

THE PRESENT-DAY VITALITY OF THE CLASSICAL TRADITION

From Sophocles To Picasso The Present Day Vitality Of The Classical Tradition

CL Gary

From Sophocles To Picasso The Present Day Vitality Of The Classical Tradition:

From Sophocles to Picasso Whitney Jennings Oates, 1962 *The Guernica Bull* Harry C. Rutledge, 2008-06-01 In *The Guernica Bull* Harry C. Rutledge examines the use of classical motifs in twentieth century literature art and drama From the echoes of Plato's dialogues at the heart of Thomas Mann's *Death in Venice* to the retelling of the story of Harmodius and Aristogiton a story with grim parallels to Nazi Germany in Marguerite Yourcenar's *La Nef* these modern works are a testament to both the creativity of modern artists and the versatility and timelessness of classical themes Rutledge finds the ideal meshing of classical images and modern sensibility in Pablo Picasso's *Guernica* The most startling classical image in the painting is the bull a Cubist face staring out from the canvas at the viewer unmoved by the scene of death and destruction around him A symbol of the intense violence and disorder which has characterized this century Picasso's Minoan bull is at the same time a symbol of creative potency and artistic achievement The classical tradition in our era is Rutledge suggests multi faceted much like the Cubist paintings which view human beings as if through a prism in all their infinite variety and beauty The legacy of the Greeks and Romans is both stimulus and resource for modern artists as evidenced by the meticulous historical reconstruction in Yourcenar's *Mmoires d'Hadrien* the recreation of an ancient setting in modern terms in Jean Cocteau's *The Infernal Machine* and T S Eliot's *The Family Reunion* and the influence of classical monuments and landscapes in the poetry of Frederick Nicklaus James Dickey and Richard Wilbur Modern artists have often found an affinity between themselves and the ancients In the Greek and Roman works that through their clarity and brevity have transcended time and place contemporary writers and painters perceive the essence of the infinite which is the challenge in any artistic endeavor Showing how some modernists have met this challenge *The Guernica Bull* explores the ancient antecedents of several of the most distinctive twentieth century masterpieces *Picasso* Gertje Utey, 2000-01-01 The fact that Picasso joined the French Communist Party in 1944 and remained a loyal member to the end of his long life presents puzzling contradictions How can the image of him as a protean genius be reconciled with his membership in a repressive political organization that maintained an authoritarian hold on its artistic community and all but obliterated the freedom of the creative mind How could the creator of *Guernica* lauded at that time as the champion of civilian victims of totalitarian aggression support the policies of the Soviet Union This stimulating book is the first comprehensive examination of Picasso's political commitment his motivations to join the French Communist Party and his contributions as an active member Gertje R Utey assesses the impact communism had on the artist's life and explores how Picasso's political beliefs and the doctrines of the Communist Party affected his artistic production Utey provides the first account in English of the intricate relations between the French Communist Party and its artists in the years immediately following the Liberation She then examines in detail the role Picasso played within the Communist agenda his financial and moral support his active participation at Party events and his artistic endorsement of the Party's most important ideological positions during the Cold War years Addressing Picasso's

unfailing loyalty in the face of both the Party's untenable political positions and the opposition within the Party to his art this book offers new insight into aspects of the artist's thought and art that have been little considered before *Antigone; Oedipus the King; Electra* Sophocles, 2008-08-14 Love and loyalty hatred and revenge fear deprivation and political ambition these are the motives which thrust the characters portrayed in these three Sophoclean masterpieces on to their collision course with catastrophe Recognized in his own day as perhaps the greatest of the Greek tragedians Sophocles reputation has remained undimmed for two and a half thousand years His greatest innovation in the tragic medium was his development of a central tragic figure faced with a test of will and character risking obloquy and death rather than compromise his or her principles it is striking that Antigone and Electra both have a woman as their intransigent hero Antigone dies rather neglect her duty to her family Oedipus determination to save his city results in the horrific discovery that he has committed both incest and parricide and Electra's unremitting anger at her mother and her lover keeps her in servitude and despair These vivid translations combine elegance and modernity and are remarkable for their lucidity and accuracy Their sonorous diction economy and sensitivity to the varied metres and modes of the original musical delivery make them equally suitable for reading or theatrical performance ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **Pushkin, Mickiewicz and the Overcoming of Romanticism** Monika A. Dudli, **The Spiritual in Twentieth-Century Art** Roger Lipsey, 2011-10-20 Compelling well illustrated study focuses on the works of Kandinsky Mondrian Klee Picasso Duchamp Matisse and others Citations from letters diaries and interviews provide insights into the artists views 121 black and white illustrations **Art And Psychoanalysis** Laurie Schneider Adams, 2018-03-08 A pioneering overview of art and psychoanalysis that shows how each field can enrich and enlarge the other **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography, 1978 **Disturbing Remains** Michael S. Roth, Charles G. Salas, 2001 In *Disturbing Remains* ten extraordinary scholars focus on the remembrance and representation of traumatic historical events in the twentieth century The volume opens with essays by David William Cohen Veena Das and Philip Gourevitch Their reflections on the narratives framing Robert Ouko's death in Kenya Sikh Hindu violence in India around the time of Indira Gandhi's assassination and the 1994 genocide of Tutsis by Hutus in Rwanda offer fresh insights into the genesis and aftermath of these tragedies The next four essays explore the expression of societal disaster in works of art and ritual Lenin's image Pablo Picasso's *Guernica* balsa figurines of whites made by the Kuna of Panama and Chinese fertility statuettes after Mao Zedong's Great Leap Forward are the subjects taken up by Leah Dickerman Carlo Ginzburg Carlo Severi and Jun Jing *Disturbing Remains* closes with three essays about the influence of the dead on the construction of shared

identity István Rónav looks at how Hungarians have dealt with the 1956 revolution and its executed leader and Jürgen Rosen and Saul Friedländer contemplate the public memory of the Holocaust in Germany and worldwide
