From The Edge Of Extinction:

Watching, from the Edge of Extinction Beverly Peterson Stearns, Stephen C. Stearns, 2000-01-01 Annotation In this mesmerizing series of interviews with dedicated people who work to save endangered species throughout the world an alarming truth emerges the obstacles of human politics greed corruption folly and hypocrisy can present as much danger to a species survival as biological causes The dramatic lessons of this book shed new light on the problems of declining species and offer hope that we may yet change their fate

On the Edge of Extinction Claire Craig, 2003 Up to 30 species become extinct every day How do animals and plant species disappear from the face of the Earth Find out about those already gone those in danger now and what is being done about it

On the Edge of Extinction Royal Sutton, 2013-12 It was nearly the turn of the century Not only was the century changing but the ways of life were changing Many new inventions were making life easier Electricity was becoming more and more available Travel was becoming more comfortable and convenient The awareness of the plight of the Native American Indians was more widely known The Wounded Knee Massacre was a recent occurrence As more and more people were exposed to the manner in which Indians were treated attitudes changed The Indian population had declined to its lowest ebb at the turn of the century The Trans Mississippi Exposition in Omaha was an opportunity to show off many of the new inventions and to help the rest of the country be aware of the riches West of the Mississippi One Frank A Rinehart the premier photographer in Omaha was appointed the Official Photographer for the Trans Mississippi Expo At the last minute it was decided to bring about 500 Indians to the Expo to show attendees the human side of this misunderstood people Rinehart had the unique opportunity to produce photographic portraits of each of the Native Americans in attendance The Edge of Extinction not only highlights some of those portraits of this handsome race but also gives a view of life in Omaha the commentary of the national press concerning the Trans Mississippi a look at the man who was Rinehart and more so as to help understand this time in the history of the Midwest

The Edge of Extinction Jules Pretty, 2014-12-18 In *The Edge of Extinction* Jules Pretty explores life and change in a dozen environments and cultures across the world taking us on a series of remarkable journeys through deserts coasts mountains steppes snowscapes marshes and farms to show that there are many different ways to live in cooperation with nature From these accounts of people living close to the land and close to the edge emerge a larger story about sustainability and the future of the planet Pretty addresses not only current threats to natural and cultural diversity but also the unsustainability of modern lifestyles typical of industrialized countries In a very real sense Pretty discovers what we manage to preserve now may well save us later Jules Pretty's travels take him among the Maori people along the coasts of the Pacific into the mountains of China and across petroglyph rich deserts of Australia He treks with nomads over the continent wide steppes of Tuva in southern Siberia walks and boats in the wildlife rich inland swamps of southern Africa and experiences the Arctic with ice fishermen in Finland He explores the coasts and inland marshes of eastern England and Northern Ireland and accompanies Innu people across the

taiga's snowy forests and the lakes of the Labrador interior Pretty concludes his global journey immersed in the discrete cultures and landscapes embedded within the American landscape the small farms of the Amish the swamps of the Cajuns in the deep South and the deserts of California The diverse people Pretty meets in *The Edge of Extinction* display deep pride in their relationships with the land and are only willing to join with the modern world on their own terms By the examples they set they offer valuable lessons for anyone seeking to find harmony in a world cracking under the pressures of apparently insatiable consumption patterns of the affluent

From the Edge of Extinction Darryl Stewart, 1979 *Edge of Extinction* Robert Szmidt, 2023-05-03 When the ruthless aliens attack the outer reaches of the Federation Humankind is forced to retreat haphazardly from dozens of conquered systems The only chance to delay the advance of the enemy is to create hundreds of fake colonies If that doesn't work the Fleet will be forced to face the machine in a series of open battles which can lead to its annihilation Politicians however do not care about the consequences Their goal is to preserve power even at the cost of billions of lives The headquarters of the third metasector must meet the requirements of the Council on the one hand and prevent the destruction of the only force that is able to defend Humankind on the other But this war has another human and personal dimension Major Darski must fight to save the colonists that he left on Ulietta
