

# Alexander The Great Essays

Crafting an essay on the subject of Alexander the Great presents a multifaceted challenge, one that requires a delicate balance of historical analysis, critical thinking, and eloquent expression. The complexity lies not only in the vast array of historical sources and interpretations surrounding Alexander's life and conquests but also in the need to sift through these perspectives to construct a coherent narrative or argument.

To begin with, delving into the life of Alexander demands a deep understanding of the ancient world, including its political landscape, societal norms, and cultural intricacies. One must navigate through the various accounts of his campaigns, from the conquest of the Persian Empire to the exploration of India, carefully considering the biases and agendas of ancient historians like Arrian, Plutarch, and Diodorus Siculus.

Moreover, analyzing Alexander's impact on history requires grappling with complex questions about imperialism, military strategy, and leadership. Was he a visionary genius who forged an empire that shaped the course of civilization, or a ruthless conqueror whose legacy is tainted by bloodshed and tyranny? Wrestling with these debates necessitates engaging with a wide range of secondary sources and scholarly perspectives, from traditional narratives of heroism to revisionist critiques that challenge conventional interpretations.

Additionally, crafting a compelling essay on Alexander entails honing one's writing skills to effectively communicate nuanced arguments and insights. The task involves weaving together evidence from primary sources, synthesizing secondary scholarship, and presenting original analysis in a clear and persuasive manner. This demands not only meticulous research and careful attention to detail but also creativity and rhetorical finesse to captivate the reader's interest and convey the significance of the topic.

In sum, writing an essay on Alexander the Great is no small feat. It requires navigating a vast sea of historical data, engaging with complex debates, and mastering the art of scholarly communication. Yet, for those willing to embark on this intellectual journey, the rewards are boundless, offering a deeper understanding of one of history's most enigmatic figures and the world he helped shape.

## **From The Great Deep Essays On Idylls Of:**

*From the Great Deep; Essays on Idylls of the King.* by Clyde de L. Ryals Clyde de L. Ryals, 1967      **From the Great Deep** Clyde de L. Ryals, 1967 A cycle of twelve narrative poems by the English poet Alfred Lord Tennyson 1809 1892 Poet Laureate from 1850 which retells the legend of King Arthur his knights his love for Guinevere and her tragic betrayal of him and the rise and fall of Arthur's kingdom      *An Essay on Tennyson's Idylls of the King* Albert Hamann, 1887      *Tennysonian Love* Gerhard Joseph, 1969-04-10 Tennysonian Love was first published in 1969 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In the century or so since Alfred Tennyson's poetry reached the height of its popularity and critical acclaim the pendulum of criticism has swung wide in opposite directions From the earlier idolatry to the later ridicule that pendulum has now settled into a position of qualified and selective praise from which a more thoughtful consideration of the poet is possible Consequently as this critical study suggests new values and dimensions are recognizable in his work Professor Joseph concentrating on the theme of love but involving in his argument other facets of Tennyson's achievement demonstrates the thesis that the poet moved as in a strange diagonal This phrase used as the subtitle of the book comes from Tennyson's poem The Princess in which the narrator moved as in a strange diagonal And maybe neither pleased myself nor them As the author shows Tennyson throughout his work moved between a Platonic conception of love in which the highest kind of spiritual love has disencumbered itself of sense and a Neoplatonic Dantesque one in which sense and soul tend to merge In coming to terms with the nineteenth century form of this divided Western heritage the pietism of the evangelical revival on the one hand and the idealized eroticism of his Romantic predecessors on the other Tennyson became the exemplary poet of Victorian love No other Victorian poet Professor Joseph concludes exhibits quite his representative and successful blending of these clashing strains For while moving between the alternate traditions of Western love Tennyson was able to forge a large body of highly disciplined beautifully wrought and far ranging verse      *Masculinity in Four Victorian Epics* Clinton Machann, 2016-05-06 Offering provocative readings of Tennyson's Idylls of the King Barrett Browning's Aurora Leigh Clough's Amours de Voyage and Browning's The Ring and the Book Clinton Machann brings to bear the ideas and methods of literary Darwinism to shed light on the central issue of masculinity in the Victorian epic This critical approach enables Machann to take advantage of important research in evolutionary psychology cognitive science anthropology among other scientific fields and to bring the concept of human nature into his discussions of the poems The importance of the Victorian long poem as a literary genre is reviewed in the introduction followed by transformative close readings of the poems that engage with questions of gender particularly representations of masculinity and the prevalence of male violence Machann contextualizes his reading within the poet's views on social philosophical and religious issues arguing that the impulses drives and tendencies of human nature as well as the historical and cultural context influenced the writing

and thus must inform the interpretation of the Victorian epic      The Role of Memory in the Poetry of Alfred Lord Tennyson  
Violet E Beasley, 2010-09 By analyzing Tennyson's use of memory in his poetry this study shows Tennyson as the abiding experimentalist in the use of the poetic memory through it he presents his diverse themes in a variety of ways Discussed in this book are selections from his earliest volumes and Poems 1842 In Memoriam Maud and Idylls of the King which are chosen not only for their rich illustrative variety in the use of memory but also because they span the whole of his poetic career and therefore attest to his consistent concern with memory      Tennyson And T.S. Eliot: A Comparative Study Rajni Singh, 2005 Alfred Tennyson Tennyson 1809 1892 and Thomas Stearns Eliot 1888 1965 English poets      **Domestic and Heroic in Tennyson's Poetry**

Donald S. Hair, 1981-12-15 Tennyson shared the assumptions of his age concerning the value of family life and treated the domestic as the source of the heroic in both action and character This book provides a critical examination of these major Victorian themes as they appear in Tennyson's poetry and demonstrates how the poet's assumptions illuminate his use of elegy idyl and epyllion and his treatment of romance Professor Hair analyses In Memoriam the English Idylls The Princess and Idylls of the King he examines Tennyson's view of the family as the model of social order a civilizing influence on the nation and a place where the greater man or hero is nurtured and he reveals how much of Tennyson's poetry explores the link between domestic and heroic He also discusses the patterns into which these pervasive domestic concerns fall with emphasis on the most significant separation and reunions The myth of Demeter and Persephone the Biblical story of Ruth and the Sleeping Beauty fairy tale are all versions of Tennyson's treatment of this pattern The English Idylls and other idylls and epyllia are explored as varying combinations of romance satire tragedy comedy and irony with a detailed analysis of The Princess the most complex of these medleys Idylls of the King wherein the fate of Camelot rests on the marriage of Arthur and Guinevere is treated as the fullest exploration of the link between domestic and heroic

**Arthurian Writers** Laura Lambdin, Robert Thomas Lambdin, 2007-11-30 King Arthur is perhaps the central figure of the medieval world and the lore of Camelot has captivated literary imaginations from the Middle Ages to the present Included in this volume are extended entries on more than 30 writers who incorporate Arthurian legend in their works Arranged chronologically the entries trace the pervasive influence of Arthurian lore on world literature across time Entries are written by expert contributors and discuss such writers as Geoffrey of Monmouth Boccaccio Chaucer Mark Twain John Steinbeck and Margaret Atwood Each entry provides biographical information a discussion of the author's use of Arthurian legend and contribution to the Arthurian literary tradition and a bibliography of primary and secondary material The volume begins with an introductory overview and concludes with suggestions for further reading The central figure of the medieval world King Arthur has captivated literary imaginations from the Middle Ages to the present This book includes extended entries on more than 30 writers in the Arthurian tradition Arranged chronologically and written by expert contributors the entries trace the pervasive influence of Arthurian legend from the Middle Ages to the present Each entry provides biographical information a

discussion of the writer's use of Arthurian legend and contribution to the Arthurian literary tradition and a bibliography of primary and secondary material. The volume begins with an introductory overview and closes with a discussion of Arthurian lore in art along with suggestions for further reading. Students will gain a better understanding of the Middle Ages and the lasting significance of the medieval world on contemporary culture. The Grail Dhira B. Mahoney, 2014-06-23 First published in 2000. Routledge is an imprint of Taylor & Francis, an informal company. **Myth and the Making of Modernity** Michael Bell, Peter Poellner, 1998. The contributors to this collection of essays on the literary use of myth in the early twentieth century and its literary and philosophical precedents from romanticism onwards draw on a range of disciplines from anthropology, comparative literature and literary criticism to philosophy and religious studies. The underlying assumption is that modernist myth making does not retreat from modernity but projects a mode of being for the future which the past could serve to define. Modernist myth is not an attempted recovery of an archaic form of life so much as a sophisticated self-conscious equivalent. Far from seeking a return to an earlier romantic valorizing of myth, these essays show how the true interest of early twentieth-century myth making lies in the consciousness, affirmative as well as tragic, of living in a human world which in so far as it must embody value can have no ultimate grounding. Although myth may initially appear to be the archaic counterterm to modernity, it is thus also the paradigm on which modernity has repeatedly reconstructed or come to understand its own life forms. The very term myth, by combining in its modern usage the rival meanings of a grounding narrative and a falsehood, encapsulates a central problem of modernity: how to live given what we know.

**Gardens and Grim Ravines** Pauline Fletcher, 2017-03-14. This book is the first systematic examination of the significance of landscape in Victorian poetry. Pauline Fletcher divides poetic landscapes into two categories: antisocial landscapes of isolation or retreat and social landscapes that reflect the life of man in community. Originally published in 1983, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. Myth and the Making of Modernity, 2022-04-19. The contributors to this collection of essays on the literary use of myth in the early twentieth century and its literary and philosophical precedents from romanticism onwards draw on a range of disciplines from anthropology, comparative literature and literary criticism to philosophy and religious studies. The underlying assumption is that modernist myth making does not retreat from modernity but projects a mode of being for the future which the past could serve to define. Modernist myth is not an attempted recovery of an archaic form of life so much as a sophisticated self-conscious equivalent. Far from seeking a return to an earlier romantic valorizing of myth, these essays show how the true interest of early twentieth-century myth making lies in the

consciousness affirmative as well as tragic of living in a human world which in so far as it must embody value can have no ultimate grounding Although myth may initially appear to be the archaic counterterm to modernity it is thus also the paradigm on which modernity has repeatedly reconstructed or come to understand its own life forms The very term myth by combining in its modern usage the rival meanings of a grounding narrative and a falsehood encapsulates a central problem of modernity how to live given what we know *Browning's Later Poetry, 1871-1889* Clyde de L. Ryals, 2019-06-30 Maintaining that Browning's later work has been underestimated Professor Ryals gives close sophisticated readings of the individual poems covering each of the published volumes from *Balaustion's Adventure through Asolando* He emphasizes the overall structure of a poem and the manner in which themes and ideas are presented The later Browning is portrayed as a poet intent upon discovering forms that would give shape and meaning to thought and experience **The Artistry and**

**Tradition of Tennyson's Battle Poetry** Timothy J. Lovelace, 2004-03-01 Many readers are aware of Alfred Tennyson's treatment of legendary battles in such poems as *Boadicea* *The Revenge* *Battle of Brunanburh* and *Achilles over the Trench* Yet among Tennyson's most neglected works are his first battle poems pieces that reflect the poet's immersion in the literature of the heroic age J Timothy Lovelace argues that Tennyson's war poems reflect image patterns of the *Illiad* and *Aeneid* and reinvigorate the heroic ethos that informs these and other ancient texts Highlighting the heroic aspects of *Maud* and the *Idylls of the King* this book shows that Tennyson's early grounding in the Homeric tradition greatly influenced his later celebrated work on martial subjects **Divining Desire** James W. Hood, 2017-03-02 This study examines Tennyson's

portrayals of the erotic and creative impulses reading the poet's ubiquitous lover artists as tropes that figure the desire for transcending the state of being human a condition of personal fragmentation and limited knowledge Ostensibly seeking to fulfill erotic wishes construct utopias or create grand artistic works Tennyson's characters engage in a fundamentally spiritual quest yearning to divine desire to eternalize the fulfilment of their deepest wishes Freud revealed how Victorians sublimated sexual desire into religious impulse This book demonstrates however the remarkable way in which Tennyson's poems transact the opposing projection transfiguring spiritual desire into erotic art Brilliantly negotiating a middle ground between scientific skepticism and reactionary religiosity his vastly popular poems suggest that fulfilment of the wish too strong for words to name lies in a sacramentality only as means do art and eros allow transport beyond fragmentation At a deep level the poems conclude that language itself brokers transcendence through its very brokenness **Routledge**

**Library Editions: Historiography** Various, 2021-06-23 The greatest problem in historical scholarship theoretically and practically is the relation between historians and their subject matter The past is gone and historians can only study its remnants On what basis do scholars select certain facts from the mass of data left from the past How do they explain the interrelationship of the facts they select What criteria do they use to evaluate their subject The 35 volumes in this set originally published between 1926 and 1990 discuss and answer these essential questions faced by historians The

development of historical understanding during the 18th and 19th centuries was one of the most striking features of Western culture Both historiography and historical thinking advanced as never before The historical movement of the 19th century was perhaps second only to the scientific revolution of the seventeenth century in transforming Western thought One consequence was extensive organisation and professionalization of research which the volumes in this set reflect

**Translation as Transformation in Victorian Poetry** Annmarie Drury, 2015-05-05 Explores how Victorian poetry and translation dynamically influenced one another in an age of empire *History and Community* Florence S. Boos, 2016-04-14 The essays in this volume originally published in 1992 examine some of the pervasive implications of Victorian medievalism and assess its creative manifestations and dual capacities for expression of reformist anger and escapist retreat Some of the emotional and intellectual reasons for the strong Victorian attraction to medieval history and literature are discussed and emblematic responses to this attraction are examined *The Past that Poets Make* Harold E. Toliver, 1981 This analysis of the literary art of recapturing the past as the artist perceives it examines such questions as how a fictional narrative differs from other ways of seeing a past time to what extent literature is nontemporal and to what extent it is tied to the institutions and traditions of its era and how given works conjure up a sense of time

## **From The Great Deep Essays On Idylls Of Book Review: Unveiling the Power of Words**

In a world driven by information and connectivity, the power of words has been evident than ever. They have the capacity to inspire, provoke, and ignite change. Such may be the essence of the book **From The Great Deep Essays On Idylls Of**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word.
