

FROM PHILO TO SPINOZA: TWO STUDIES IN RELIGIOUS PHILOSOPHY

HARRY AUSTRYN WOLFSON

Introduction by Isadore Twersky

From Philo To Spinoza Two Studies In Religious Philosophy

L Manion

From Philo To Spinoza Two Studies In Religious Philosophy:

From Philo to Spinoza Harry Austryn Wolfson, 1977 **Philosophical Religions from Plato to Spinoza** Carlos Fraenkel, 2012-11-22 Many pagan Jewish Christian and Muslim philosophers from Antiquity to the Enlightenment made no meaningful distinction between philosophy and religion Instead they advocated a philosophical religion arguing that God is Reason and that the historical forms of a religious tradition serve as philosophy s handmaid to promote the life of reason among non philosophers Carlos Fraenkel provides the first account of this concept and traces its history back to Plato He shows how Jews and Christians appropriated it in Antiquity follows it through the Middle Ages in both Islamic and Jewish forms and argues that it underlies Spinoza s interpretation of Christianity The main challenge to a philosophical religion comes from the modern view that all human beings are equally able to order their lives rationally and hence need no guidance from religion Fraenkel s wide ranging book will appeal to anyone interested in how philosophy has interacted with Jewish Christian and Muslim religious traditions *Spinoza In English, A Bibliography* Wayne Boucher, 1999-06-15 *Spinoza in English* i is the first bibliography to document the entire 300 year record of books monographs dissertations and articles in English on Benedict Spinoza as well as all translations of his works into English Arranged alphabetically by author or editor and internally cross referenced in the case of anthologies and replies this bibliography cites its own sources where appropriate and in many cases provides details on how to obtain out of print titles and unpublished dissertations Additionally it restores or corrects a good deal of earlier bibliographic detail and beginning with titles from the mid 1800s presents the citations in a uniform style This second edition adds hundreds of citations including dozens of titles hitherto overlooked thus bringing the total to nearly 2700 on the main level with hundreds of secondary references to later editions and reprints It also provides an index and occasionally an abstract when the author s title inadequately describes the contents As the only source of its kind this bibliography is an indispensable reference tool for research libraries and individual scholars concerned with the life and works of Spinoza Wayne Boucher s introduction is augmented by a preface by Professor Manfred Walther the most complete bibliography of works in English on Spinoza enlarged corrected and improved from first edition with numbered entries uniquely comprehensive current and authoritative numbered entries and subject title index for easy reference *Spinoza's Modernity* Willi Goetschel, 2004-01-15 *Spinoza s Modernity* is a major original work of intellectual history that reassesses the philosophical project of Baruch Spinoza uncovers his influence on later thinkers and demonstrates how that crucial influence on Moses Mendelssohn G E Lessing and Heinrich Heine shaped the development of modern critical thought Excommunicated by his Jewish community Spinoza was a controversial figure in his lifetime and for centuries afterward Willi Goetschel shows how Spinoza s philosophy was a direct challenge to the theological and metaphysical assumptions of modern European thought He locates the driving force of this challenge in Spinoza s Jewishness which is deeply inscribed in his philosophy and defines the radical nature of his modernity *Maimonides and the Shaping of the*

Jewish Canon James A. Diamond, 2014-10-27 This book examines a wide range of theologians philosophers and exegetes who share a passionate engagement with Maimonides assaulting adopting subverting or adapting his philosophical and jurisprudential thought This ongoing enterprise is critical to any appreciation of the broader scope of Jewish law philosophy biblical interpretation and Kabbalah

Spinoza in English Wayne I. Boucher, 1991 Spinoza in English is the first bibliography to bring together the entire 325 year record of books monographs dissertations and articles in English on Benedict de Spinoza 1632 1677 including translations of his works into English Well over 2100 citations are presented bringing this record through early 1991 Arranged alphabetically by author or editor and internally cross referenced for ease of use this bibliography also cites its own sources where appropriate and in many cases provides guidance on how to obtain unpublished or out of print titles Additionally it restores or corrects a good deal of earlier bibliographic detail identifies dozens of publications hitherto overlooked and beginning with titles from the mid 1800 s presents the citations in a uniform style

The Making of the Modern Jewish Bible Alan T. Levenson, 2011-08-16 Tracing its history from Moses Mendelssohn to today Alan Levenson explores the factors that shaped what is the modern Jewish Bible and its centrality in Jewish life today The Making of the Modern Jewish Bible explains how Jewish translators commentators and scholars made the Bible a keystone of Jewish life in Germany Israel and America Levenson argues that German Jews created a religious Bible Israeli Jews a national Bible and American Jews an ethnic one In each site scholars wrestled with the demands of the non Jewish environment and their own indigenous traditions trying to balance fidelity and independence from the commentaries of the rabbinic and medieval world

The Discipline of Philosophy and the Invention of Modern Jewish Thought Willi Goetschel, 2015-06-01 Exploring the subject of Jewish philosophy as a controversial construction site of the project of modernity this book examines the implications of the different and often conflicting notions that drive the debate on the question of what Jewish philosophy is or could be The idea of Jewish philosophy begs the question of philosophy as such But Jewish philosophy does not just reflect what philosophy lacks Rather it challenges the project of philosophy itself Examining the thought of Spinoza Moses Mendelssohn Heinrich Heine Hermann Cohen Franz Rosenzweig Martin Buber Margarete Susman Hermann Levin Goldschmidt and others the book highlights how the most philosophic moments of their works are those in which specific concerns of their Jewish questions inform the rethinking of philosophy s disciplinarity in principal terms The long overdue recognition of the modernity that informs the critical trajectories of Jewish philosophers from Spinoza and Mendelssohn to the present emancipates not just Jewish philosophy from an infelicitous pigeonhole these philosophers so pointedly sought to reject but more important emancipates philosophy from its false claims to universalism

Philo of Alexandria Roberto Radice, David T. Runia, 1988 The first author in which the traditions of Judaic thought and Greek philosophy flow together in a significant way is Philo of Alexandria This study presents a detailed and comprehensive examination of Philo s knowledge and utilization of the most popular philosophical work of his day the Timaeus of Plato A

kind of commentary is given on all passages in Philo's oeuvre in which the Timaeus is used or referred to followed by a synthetic account of the influence that it had on Philo's thought *Philosophy and Jewish Thought* Beniamino Fortis, Ellen Rinner, Lars Tittmar, 2024-11-22 The relationship between philosophy and Jewish thought has often been a matter of lively discussion But despite its long tradition and the variety of positions that have been taken in it the debate is far from being closed and keeps meeting new challenges So far research on this topic has mostly been based on historically diachronic references analogies or contacts among philosophers and Jewish thinkers The contributors to this volume however propose another way to advance the debate Rather than adopting a historical approach they consider the intersections of philosophy and Jewish thought from a theoretical perspective **Deleuze and Religion** Mary Bryden, 2002-01-04 Despite the ever expanding body of Deleuzian scholarship single volume has explored the religious dimensions of Deleuze's writing Now Mary Bryden has assembled a team of international scholars to do just that Their essays illustrate the ways in which Deleuzian thought is antithetical to religious debate as well as the ways in which it contributes to those debates This volume will be invaluable for researchers teachers and students of theology philosophy critical theory cultural studies and literary criticism as well as to students of French who read Deleuze's work in its original language **Medieval Scholarship: Philosophy and the arts** Helen Damico, Joseph B. Zavadil, Donald Fennema, Karmen Lenz, 1995 This third volume completes this series It presents original biographical essays on scholars in the fields of art music and philosophy whose work has shaped medieval studies for the past 400 years *International Bibliography Of Jewish Affairs, 1976-1977* Elizabeth E. Eppler, 2019-04-03 This bibliography a project of is intended as an aid to research on and cultural aspects of contemporary ship between Jews and the non Jewish material published in 1976 and 1977 the Institute of Jewish Affairs the historical social political Jewish life and on the relationworld The present volume covers The Bibliography includes primarily nonfiction works published outside Israel by both Jewish and non Jewish authors it excludes belles lettres with the exception of documentary novels and memoirs and religious studies Entries are arranged by subject with cross references wherever applicable a cumulative index of names and a list of periodicals are provided at the end of the volume **Public Theology Perspectives on Religion and Education** Manfred L. Pirner, Johannes Lahnemann, Werner Haussmann, Susanne Schwarz, 2019-01-23 In order to draw out the relationship between publicly oriented Christianity and education this book demonstrates that education is an important method and prerequisite of public theology as well as an urgent object of public theology research's attention Featuring work from diverse academic disciplines including religion education theology philosophy and religious studies this edited collection also contends with the educational challenges that come with the decline of religion on the one hand and its transformation and regained public relevance on the other Taken together the contributions to this volume provide a comprehensive argument for why education deserves systematic attention in the context of public theology discourse and vice versa **Ethics, Exegesis and Philosophy** Richard A. Cohen, 2001-07-02 The reputation and influence of Emmanuel

Levinas 1906-96 has grown powerfully well known in France in his lifetime; he has since his death become widely regarded as a major European moral philosopher profoundly shaped by his Jewish background. A pupil of Husserl and Heidegger, Levinas pioneered new forms of exegesis with his post-modern readings of the Talmud and as an ethicist brought together religious and non-religious Jewish and non-Jewish traditions of contemporary thought. Richard A. Cohen has written a book which uses Levinas's work as its base but goes on to explore broader questions of interpretation in the context of text-based ethical thinking. Levinas's reorientation of philosophy is considered in critical contrast to alternative contemporary approaches such as those found in modern science, psychology, Nietzsche, Freud, Husserl, Heidegger, Sartre, Merleau-Ponty, Derrida, and Ricoeur. Cohen explores a manner of philosophizing which he terms ethical exegesis. *Medieval Scholarship* Helen Helen Damico, 2015-12-22 This is the third of a three-volume set on medieval scholarship that presents original biographical essays on scholars whose work has shaped medieval studies for the past four hundred years. A companion to Volume 1: History and Volume 2: Literature and Philology, Volume 3: Philosophy and the Arts covers the lives of twenty eminent individuals from Victor Cousin (1792-1867) to Georges Chehata Anawati (1905-1994) in Philosophy, from H. J. W. Tillyard (1881-1968) to Gustave Reese (1899-1977) in Music, and from Alois Riegl (1858-1905) to Louis Grodecki (1910-1982) in Art History, whose subjects were the art, music, and philosophical thought of Europe between 500-1500. The scholars of medieval philosophy strove to identify the nexus of philosophical truth, whether they were engaged in the clash of the Christian church and secular republicanism as reflected in the tension between theology and philosophy in addressing the conflicting perceptions of Muslim identity or in defining Jewish philosophical theology in non-Jewish culture. Medieval musicologists who are included as the subjects of the essays pioneered or recontextualized traditional views on the definition of music as subject matter on the relationship between music and philosophical concepts on interpretative distinctions between secular and sacred music, monophony and polyphony, and concepts of form and compositional style. The art historians treated in this volume not only overturn the view of medieval art as an aesthetic decline from classical art but they demonstrate the continual development of form and style inclusive of minor and major arts in textiles, architecture, and architectural sculpture, manuscripts, ivory carvings, and stained glass. The philosophers, musicologists, and art historians who appear in Volume 3 worked in three newly emerging disciplines largely of nineteenth-century origin. In their distinguished and extraordinary output of energy in scholarly and academic arenas, they contributed significantly to the emergence and formation of medieval studies as the prime discipline of historical inquiry into and hence the key to understanding of the human experience. **Jewish Social Studies**, 1963 **Toward a History of Jewish Thought** Zachary Alan Starr, 2020-03-09 The work is a history of Jewish beliefs regarding the concept of the soul, the idea of resurrection, and the nature of the afterlife. The work describes these beliefs, accounts for the origin of these beliefs, discusses the ways in which these beliefs have evolved, and explains why the many changes in belief have occurred. Views about the soul, resurrection, and the afterlife are related to other Jewish views and to broad movements in

Jewish thought and Jewish intellectual history is placed within the context of the history of Western thought in general That history begins with the biblical period and extends to the present time *Religion (Hellenistisches Judentum in römischer Zeit: Philon und Josephus)* Wolfgang Haase,2016-09-26 Keine ausführliche Beschreibung für Religion Hellenistisches Judentum in römischer Zeit Philon und Josephus verfügbar **Genocide, Critical Issues of the Holocaust** Alex Grobman,Daniel Landes,Sybil Milton,1983

This is likewise one of the factors by obtaining the soft documents of this **From Philo To Spinoza Two Studies In Religious Philosophy** by online. You might not require more period to spend to go to the book inauguration as skillfully as search for them. In some cases, you likewise reach not discover the proclamation From Philo To Spinoza Two Studies In Religious Philosophy that you are looking for. It will unquestionably squander the time.

However below, bearing in mind you visit this web page, it will be as a result entirely easy to get as with ease as download lead From Philo To Spinoza Two Studies In Religious Philosophy

It will not consent many time as we notify before. You can accomplish it though feat something else at home and even in your workplace. fittingly easy! So, are you question? Just exercise just what we manage to pay for under as with ease as review **From Philo To Spinoza Two Studies In Religious Philosophy** what you in the manner of to read!
