From Secularism To Jihad Sayyid Qutb And The Foundations Of Radical Islamism:

From Secularism to Jihad Adnan Musallam, 2005-10-30 The modern political idea of jihad a violent struggle against corrupt or anti Islamic regimes is essentially the brainchild of one man who turned traditional Islamic precepts inside out and created the modern radical political Islamist movement Using the evolution of Sayyid Qutb s life and writings Musallam traces and analyzes Qutb s alienation and subsequent emergence as an independent Islamist within the context of his society and the problems that it faced Radicalized following his stay in the United States in the late 1940s and during his imprisonment from 1954 to 1964 Qutb would pen controversial writings that would have a significant impact on young Islamists in Egypt for decades following his death and on global jihadist Islamists for the past quarter century Since September 11 2001 the West has dubbed Qutb the philosopher of Islamic terror and godfather ideologue of al Qaeda This is the first book to examine his life and thought in the wake of the events that ignited the War on Terrorism A secular man of letters in the 1930s and 1940s Qutb s outlook and focus on Quranic studies underwent drastic changes during World War II The Quran became a refuge for his personal needs and for answers to the ills of his society As a result he forsook literature permanently for the Islamic cause and way of life His stay in the United States from 1948 to 1950 reinforced his deeply held belief that Islam is man s only salvation from the abyss of Godless materialism he believed to be manifest in both capitalism and communism Qutb s active opposition to the secular policies of Egyptian President Nasser led to his imprisonment from 1954 to 1964 during which his writings called for the overthrow of Jahili pagan governments and their replacement with a true and just Islamic society A later arrest and trial resulted in his execution in August 1966

Islam, Secularism, and Liberal Democracy Nader Hashemi, 2009-04-08 Islam s relationship to liberal democratic politics has emerged as one of the most pressing and contentious issues in international affairs In *Islam Secularism and Liberal Democracy* Nader Hashemi challenges the widely held belief among social scientists that religious politics and liberal democratic development are structurally incompatible This book argues for a rethinking of democratic theory so that it incorporates the variable of religion in the development of liberal democracy In the process it proves that an indigenous theory of Muslim secularism is not only possible but is a necessary requirement for the advancement of liberal democracy in Muslim societies

Islamic Jihadism and the Laws of War Omar Mekky, 2023-07-21 The rapid rise of global Islamic Jihadism in the past few decades and the limited success of the anti terror campaign in halting its expansion have raised hard hitting questions about how different political actors might preserve and restore the world s peace and security Since the end of the Second World War international law has often been the chief instrument employed to address global conundrums of this kind Nevertheless international law alone cannot solve this problem Jihadist groups often cite Islamic law argumentations to justify their combat related actions against states while rejecting traditional international law rules On the other hand some states themselves ignore traditional international law rules to apply their so called counterterrorism measures The internationally

recognized laws of war created to protect those who do not participate in hostilities are constantly challenged by jihadist groups and responding states in justification of their combat actions In *Islamic Jihadism and the Laws of War* Dr Omar Mekky explores both sides legal frameworks synthesising findings from both English and Arabic sources Drawing from the author s field expertise as a legal advisor in the Middle East and North Africa the book narrates how Islamic Jihadism began and evolved outlines the laws jihadists apply during combat addresses how states often react in their fights against jihadist groups and aims for a pragmatic humanitarian legal formula An essential resource for legal professionals policymakers academics and students Mekky s book initiates a constructive dialogue between international law and Islamic law

Radicalization and De-Radicalization between National and Global Jihadism Sara Brzuszkiewicz,2023-12-11 At the turn of the Twenty first century a number of violent jihadi groups laid down their arms as in the case of Egypt and Libya Many of those former fighters ceased actual violence and some of them took a step forward initiating processes of ideological de radicalization and doctrinal changes that deeply transformed their stance towards the State and active confrontation How was it possible for those groups to disengage and de radicalize Why doesn t this happen again among other contemporary jihadists Sara Brzuszkiewicz argues that the answer is simple yet quite pessimistic those who de radicalized were national jihadists Once jihad goes global it is no longer possible for an organic process of collective and political de radicalization to happen Radicalization and de radicalization between national and global jihadism From the first Egyptian national jihadists to Al Qaeda retraces the trajectory of the jihadists who de radicalized and of those who went global and measures the role of national jihadism and its characteristics in making de radicalization a viable option *Understanding Muslim Discourse* Mbaye Lo,2009 This book provides a well illustrated account of the major ideas currently in use within the Muslim discourse and also examines the mechanics whereby Bin Laden s message has become popular legitimate and one of the most dominant voices in this discourse **Methodological Approaches to Societies in Transformation** Yasmine

Berriane,Annuska Derks,Aymon Kreil,Dorothea Lüddeckens,2021-04-21 This open access book provides methodological devices and analytical frameworks for the study of societies in transformation It explores a central paradox in the study of change making sense of change requires long term perspectives on societal transformations and on the different ways people experience social change whereas the research carried out to study change is necessarily limited to a relatively short space of time This volume offers a range of methodological responses to this challenge by paying attention to the complex entanglement of qualitative research and the metanarratives generally used to account for change Each chapter is based on a concrete case study from different parts of the world and tackles a diversity of topics analytical approaches and data collection methods The contributors innovative solutions provide valuable tools and techniques for all those interested in the study of change *From Bethlehem to the United States* Adnan A. Musallam, Ph.D.,2024-08-06 The content of the autobiography of Adnan A Musallam PhD transcends his birth and upbringing in a Christian Palestinian Arab family in

Bethlehem the Holy Land and his traumatic childhood and goes beyond that into another very different culture in America at an early age where he lived as an exchange student with five Rotary families while attending Wabash High School in Wabash Indiana from 1962 to 1963 It was a continuous adjustment as he was moving from one very kind family to another The high school diploma he got in June 1963 paved the way for his BA 1967 MA 1970 at Indiana University Bloomington Indiana and Ph D 1983 at the University of Michigan at Ann Arbor Michigan But the ups and downs of life in Indiana and Michigan led to a divorce and led him to enlist in the United States Navy in January 1975 At the end of active duty in May 1977 he was awarded a United States Navy Achievement Medal and he was enrolled in the doctoral program at the University of Michigan Ann Arbor Michigan Eventually he joined the teaching staff at Bethlehem University in the Holy Land beginning in September 1981 and he taught history at the Tour Guide Program at Bethlehem Bible College Adnan is married to Salwa Sayeh who both have five daughters and many grandchildren and great grandchildren Appendix A and appendix B revolve around Adnan s stay in Wabash while appendix C focuses on his membership in the Delta Chi fraternity at Indiana University and appendix D deals with Adnan s career and thought It is clear from the content of Adnan s autobiography that his life and thought are closely intertwined with the Palestinian Israeli conflict 1948 present

Afghanistan Iraq and Pakistan because American policy toward terrorism and Afghanistan cannot be understood without some consideration of Pakistan he outlines and analyzes the major issues of the two wars These include intelligence quality war plans postwar reconstruction inter agency policymaking U S relations with allies and the shift from a conventional to counterinsurgency strategy He concludes by capturing the lessons learned from these two conflicts and points to their application in future conflict Vortex of Conflict is the first accessible one volume resource for anyone who wishes to understand why and how the U S became involved in these two wars and in the affairs of Pakistan concurrently It will stand as the comprehensive reference work for general readers seeking a road map to the conflicts for students looking for analysis and elucidation of the relevant data and for veterans and their families seeking to better understand their own experience

Salafi-Jihadism Shiraz Maher,2016-11-01 No topic has captured the public imagination of late quite so dramatically as the specter of global jihadism While much has been said about the way jihadists behave their ideology remains poorly understood As the Levant has imploded and millenarian radicals claim to have revived a Caliphate based on the teachings of the Prophet Mohammed the need for a nuanced and accurate understanding of jihadist beliefs has never been greater Shiraz Maher charts the intellectual underpinnings of salafi jihadism from its origins in the mountains of the Hindu Kush to the jihadist insurgencies of the 1990s and the 9 11 wars What emerges is the story of a pragmatic but resilient warrior doctrine that often struggles as so many utopian ideologies do to consolidate the idealism of theory with the reality of practice His ground breaking introduction to salafi jihadism recalibrates our understanding of the ideas underpinning one of the most destructive political philosophies of our time by assessing classical works from Islamic antiquity alongside those of contemporary ideologues Packed with refreshing and provocative insights Maher explains how war and insecurity engendered one of the most significant socio religious movements of the modern era *Politics of the Islamic Tradition* Mohammed

Moussa,2015-10-05 Over the last two centuries the Muslim world has undergone dramatic transformations impacting the Islamic tradition and throwing into question our understanding of tradition The notion of tradition as an unmoving edifice is contradicted by the very process of its transmission and the complex role human beings play in creating and sustaining traditions is evident in the indigenous mechanisms of change within the Islamic tradition *Politics of the Islamic Tradition* locates the work of Egyptian cleric Muhammad al Ghazali within the context of this dynamic Islamic tradition with special focus on his political thought Al Ghazali inherited a vast and diverse heritage which he managed to reinterpret in a changing world An innovative exploration of the change and continuity present within Muslim discourses this book brings together disparate threads of the Islamic tradition religious exegesis the contemporary Arab Middle East the Islamic state and idea of renewal in al Ghazali s thought As well as being one of the first complete treatments of al Ghazali s works this book provides an original critical approach to tradition and its capability for innovation and change countering the dichotomy between tradition and modernity that typically informs most scholarly studies on contemporary Islam Offering highly original insights

into Islamic thought and engaging with critical notions of tradition this book is essential reading for students and scholars of Islamic Politics and History *War for Peace* Murad Idris, 2018-11-01 Peace is a universal ideal but its political life is a great paradox peace is the opposite of war but it also enables war If peace is the elimination of war then what does it mean to wage war for the sake of peace What does peace mean when some say that they are committed to it but that their enemies do not value it Why is it that associating peace with other ideals like justice friendship security and law does little to distance peace from war Although political theory has dealt extensively with most major concepts that today define the political it has paid relatively scant critical attention to peace the very concept that is often said to be the major aim and ideal of humanity In *War for Peace* Murad Idris looks at the ways that peace has been treated across the writings of ten thinkers from ancient and modern political thought from Plato to Immanuel Kant and Sayyid Qutb to produce an original and striking account of what peace means and how it works Idris argues that peace is parasitical in that the addition of other ideals into peace such as law security and friendship reduces it to consensus and actually facilitates war it is provincial in that its universalized content reflects particularistic desires and fears constructions of difference and hierarchies within humanity and it is polemical in that its idealization is not only the product of antagonisms but also enables hostility *War for Peace* uncovers the basis of peace's moralities and the political functions of its idealizations historically and into the present This bold and ambitious book confronts readers with the impurity of peace as an ideal and the pressing need to think beyond universal peace

Force and Fanaticism Simon Ross Valentine, 2015 Considers what Wahhabism means to those whose lives are governed by its formidably strict tenets in Saudi Arabia *Patterns Legitimizing Political Violence in Transcultural Perspectives* Bettina Koch, 2015-05-19 This volume explores theoretical discourses in which religion is used to legitimize political violence It examines the ways in which Christianity and Islam are utilized for political ends in particular how violence is used or abused as an expedient to justify political action This research focuses on premodern as well as contemporary discourses in the Middle East and Latin America identifying patterns frequently used to justify the deployment of violence in both hegemonic and anti hegemonic discourses In addition it explores how premodern arguments and authorities are utilized and transformed in order to legitimize contemporary violence as well as the ways in which the use of religion as a means to justify violence alters the nature of conflicts that are not otherwise explicitly religious It argues that most past and present conflicts even if the discourses about them are conducted in religious terms have origins other than religion and or blend religion with other causes namely socio economic and political injustice and inequality Understanding the use and abuse of religion to justify violence is a prerequisite to discerning the nature of a conflict and might thus contribute to conflict resolution

Islamism and the West Uriya Shavit, 2013-11-26 Offering a unique analysis of Islamist ideology *Islamism and the West* attempts to explain how and why mainstream Islamist leaders have for the past century developed and canonized theories which depict the West as engaged in a sophisticated conspiracy to undermine Muslim identity by cultural means while

morally collapsing and yearning for the spiritual salvation brought by Muslim migrants This book demonstrates how seemingly triumphalist Islamist writings served in fact to legitimize pragmatic concessions undertaken by Islamists from cooperating with regimes allied with the West to encouraging Muslim migration to Christian lands Following the Arab Spring and with Islamism becoming a dominant force in Middle Eastern politics Islamism and the West is an essential reading for the understanding of a region in transition Providing new insights on familiar concepts including cultural imperialism liberal democracy and civilisational decline this book will be of use to students of Middle Eastern and Islamic Studies Political Science Migration Studies and Cultural Studies

Islamic Liberation Theology Hamid Dabashi, 2008-05-14 This book is a radical piece of counter intuitive rethinking of the clash of civilizations theory and global politics In this richly detailed criticism of contemporary politics Hamid Dabashi argues that after 9 11 we have not seen a new phase in a long running confrontation between Islam and the West but that such categories have in fact collapsed and exhausted themselves The West is no longer a unified actor and Islam is ideologically depleted in its confrontation with colonialism Rather we are seeing the emergence of the US as a lone superpower and a confrontation between a form of imperial globalized capital and the rising need for a new Islamic theodicy The combination of political salience and theoretical force makes Islamic Liberation Theology a cornerstone of a whole new generation of thinking about political Islamism and a compelling read for anyone interested in contemporary Islam current affairs and US foreign policy Dabashi drives his well supported and thoroughly documented points steadily forward in an earnest and highly readable style

The Symbolic Scenarios of Islamism Andrea Mura, 2016-03-09 The Symbolic Scenarios of Islamism initiates a dialogue between the discourse of three of the most discussed figures in the history of the Sunni Islamic movement Hasan al Banna Sayyid Qutb and Osama bin Laden and contemporary debates across religion and political theory providing a crucial foundation upon which to situate current developments in world politics Redressing the inefficiency of the terms in which the debate on Islam and Islamism is generally conducted the book examines the role played by tradition modernity and transmodernity as major symbolic scenarios of Islamist discourses highlighting the internal complexity and dynamism of Islamism By uncovering forms of knowledge that have hitherto gone unnoticed or have been marginalised by traditional and dominant approaches to politics accounting for central political ideas in non Western sources and in the Global South the book provides a unique contribution towards rethinking the nature of citizenship antagonism space and frontiers required today While offering valuable reading for scholars of Islamic studies religious studies and politics it provides a critical perspective for academics with an interest in discourse theory post colonial theory political philosophy and comparative political thought

The Middle East Professor Shahrough Akhavi, 2009-10-15 Amidst recent hype about events in the Middle East there have been few attempts to get below the surface and develop a fuller understanding of what politics means there The Middle East The Politics of the Sacred and Secular redresses this balance and provides essential historical and theoretical context In this book Shahrough Akhavi

shows that the way people think about politics in the Middle East has developed in response to historical experience Islam has obviously played a pivotal role and the book does much to disentangle myth and reality about Islamic responses to politics Refreshingly however the book focuses on the universal concepts of the individual civil society the state justice authority and obligation and how these have been interpreted by Middle Eastern thinkers in the twentieth and twenty first centuries Akhavi builds a dynamic picture of a politically exciting and engaged region The fresh perspective this book brings to global political theory and the background it gives students of politics in the Middle East make it an important addition to the World Political Theories series

The Liberal Way of War Robert P. Barnidge, Jr, 2016-03-03 Examining some of the huge challenges that liberal States faced in the decade after 11 September 2001 the chapters in this book address three aspects of the impact of more than a decade of military action This book begins by considering four different expressions of universalist moral aspirations including the prohibition of torture and discusses migration and responsibility to protect as well as the United Nations Human Rights Committee's Concluding Observations about security and liberty in the last decade International humanitarian law and the problems posed by the territorial character of war and the effects of new technologies and child soldiers are also analysed Finally Islamic law and its interface with international law is considered from a new perspective and contributions in this final part offer a different way of thinking about an authentically Islamic modernisation that would be compatible with Western models of political order With contributions from international lawyers from diverse backgrounds this book fills an important gap in the literature on the themes of international human rights law international humanitarian law and Islamic law
