"From the Fountainhead to the Future" and Other Essays on Art and Excellence Alexandra York, 2000      Philosophers of Capitalism Edward W. Younkins, 2005-11-10 Philosophers of Capitalism provides an interdisciplinary approach attempting to discover the feasibility of an integration of Austrian Economics and Ayn Rand's philosophy of Objectivism. In the first section of the book Edward W. Younkins supplies essays presenting the essential ideas of Carl Menger, Ludwig von Mises, and Ayn Rand. Building upon these essential ideas, the second portion of the book brings together scholarly perspectives from top academics analyzing Menger, von Mises, and Rand. The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society, emphasizing how the errors, omissions, and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others. Featuring a list of recommended reading for the major ideas and theorists discussed, Philosophers of Capitalism is an essential book for both philosophers and economists.      Ayn Rand's Atlas Shrugged Edward W. Younkins, 2016-04-15 Since its publication in 1957, Atlas Shrugged, the philosophical and artistic climax of Ayn Rand's novels, has never been out of print and has received enormous critical attention, becoming one of the most influential books ever published, impacting on a variety of disciplines including philosophy, literature, economics, business, and political science, among others. More than a great novel, Atlas Shrugged is an abstract, conceptual, and symbolic work that expounds a radical philosophy, presenting a view of man and man's relationship to existence and manifesting the essentials of an entire philosophical system: metaphysics, epistemology, politics, and ethics. Celebrating the fiftieth year of Atlas Shrugged's publication, this companion is an exploration of this monumental work of literature. Contributions have been specially commissioned from a diversity of eminent scholars who admire and have been influenced by the book; the included essays analyze the novel's integrating elements of theme, plot, and characterization from many perspectives and from various levels of meaning.      Soul Celebrations and Spiritual Snacks Alexandra York, 2019-11-18 This guidebook on secular spirituality will appeal to both religious and nonreligious people. Basing its premises in values, and everyone has values, it offers broad avenues and private paths to achieve sustained, empowering, exalted, and expanding Soul Celebration experiences, singular for every individual, because each person's value system is exclusively theirs alone.
