From Play To Art:

From Play to Art George E. Szekely, 1991 George Szekely shares his many records of exciting hours of play in which children discover their own art in their own ways **From Play to Art** George Szekely, 1991 *Play and Creativity in Art Teaching* George Szekely, 2015-03-02 In *Play and Creativity in Art Teaching* esteemed art educator George Szekely draws on his two classic volumes *Encouraging Creativity in Art Lessons* and *From Play to Art* to create a new book for new times The central premise is that art teachers are not only a source of knowledge about art but also a catalyst for creating conditions that encourage students to use their own ideas for making art By observing children at play and using props and situations familiar to them teachers can build on children's energy and self-initiated discoveries to inspire school art that comes from the child's imagination The foundation of this teaching approach is the belief that the essential goal of art teaching is to inspire children to behave like artists that art comes from within themselves and not from the art teacher *Play and Creativity in Art Teaching* offers plans for the study of children's play and for discovering creative art teaching as a way to bring play into the art room While it does not offer a teaching formula or a single set of techniques to be followed it demystifies art and shows how teachers can help children find art in familiar and ordinary places accessible to everyone This book also speaks to parents and the important roles they can play in supporting school art programs and nourishing the creativity of their children *Play and Art in Child Psychotherapy* Ellen G. Levine, 2014-12-21 Through a series of case studies looking at the use of play and the arts in therapeutic work with children and their parents Ellen G. Play and Creativity in Art Teaching George Szekely, 2015 In Play and Creativity in Art Lessons a new book for new times esteemed art educator George Szekely merges into a single work his two classic volumes Encouraging Creativity in Art Lessons 1988 and From Play to Art 1991 The central premise is that art teachers are not only a source of knowledge about art but also a catalyst for creating conditions that encourage students to use their own ideas for making art The foundation of this teaching approach is the belief that the essential goal of art teaching is to inspire children to behave like artists that art comes from within themselves and not from the art teacher The book offer plans for the study of children s play and for discovering creative art teaching as a way to bring play into the art room While it does not offer a teaching formula or a single set of techniques to be followed it demystifies art and shows how teachers can help children find art in familiar and ordinary places accessible to everyone

The Art of Play Anna Beresin, 2013-12 What can the art of play teach us about the art of play Showcasing the paintings of more than one hundred Philadelphia public elementary school children folklorist Anna Beresin s innovative book The Art of Play presents images and stories that illustrate what children do at recess and how it makes them feel Beresin provides a nuanced child centered discussion of the intersections of play art and learning She describes a widespread institutionalized fear of play and expressive art and the transformative power of simple materials like chalk and paint Featuring more than 150 paintings and a dozen surreal photographs of masked children enjoying recess The Art of Play weaves together the diverse voices of kids and working artists with play scholarship This book emerged from Recess Access a service learning project that donated chalk ropes balls and hoops to nine schools in different sections of Philadelphia A portion of the proceeds of The Art of Play will support recess advocacy
