbols that have fed American identity and contributed to preserving and perpetuating it into the present time He explores the relationship between the purposes of education and how this term has shifted in meaning and the notion of an American identity and morality rooted in the Puritan concept of an errand into the wilderness that serves a particular sacred secular purpose The phrase errand into the wilderness is taken from a 1956 book by Perry Miller with this title where

it refers to the Puritan dream of creating a city in the wilderness the North American Colonies that would be a utopian community a beacon for the rest of the world for how to organize and live in the ideal religious community Highly pertinent to the current debate about the purposes and crisis in education and in America morality in schools the cultural function of education the changing nature of the language of education the complex relation of schooling and national identity this book explicates these elements within the American psyche by exploring the effects of the Puritan symbolic narrative at three different points in American history Puritans during the 1600s and 1700s the Gilded Age when the urban Protestant middle class ascended to cultural dominance and the present age Schooling the Puritan Imperative and the Molding of an American National Identity Education s Errand Into the Wilderness makes an important contribution to the fields of curriculum studies and the history of education It will interest students and scholars in these fields as well as those in educational philosophy religion and education intellectual and social history and American studies **The Bookseller** ,1973-04 *American*

History: Comprising Historical Sketches of the Indian Tribes Marcus Willson,1847 **American history; comprising historical sketches of the Indian tribes; a description of American antiquities; ... history of the United States, with appendices showing its connection with European history; history of the present British provinces, ... of Mexico, and ... of Texas, etc** Marcus WILLSON,1847 *Books and Bookmen* ,1972 **Interpretation And Cultural History** Joan H Pittock,Andrew Wear,1991-05-13 **Encyclopedia of Historians and Historical Writing** Kelly

Theism in the Discourse of Jonathan Edwards R. C. De Prospe,1985 This book proposes that a new semiotic category called theism can more intelligibly classify the discursive pattern that precedes modern humanism in American literature than such standard historicist categories as Puritanism or Calvinism or medievalism and that the writings of Jonathan Edwards exemplify this theist discursive pattern **The Economic Interpretation of History** Rogers,1888 *The*

Economic Interpretation of History James Edwin Thorold Rogers,1888 *American History* Marcus Willson,1856 What Has Wittenberg to Do with Azusa? David J. Courey,2015-02-26 Global Pentecostalism is a twenty first century phenomenon Yet in North America where the movement was born it has stalled Courey uncovers the cause of this plateau in the triumphalism that is characteristic of both North American Protestantism and Pentecostalism Through the identification of

parallels between Martin Luther and contemporary Pentecostals Courey detects in Luther's Theology of the Cross a potent remedy for this tension Utilising this insight Courey reflects on other faith traditions and provides a counterpoint to the triumphalism that inhibits the development of Pentecostalism in North America and around the world This work comprises of three parts The first is historical charting the antecedents and development of Pentecostal triumphalism The second is an experiment in historical theology seeking basic resonances between Luther and early Pentecostals and examining the Theology of the Cross as a means of probing Pentecostalism The final section is an effort in constructive theology applying the theologia crucis to some of the central aspects of Pentecostalism
