McGinity,2014-09-01 Captures the telling details and the idiosyncratic trajectory of interfaith relationships and marriages in America The Forward When American Jewish men intermarry goes the common assumption they and their families are lost to the Jewish religion In this provocative book Keren R McGinity shows that it is not necessarily so She looks at intermarriage and parenthood through the eyes of a post World War II cohort of Jewish men and discovers what intermarriage has meant to them and their families She finds that these husbands strive to bring up their children as Jewish without losing their heritage Marrying Out argues that the gendered ethnicity of intermarried Jewish men growing out of their religious and cultural background enables them to raise Jewish children McGinity s book is a major

**Forthcoming Books** Rose Arny, 1999 **The Library Journal**, 1999 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Library Journal**, 1999 *Celebrating the Lectionary® for Junior High 2017-2018* Kyle Turner, Celebrating the Lectionary for Junior High provides 15 minute Lectionary based catechetical sessions for every Sunday and Holyday of Obligation It includes reproducible send home pages for each Sunday and Holyday of Obligation that encourage adolescents to develop a practice of prayer and bring the message of the Lectionary into their daily lives *From Something to Nothing* Harry Fox, Daniel Maoz, Tirzah Meacham, 2019-05-24 Jewish mysticism approaches God as no thing or nothing reflecting Judaism's traditional identification of God as incorporeal Whereas technical philosophical language often employed to discuss Jewish mysticism has a tendency to ward off otherwise interested readers this study sufficiently breaks down the technical language of Jewish mysticism in its various expressions to allow a beginner to benefit from what may otherwise be indescribable and only approached by consideration of what is not rather than what is Integral to the title From Something to Nothing is the concept that God cannot be something because that would be restricting so God is simply no thing Ironically the conventional religious expression for the biblical notion of creation is something from nothing whereas the title of this volume is its precise opposite which may at first seem to be illogical creation in reverse However in a volume dedicated to

various deliberations on magic and mysticism the ultimate reality may receive expression as nothingness that is no thingness no quality associated with things What adds to our difficulty today is that nothingness is inextricably linked with silence Is silence also an element or indication of an ultimate reality or its absence Or is it merely the reflection of nothing whatsoever This is at the heart of modern debates between atheists and believers Believers feel that even this silence speaks to this ultimate reality whereas atheists claim that if you cannot show it then you do not know it In other words believers are victims of their own wishful thinking From Something to Nothing memorializes Canadian mystic and scholar Zalman Schachter Shalomi z l engaging in particular aspects that he addressed at some phase of his colourful and erudite life providing the reader with a broad spectrum of both phenomenological and intellectual topics

Identity, Place, and Subversion in Contemporary Mizrahi Cinema in Israel Yaron Shemer, 2013-07-30 In Identity Place and Subversion in Contemporary Mizrahi Cinema in Israel Yaron Shemer presents the most comprehensive and systematic study to date of Mizrahi Oriental Jewish or Arab Jewish films produced in Israel in the last several decades Through an analysis of dozens of films the book illustrates how narratives characters and space have been employed to give expression to Mizrahi ethnic identity and to situate the Mizrahi within the broader context of the Israeli societal fabric The struggle over identity and the effort to redraw ethnic boundaries have taken place against the backdrop of a long standing Zionist view of the Mizrahi as an inferior other whose Levantine culture posed a threat to the Western oriented Zionist enterprise In its examination of the nature and dynamics of Mizrahi cinema defined by subject matter the book engages the sensitive topic of Mizrahi ethnicity head on confronting the conventional notion of Israeli society as a melting pot and the widespread dismissal of ethnic divisions in the country Shemer explores the continuous marginalization of the Mizrahi in contemporary Israeli cinema and the challenge some Mizrahi films offer to the subjugation of this ethnic group He also studies the role cultural policies and institutional power in Israel have played in shaping Mizrahi cinema and the creation of a Mizrahi niche in cinema In a broader sense this pioneering work is a probing exploration of Israeli culture and society through the prism of film and cinematic expression It sheds light on the play of ethnicity class gender and religion in contemporary Israel and on the heated debates surrounding Zionist ideology and identity politics By charting a new territory of academic inquiry grounded in an interdisciplinary theoretical framework the study contributes to the formation of Mizrahi Cinema as a recognized and vibrant scholarly field

A Man's Responsibility Rabbi Joseph B. Meszler, 2011-05-06 What is Jewish men s spirituality In today s world is it necessary A provocative look at how a new generation of Jewish men can grow spiritually and in doing so strengthen the intangible bonds of family love duty and truth which ultimately lead to God It unearths the male stereotypes that exist in Judaism and color our expectations for what it means to be a Jewish man in today s world It examines Jewish sources that reveal the traditional life cycle of a man from son to partner in marriage to father and in doing so uncovers the ideals that define being a Jewish man It also views Jewish men within the context of a sacred community and what that means for the sacred obligations of manhood

Philippe,2021-01-01 Recognizing the strong and gentle fatherhood which our Heavenly Father bestows on us lovingly and daily indefinitely changes the scope of our spiritual lives Amidst the crisis of fatherhood in today s society it is imperative more than ever that all men especially priests be images of this unfalteringly generous fatherhood of God What does true fatherhood consist of How can true fatherhood help a person gain access to the freedom found through the knowledge of his or her identity as a child of God While answering these questions Fr Jacques also presents the spiritual path which allows a priest to guard himself against possible shortcomings and ambiguities as he strives to live out his priestly fatherhood the gift received by him in ordination This book will not only be of interest to priests but will also help all those who are called to exercise a certain paternity in the Church or in society fathers of families spiritual fathers educators and leaders      **Herald**

**of Gospel Liberty** ,1909      *A Cultural History of Race in the Renaissance and Early Modern Age* Kimberly Ann

Coles,Dorothy Kim,2023-06-01 The past is always an interpretive act from the lens of the present Through the lens of critical race theory the essays collected here explore new analytical models theoretical frameworks and methodological approaches in attempting to reimagine the European Renaissance and early modern periods in terms of global expansion awareness and participation Centering race in these periods requires that we acknowledge the people against whom social hierarchies and differential treatment were directed This collection takes Europe as its focus but White Europeans are not centred in it and the experiences of Black Africans Asians Jews and Muslims are not relegated to the margins of a shared history Situating Europe within a global context forces the reconsideration of the violence that attends the interaction of peoples both across cultures and enmired within them The less we are attentive to the cultural interactions cross cultural migrations and global dimensions of the late medieval and early modern periods the less we are forced to recognize the violence intolerance power struggles and enforced suppressions that attend them
